PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Trustees (the "Board," the members of which are referred to as "Trustees") of the Ellsworth Growth and Income Fund Ltd., a Delaware statutory trust (the "Fund"), for use at the Annual Meeting of Shareholders of the Fund to be held on Monday, May 15, 2017, at 8:30 a.m., local time, at The Cole Auditorium, The Greenwich Library, 101 West Putnam Avenue, Greenwich, Connecticut 06830 (the "Meeting"), and at any adjournments or postponements thereof. Proxy Materials will first be mailed to shareholders on or about April 5, 2017.

In addition to the solicitation of proxies by mail, officers of the Fund and officers and regular employees of American Stock Transfer & Trust Company ("AST"), the Fund's transfer agent, and affiliates of AST or other representatives of the Fund also may solicit proxies by telephone, Internet, or in person. In addition, the Fund has retained Morrow Sodali LLC to assist in the solicitation of proxies with respect to Proposal 1 for an estimated fee of \$1,000 plus reimbursement of expenses. The Fund will pay the costs of the proxy solicitation and the expenses incurred in connection with preparing, printing, and mailing the Proxy Statement and its enclosures. If requested, the Fund will also reimburse brokerage firms and others for their expenses in forwarding solicitation materials to the beneficial owners of its shares.

The Fund's most recent annual report, including audited financial statements for the fiscal year ended September 30, 2016, is available upon request, without charge, by writing to the Secretary of the Fund, One Corporate Center, Rye, New York 10580-1422, calling the Fund at 800-422-3554, or via the Internet at www.gabelli.com.

The Lead Independent Trustee presides over executive sessions of the Trustees and also serves between meetings of the Board as a liaison with service providers, officers, counsel, and other Trustees on a wide variety of matters including scheduling agenda items for Board meetings. Designation as such does not impose on the Lead Independent Trustee any obligations or standards greater than or different from other Trustees. The Board has established a Nominating Committee and an Audit Committee to assist the Board in the oversight of the management and affairs of the Fund. The Board also has an *ad hoc* Proxy Voting Committee that exercises voting and investment responsibilities on behalf of the Fund in selected situations. From time to time, the Board establishes additional committees or informal working groups, such as an *ad hoc* Pricing Committee related to securities offerings by the Fund, to address specific matters, or assigns one of its members to work with trustees or directors of other funds in the Fund Complex on special committees or working groups that address fund complex-wide matters, such as the multi-fund *ad hoc* Compensation Committee relating to the compensation of the Chief Compliance Officer for all the funds in the Fund Complex, and a separate multi-fund *ad hoc* Compensation Committee relating to compensation of certain other officers of the closed-end funds in the Fund Complex.

All of the Fund’s Trustees, other than Messrs. Mario J. Gabelli and James A. Dinsmore, are Independent Trustees, and the Board believes it is able to provide effective oversight of the Fund’s service providers. In addition to providing feedback and direction during Board meetings, the Independent Trustees meet regularly in executive session and chair all committees of the Board.

The Fund’s operations entail a variety of risks, including investment, administration, valuation, and a range of compliance matters. Although the Adviser, the sub-administrator, and the officers of the Fund are responsible for managing these risks on a day to day basis within the framework of their established risk management functions, the Board also addresses risk management of the Fund through its meetings and those of the committees and working groups. As part of its general oversight, the Board reviews with the Adviser at Board meetings the levels and types of risks being undertaken by the Fund, and the Audit Committee discusses the Fund’s risk management and controls with the independent registered public accounting firm engaged by the Fund. The Board reviews valuation policies and procedures and the valuations of specific illiquid securities. The Board also receives periodic reports from the

Fund’s Chief Compliance Officer regarding compliance matters relating to the Fund and its major service providers, including results of the implementation and testing of the Fund’s and such providers’ compliance programs. The Board’s oversight function is facilitated by management reporting processes that are designed to provide visibility to the Board regarding the identification, assessment, and management of critical risks, and the controls and policies and procedures used to mitigate those risks. The Board reviews its role in supervising the Fund’s risk management from time to time and may make changes at its discretion at any time.

The Board has determined that its leadership structure is appropriate for the Fund because it enables the Board to exercise informed and independent judgment over matters under its purview, allocates responsibility among committees in a manner that fosters effective oversight, and allows the Board to devote appropriate resources to specific issues in a flexible manner as they arise. The Board periodically reviews its leadership structure as well as its overall structure, composition, and functioning, and may make changes at its discretion at any time.

The Fund pays each Independent Trustee an annual retainer of \$8,500 plus \$1,000 for each Board meeting attended. Each Independent Trustee is reimbursed by the Fund for any out of pocket expenses incurred in attending meetings. All Board committee members receive \$500 per meeting attended. In addition, the Audit Committee Chairman receives an annual fee of \$2,000, the Nominating Committee Chairman receives an annual fee of \$2,000, and the Lead Independent Trustee receives an annual fee of \$1,000. A Trustee may receive a single meeting fee, allocated among the participating funds, for participation in certain meetings on behalf of multiple funds. The aggregate remuneration (excluding out of pocket expenses) paid by the Fund to such Trustees during the fiscal year ended September 30, 2016 amounted to \$122,000. During the fiscal year ended September 30, 2016, the Trustees of the Fund met four times, all of which were regular Board meetings. Each Trustee then serving in such capacity attended at least 75% of the meetings of Trustees and of any Committee of which he is a member.

The Audit Committee and Audit Committee Report

The role of the Fund's Audit Committee is to assist the Board of Trustees in its oversight of (i) the quality and integrity of the Fund's financial statement reporting process and the independent audit and reviews thereof; (ii) the Fund's accounting and financial reporting policies and practices, its internal controls, and, as appropriate, the internal controls of certain of its service providers; (iii) the Fund's compliance with legal and regulatory requirements; and (iv) the independent registered public accounting firm's qualifications, independence, and performance. The Audit Committee also is required to prepare an audit committee report pursuant to the rules of the Securities and Exchange Commission (the "SEC") for inclusion in the Fund's annual proxy statement. The Audit Committee operates pursuant to the Audit Committee Charter (the "Audit Charter") that was most recently reviewed and approved by the Board of Trustees on November 17, 2016. The Audit Charter is available in the Closed-End Funds – Corporate Governance Section on the Fund's website at www.gabelli.com.

Pursuant to the Audit Charter, the Audit Committee is responsible for conferring with the Fund's independent registered public accounting firm, reviewing annual financial statements, approving the selection of the Fund's independent registered public accounting firm, and overseeing the Fund's internal controls. The Audit Charter also contains provisions relating to the pre-approval by the Audit Committee of audit and non-audit services to be provided by Tait Weller & Baker LLP ("Tait Weller"), the Fund's independent registered public accounting firm for the fiscal year ending September 30, 2017, to the Fund and to the Adviser and certain of its affiliates. The Audit Committee advises the full Board with respect to accounting, auditing, and financial matters affecting the Fund. As set forth in the Audit Charter, management is responsible for maintaining appropriate systems for accounting and internal control, and the Fund's independent registered public accounting firm is responsible for planning and carrying out proper audits and reviews. The independent registered public accounting firm is ultimately accountable to the Board of Trustees and to the Audit Committee, as representatives of shareholders. The independent registered public accounting firm for the Fund reports directly to the Audit Committee.

In performing its oversight function, at a meeting held on November 17, 2016, the Audit Committee reviewed and discussed with management of the Fund and Tait Weller the audited financial statements of the Fund as of and for the fiscal year ended September 30, 2016, and the conduct of the audit of such financial statements.

In addition, the Audit Committee discussed with Tait Weller the accounting principles applied by the Fund and such other matters brought to the attention of the Audit Committee by Tait Weller as required by Auditing Standard No. 16, as amended (AICPA AU-C Section 260), as adopted by the Public Company Accounting Oversight Board (United States) ("PCAOB"). The Audit Committee also received from Tait Weller the written disclosures and statements required by the SEC's independence rules, delineating relationships between Tait Weller and the Fund, and discussed the impact that any such relationships might have on the objectivity and independence of Tait Weller as the independent registered public accounting firm.

As set forth above, and as more fully set forth in the Audit Charter, the Audit Committee has significant duties and powers in its oversight role with respect to the Fund's financial reporting procedures, internal control systems, and the independent audit process.

The members of the Audit Committee are not, and do not represent themselves to be, professionally engaged in the practice of auditing or accounting and are not employed by the Fund for accounting, financial management, or internal control purposes. Moreover, the Audit Committee relies on and makes no independent verification of the facts presented to it or representations made by management or the Fund's independent registered public accounting

firm. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and/or financial reporting principles and policies, or internal controls and procedures, designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not provide assurance that the audit of the Fund's financial statements has been carried out in accordance with the standards of the PCAOB or that the financial statements are presented in accordance with generally accepted accounting principles (United States).

Based on its consideration of the audited financial statements and the discussions referred to above with management and Tait Weller, and subject to the limitations on the responsibilities and role of the Audit Committee set forth in the Audit Charter and those discussed above, the Audit Committee recommended to the Fund's Board of Trustees that the Fund's audited financial statements be included in the Fund's Annual Report for the fiscal year ended September 30, 2016.

Submitted by the Audit Committee of the Fund's Board of Trustees

Kinchen C. Bizzell

Kuni Nakamura

November 17, 2016

The Audit Committee met two times during the fiscal year ended September 30, 2016. The Audit Committee is composed of four of the Fund's Independent Trustees, Messrs. Harding (Chairman), Bizzell, and Nakamura, and Dr. Bogan. The Fund has certified that each member of the Audit Committee is able to read and understand fundamental financial statements, including those of the Fund. Mr. Harding has been designated as the Fund's audit committee financial expert, as defined in Items 407(d)(5)(ii) and (iii) of Regulation S-K (the "Audit Committee Financial Expert").

Nominating Committee

The Board of Trustees has a Nominating Committee composed of three of the Fund's Independent Trustees, Messrs. Melarkey (Chairman), Fahrenkopf, Jr., and Platt. Each Nominating Committee Member is an Independent Trustee as determined under guidelines of the NYSE. The Nominating Committee met once during the fiscal year ended September 30, 2016. The Nominating Committee is responsible for identifying and recommending qualified candidates to the Board in the event that a position is vacated or created. In considering candidates submitted by shareholders, the Nominating Committee will take into consideration the needs of the Board, the qualifications of the candidate, and the interests of shareholders.

The Nominating Committee believes that the minimum qualifications for serving as a Trustee of the Fund are that the individual demonstrate, by significant accomplishment in his or her field, an ability to make a meaningful contribution to the Board of Trustees' oversight of the business and affairs of the Fund and have an impeccable record and reputation for honest and ethical conduct in both his or her professional and personal activities. In addition, the Nominating Committee examines a candidate's specific experiences and skills, time availability in light of other commitments, potential conflicts of interest, and independence from management and the Fund. The Fund has adopted specific Trustee qualification requirements that can be found in the Fund's By-Laws and are applicable to all individuals who may be nominated, elected, appointed, qualified or seated to serve as Trustees. The qualification requirements include: (i) age limits (at least 21 years of age and such maximum age as the Trustees may in the future determine); (ii) prohibitions regarding any legal disability; (iii) limits on service on other boards; (iv) restrictions on relationships with investment advisers other than the Fund's adviser; and (v) character and fitness requirements. Additionally, each Independent Trustee must not be an "interested person" of the Fund as defined under Section 2(a)(19) of the 1940 Act and may not be or have certain relationships with a shareholder beneficially owning five percent or more of the Fund's outstanding shares or specified levels of interest in registered investment companies. The Fund's By-Laws also provide that a majority of the Trustees then in office may determine by resolution that a failure to satisfy a particular qualification requirement will not present undue conflicts or impede the ability of the candidate to discharge the duties of a Trustee or the free flow of information among Trustees or between the Fund's adviser and the Board. Reference is made to the Fund's By-Laws for more details.

The Nominating Committee also considers the overall composition of the Board, bearing in mind the benefits that may be derived from having members who have a variety of experiences, qualifications, attributes, or skills useful in overseeing a publicly-traded, highly-regulated entity such as the Fund. The Nominating Committee does not have a formal policy regarding the consideration of diversity in identifying trustee candidates. For a discussion of experiences, qualifications, attributes or skills supporting the appropriateness of each Trustee's service on the Fund's Board, see the biographical information of the Trustees above in the section entitled "Information About Trustees and Officers."

The Board of Trustees adopted a Nominating Committee Charter on November 18, 2015. The charter is available in the Closed-End Funds – Corporate Governance Section on the Fund's website at www.gabelli.com.

Other Board Related Matters

The Board of Trustees has established the following procedures in order to facilitate communications among the Board and the shareholders of the Fund and other interested parties.

Receipt of Communications

Shareholders and other interested parties may contact the Board or any member of the Board by mail or electronically. To communicate with the Board or any member of the Board, correspondence should be addressed to the Board or the Board member(s) with whom you wish to communicate either by name or title. All such correspondence should be sent to Ellsworth Growth and Income Fund Ltd., c/o Gabelli Funds, LLC, One Corporate Center, Rye, NY 10580-1422. To communicate with the Board electronically, shareholders may go to the corporate website at www.gabelli.com under the heading "Contact Us/Email addresses/Board of Directors (Gabelli Closed-End Funds)."

Forwarding the Communications

All communications received will be opened by the office of the General Counsel of the Adviser for the sole purpose of determining whether the contents represent a message to one or more Trustees. The office of the General Counsel will forward promptly to the addressee(s) any contents that relate to the Fund and that are not in the nature of advertising, promotions of a product or service, or patently offensive or otherwise objectionable material. In the case of communications to the Board of Trustees or any committee or group of members of the Board, the General Counsel's office will make sufficient copies of the contents to send to each Trustee who is a member of the group or committee to which the envelope or e-mail is addressed.

The Fund does not expect Trustees or nominees for election as Trustee to attend the Meeting. No Trustee or nominee for election as Trustee attended the Fund's annual meeting of shareholders held on May 9, 2016.

The following table sets forth certain information regarding the compensation of the Trustees and officers, if any, who were compensated by the Fund rather than the Adviser, for the fiscal year ended September 30, 2016 and by the Fund Complex for the calendar year ended December 31, 2016.

The number in parentheses represents the number of such investment companies and portfolios.

Required Vote

The election of each of the listed nominees for Trustee of the Fund requires the affirmative vote of the holders of a plurality of the Common Shares of the Fund present in person or represented by proxy at the Meeting if a quorum is present. A "plurality" vote means that the nominees who receive the largest number of votes cast (even if they receive less than a majority) will be elected as trustees. Since the nominees are running unopposed, each nominee only needs one vote to be elected if there is a quorum present at the Meeting.

THE BOARD OF TRUSTEES, INCLUDING THE INDEPENDENT TRUSTEES, UNANIMOUSLY RECOMMENDS THAT THE COMMON SHAREHOLDERS VOTE "FOR" THE ELECTION OF EACH NOMINEE.

**PROPOSAL 2: TO REVISE THE FUNDAMENTAL
INVESTMENT RESTRICTION REGARDING
BORROWING MONEY AND ISSUING SENIOR SECURITIES**

The Proposal

Pursuant to the 1940 Act, the Fund has adopted fundamental restrictions covering certain types of investment practices, which may be changed only with shareholder approval. Investment restrictions that the Fund has not specifically designated as being “fundamental” are considered to be “non-fundamental” and may be changed by the Board without shareholder approval.

The Fund’s existing fundamental restriction regarding borrowing money and issuing senior securities is as follows:

The Fund will not borrow money or issue senior securities (as defined in the 1940 Act), except that the Fund may borrow from banks for temporary or emergency purposes in amounts not exceeding 5% of the value of its total assets (not including the amount borrowed). Subject to this limitation the Fund may borrow for the purpose of financing repurchases of its shares.

The Board recommends that common shareholders of the Fund approve modernizing the Fund’s fundamental investment restrictions by approving a revision to the Fund’s fundamental investment restriction regarding borrowing money or issuing senior securities. If common shareholders approve Proposal 2, the Board intends to revise the foregoing fundamental investment restriction of the Fund to read as follows:

The Fund may not borrow money or issue senior securities to the extent such borrowing or issuance would violate the 1940 Act.

The effect of approving Proposal 2 would be to permit the Fund to borrow money or issue senior securities to the maximum extent permitted by the 1940 Act. If Proposal 2 is not approved by the Fund’s common shareholders, the existing fundamental investment restriction of the Fund regarding borrowing money and issuing senior securities will remain in effect for the Fund.

Reasons for the Proposed Change to the Fund’s Fundamental Investment Restrictions

At a meeting held on November 17, 2016, the Board reviewed the Fund’s fundamental investment restriction regarding borrowing money and issuing senior securities and determined that it is more restrictive than the 1940 Act requires and that this restrictiveness limits the Fund’s ability to take advantage of favorable market conditions to leverage the Fund’s capital structure in an effort to benefit common shareholders. The Board therefore believes that it is in the best interests of the Fund’s common shareholders for the Fund to have the flexibility to implement a leveraged capital structure through borrowing money or issuing senior securities. Accordingly, the Board voted to recommend to the Fund’s common shareholders that this fundamental investment restriction limiting the Fund’s ability to borrow money or issue senior securities be revised. If the Fund’s common shareholders approve revising of this fundamental investment restriction, the Board intends to adopt for the Fund a fundamental investment restriction that allows the Fund flexibility to borrow money and issue senior securities to the maximum extent permitted by the 1940 Act.

The 1940 Act establishes limits on the ability of the Fund to borrow money and issue senior securities. With respect to borrowing money, the 1940 Act allows the Fund to borrow in an amount up to 33⅓% of its total assets (including amounts borrowed) less liabilities (other than borrowings). With respect to issuing senior securities, the 1940 Act requires that, if the Fund issues or sells any senior securities, immediately after such issuance or sale the Fund must have an asset coverage ratio (as defined in the 1940 Act) of at least 300% with respect to senior securities representing indebtedness (i.e., for every dollar of debt outstanding, the Fund is required to have at least three dollars of assets) and 200% with respect to senior securities representing preferred stock (i.e., for every dollar in liquidation preference of preferred stock outstanding, the Fund is required to have at least two dollars of assets). The 1940 Act also provides that the Fund may not declare dividends or other distributions on, or purchase its stock (including through tender offers), if immediately after doing so it will have an asset coverage ratio of less than 300% or 200%, as applicable, after deducting the amount of such dividend, distribution or purchase price (except that dividends may be declared on preferred shares if the Fund’s indebtedness has an asset coverage of 200% after deducting the amount of such dividend).

With respect to senior securities representing indebtedness, only the 300% asset coverage requirement at the time of issuance applies if the indebtedness is a promissory note or other evidence of indebtedness issued in consideration of any loan, extension, or renewal thereof, made by a bank or other person and privately arranged, and not intended to be publicly distributed (“Private Borrowings”) (hence, the limit with respect to “borrowing money” stated above); however, Private Borrowings may result in the Fund being subject to covenants in credit agreements that are similar to these other 1940 Act requirements. Additionally, the 1940 Act would only permit the Fund to issue one class of debt and one class of preferred equity; however, the Fund would be able to issue multiple series of debt or preferred equity so long as no such series has a preference or priority over any other series upon the distribution of assets of the Fund or in respect of the payment of interest or dividends. Under the 1940 Act, certain short-term borrowings (such as for cash management purposes) are not subject to these limitations if (i) repaid within 60 days, (ii) not extended or renewed, and (iii) not in excess of 5% of the total assets of the Fund (“Temporary Borrowings”).

In addition, under the 1940 Act, certain types of transactions entered into by an investment company, including reverse repurchase agreements, short sales, when-issued and delayed delivery transactions and most derivative transactions (such as swaps, options, futures, forwards and other interest rate and currency transactions) may be considered forms of indebtedness for purposes of the 1940 Act and, therefore, may be considered to be “senior securities” under the 1940 Act. Currently, however, these transactions are permissible under the 1940 Act, and not considered to be “senior securities,” so long as certain earmarking, asset segregation or coverage requirements are met with respect to such transactions. To the extent that an investment company’s obligations under such transactions are not so earmarked, segregated or covered, such obligations may be considered “senior securities representing indebtedness” under the 1940 Act and therefore subject to the 300% asset coverage requirement.

The Fund’s existing fundamental investment restriction regarding borrowing money and issuing senior securities provides the Fund with less flexibility to manage its capital structure than the 1940 Act permits for a closed-end fund. It prohibits the Fund from borrowing money or issuing senior securities, except in connection with temporary or emergency borrowings, as described above. In contrast, the proposed revisions to this fundamental investment restriction would allow the Fund to borrow money or issue senior securities to the maximum extent permitted under the 1940 Act, as described above. These revisions would align the Fund’s flexibility to borrow money and issue senior securities with that of most other closed-end funds. Accordingly, the Fund will have the ability to implement a leveraged capital structure to achieve its investment objective if Proposal 2 is approved; the Fund lacks this ability under its existing fundamental investment restriction and if Proposal 2 is not approved it will continue to lack the ability to implement a leveraged capital structure. If Proposal 2 is approved, the Fund’s use of leverage may increase or decrease from time to time in its discretion, and the Fund could determine not to use leverage at all.

Risks Associated with the Proposal

To the extent that the Fund decides to borrow money or issue senior securities for leveraging in the future, the Fund would be subject to the special risks associated with leverage. Changes in the value of the Fund’s portfolio, including securities bought with the proceeds of leverage, will be borne entirely by the holders of common shares. If there is a net decrease or increase in the value of the Fund’s investment portfolio, leverage will decrease or increase, as the case may be, the net asset value (“NAV”) per common share to a greater extent than if the Fund did not utilize leverage. A reduction in the Fund’s NAV may cause a reduction in the market price of its common shares. During periods in which the Fund is using leverage, the fees paid to the Adviser will be higher than if the Fund did not use leverage, because the advisory fees paid are calculated as fixed percentages of the Fund’s net assets, which include the proceeds from certain types of leverage pursuant to the terms of the Fund’s investment advisory agreement with the Adviser. Further, if the Fund is unable to maintain any applicable required asset coverage ratio, it could be required to deleverage and sell a portion of its investments at a time when it might be disadvantageous to do so. The Fund’s use of leverage may require it to sell portfolio investments at inopportune times in order to raise cash to redeem preferred shares or otherwise de-leverage so as to maintain required asset coverage amounts or comply with the mandatory redemption terms of any outstanding preferred shares. In addition, the Fund will incur interest expense in borrowing money, or dividend expenses in connection with the issuance of preferred shares, which may or may not be outweighed by the income and capital gains derived from the securities purchased with the borrowed funds or proceeds from the preferred share issuance.

Certain types of leverage may also result in the Fund being subject to covenants relating to asset coverage and portfolio composition requirements that restrict its operations. The Fund may be subject to certain restrictions on

investments imposed by one or more lenders or by guidelines of one or more rating agencies, which may issue ratings for any senior securities issued by the Fund. These guidelines may impose asset coverage or portfolio composition requirements that are more stringent than those imposed by the 1940 Act. In addition, to the extent the Fund borrows money or issues preferred shares, the rights of lenders in those borrowing transactions, or the holders of the preferred shares, will be senior to the rights of holders of the Fund's common shares.

In addition, pursuant to the requirements of the 1940 Act, the holders of any preferred shares, voting separately as a single class, will have the right (subject to the rights of debtholders) to elect two members of the Board at all times and in the event dividends become two full years in arrears would have the right to elect a majority of the Trustees until such arrearage is completely eliminated. In addition, pursuant to the requirements of the 1940 Act, preferred shareholders would have class voting rights on certain matters, including changes in fundamental investment restrictions and conversion of the Fund to open-end status, and accordingly would be able to veto any such changes.

With respect to senior securities representing indebtedness, the 1940 Act also requires that provision is made either (i) that, if on the last business day of each of twelve consecutive calendar months such indebtedness shall have an asset coverage of less than 100%, the holders of such indebtedness voting as a class shall be entitled to elect at least a majority of the Fund's Trustees, such voting right to continue until such indebtedness shall have an asset coverage of 110% or more on the last business day of each of three consecutive calendar months, or (ii) that, if on the last business day of each of twenty-four consecutive calendar months such indebtedness shall have an asset coverage of less than 100%, an event of default shall be deemed to have occurred. It is expected that, with respect to senior securities representing indebtedness, provision will be made that, if on the last business day of each of twenty-four consecutive calendar months such indebtedness shall have an asset coverage of less than 100%, an event of default shall be deemed to have occurred. The foregoing provisions do not apply to Private Borrowings or Temporary Borrowings; however Private Borrowings and Temporary Borrowings may result in the Fund being subject to covenants in credit agreements that are similar to these 1940 Act requirements and the following expectations upon the occurrence and continuance of an event of default. Upon the occurrence and continuance of an event of default, it is expected that the holders of a majority in principal amount of a series of outstanding debt or the indenture trustee with respect to such debt will be able to declare the principal amount of that series of indebtedness immediately due and payable upon written notice to the Fund. Additionally, upon the occurrence and continuance of an event of default, it is expected that the Fund would be restricted from declaring dividends and making other distributions with respect to common shares and preferred shares.

To the extent the Fund utilizes leverage and, as a result, is unable to make common or preferred share distributions, such inability to make distributions could impact the ability of the Fund to qualify for pass-through tax treatment as a "regulated investment company" under Subchapter M of the Internal Revenue Code of 1986, as amended.

While the Board believes that the potential benefits to common shareholders of using leverage in the form of the potential for increased returns during favorable market environments, together with active monitoring and management of any such outstanding leverage, outweighs the risks to common shareholders associated with leverage, there can be no assurance that any leveraging strategy the Fund pursues will be successful or not ultimately have an adverse impact on common shareholders.

Required Vote

Approval of Proposal 2 requires the affirmative vote of a "majority of the outstanding voting securities," defined in the 1940 Act to mean the lesser of the vote of (i) 67% or more of the voting shares present at the Meeting, if the holders of more than 50% of the outstanding voting shares are present or represented by proxy; or (ii) the holders of more than 50% of the outstanding voting shares of the Fund. Abstentions and broker non-votes are counted as present but are not considered votes cast. As a result, they have the same effect as a vote against Proposal 2. WE DO NOT EXPECT THAT BROKERS WILL BE ENTITLED TO VOTE ON PROPOSAL 2 UNLESS THEY RECEIVE INSTRUCTIONS FROM UNDERLYING BENEFICIAL OWNERS.

THE BOARD OF TRUSTEES UNANIMOUSLY RECOMMENDS THAT THE COMMON SHAREHOLDERS VOTE "FOR" THE REVISION OF THE FUND'S FUNDAMENTAL INVESTMENT RESTRICTION REGARDING BORROWING MONEY AND ISSUING SENIOR SECURITIES.

ADDITIONAL INFORMATION

Independent Registered Public Accounting Firm

Tait Weller, 1818 Market Street, Suite 2400, Philadelphia, PA 19103, has been selected to serve as the Fund's independent registered public accounting firm for the fiscal year ending September 30, 2017. Tait Weller acted as the Fund's independent registered public accounting firm for the fiscal year ended September 30, 2016. The Fund knows of no direct financial or material indirect financial interest of Tait Weller in the Fund. A representative of Tait Weller will not be present at the Meeting, but will be available by telephone and will have an opportunity to make a statement, if asked, and will be available to respond to appropriate questions.

Set forth in the table below are audit fees and non-audit related fees billed to the Fund by Tait Weller for professional services received during and for the fiscal years ended September 30, 2015 and 2016, respectively.

<u>Fiscal Year Ended</u> <u>September 30</u>	<u>Audit Fees</u>	<u>Audit</u> <u>Related Fees</u>	<u>Tax Fees*</u>	<u>All Other Fees</u>
2015	\$40,000	—	\$3,700	—
2016	\$40,000	—	\$3,700	—

* "Tax Fees" are those fees billed by Tait Weller in connection with tax compliance services, including primarily the review of the Fund's income tax returns.

The Fund's Audit Charter requires that the Audit Committee pre-approve all audit and non-audit services to be provided by the independent registered public accounting firm to the Fund, and all non-audit services to be provided by the independent registered public accounting firm to the Fund's Adviser and service providers controlling, controlled by, or under common control with the Fund's Adviser ("affiliates") that provide ongoing services to the Fund (a "Covered Services Provider"), if the engagement relates directly to the operations and financial reporting of the Fund. The Audit Committee may delegate its responsibility to pre-approve any such audit and permissible non-audit services to the Chairman of the Audit Committee, and the Chairman must report his decision(s) to the Audit Committee, at its next regularly scheduled meeting after the Chairman's pre-approval of such services. The Audit Committee may also establish detailed pre-approval policies and procedures for pre-approval of such services in accordance with applicable laws, including the delegation of some or all of the Audit Committee's pre-approval responsibilities to other persons (other than the Adviser or the Fund's officers). Pre-approval by the Audit Committee of any permissible non-audit services is not required so long as: (i) the aggregate amount of all such permissible non-audit services provided to the Fund, the Adviser, and any Covered Services Provider constitutes not more than 5% of the total amount of revenues paid by the Fund to its independent registered public accounting firm during the year in which the permissible non-audit services are provided; (ii) the permissible non-audit services were not recognized by the Fund at the time of the engagement to be non-audit services; and (iii) such services are promptly brought to the attention of the Audit Committee and approved by the Audit Committee or the Chairman prior to the completion of the audit. All of the audit, audit related, and tax services described above for which Tait Weller billed the Fund fees for the fiscal years ended September 30, 2015 and September 30, 2016 were pre-approved by the Audit Committee.

For the fiscal years ended September 30, 2015 and 2016, Tait Weller has represented to the Fund that it did not provide any non-audit services (or bill any fees for such services) to the Adviser or any Covered Services Provider.

The Audit Committee was not required to consider whether the provision of non-audit services that were rendered to the Adviser or Covered Service Providers that were not pre-approved was compatible with maintaining Tait Weller's independence.

The Investment Adviser and Administrator

Gabelli Funds, LLC is the Fund's Adviser and Administrator and its business address is One Corporate Center, Rye, New York 10580-1422.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the 1934 Act and Section 30(h) of the 1940 Act, and the rules thereunder, require the Fund's executive officers and Trustees, executive officers and directors of the Adviser, certain other affiliated persons of the Adviser, and persons who own more than 10% of a registered class of the Fund's securities to file reports of

ownership and changes in ownership with the SEC and the NYSE and to furnish the Fund with copies of all Section 16(a) forms they file. Based solely on the Fund's review of the copies of such forms it received, if any, for the fiscal year ended September 30, 2016, the Fund believes that during that year such persons complied with all such applicable filing requirements, with the exception of Mr. Melarkey who had one late Form 4 filing after the reporting period.

Broker Non-Votes and Abstentions

For purposes of determining the presence of a quorum for transacting business at the Meeting, abstentions (or "withheld votes" with respect to the election of Trustees) and broker "non-votes" (that is, proxies from brokers or nominees indicating that such persons have not received instructions from the beneficial owner or other persons entitled to vote shares on a particular matter with respect to which the brokers or nominees do not have discretionary power) will be treated as shares that are present but that have not been voted. Accordingly, shareholders are urged to forward their voting instructions promptly.

Because the Fund requires a plurality of votes to elect each nominee for Trustee, abstentions and broker non-votes, if any, will not be counted as votes cast, but will have no effect on the result of the vote on Proposal 1. In contrast, because the revision of a fundamental investment restriction requires the affirmative vote of a majority of the outstanding voting shares or of a specified percentage of the outstanding voting shares entitled to vote on Proposal 2, abstentions and broker non-votes, if any, will have the effect of a vote "against" Proposal 2. Abstentions and any broker non-votes, however, will be considered to be present at the Meeting for purposes of determining the existence of a quorum.

Brokers holding shares of the Fund in "street name" for the benefit of their customers and clients will request the instructions of such customers and clients on how to vote their shares on Proposal 1 and Proposal 2 before the Meeting. Under the rules of the NYSE, such brokers may, for certain "routine" matters, grant discretionary authority to the proxies designated by the Board to vote if no instructions have been received from their customers and clients prior to the date specified in the brokers' request for voting instructions. Proposal 1 is a "routine" matter and accordingly beneficial owners who do not provide proxy instructions or who do not return a proxy card may have their shares voted by broker-dealer firms in favor of Proposal 1. Because Proposal 2 is considered non-routine, we do not expect that brokers will be able to vote on Proposal 2 if they have not received instructions from the underlying beneficial owner of the shares, and the shares will be considered broker non-votes in that event. A properly executed proxy card or other authorization by a beneficial owner of shares that does not specify how the beneficial owner's shares should be voted on Proposal 1 or Proposal 2 may be deemed an instruction to vote such shares in favor of the proposal.

Shareholders of the Fund will be informed of the voting results of the Meeting in the Fund's Semiannual Report for the six months ended March 31, 2017.

"Householding"

Please note that only one document (i.e., an annual or semiannual report or set of proxy soliciting materials) may be delivered to two or more shareholders of the Fund who share an address, unless the Fund has received instructions to the contrary. To request a separate copy of a document, or for instructions regarding how to request a separate copy of these documents or regarding how to request a single copy if multiple copies of these documents are received, shareholders should contact the Fund at the address and phone number set forth above.

OTHER MATTERS TO COME BEFORE THE MEETING

The Trustees of the Fund do not intend to present any other business at the Meeting, nor are they aware that any shareholder intends to do so. If, however, any other matters, including adjournments, are properly brought before the Meeting, the persons named in the accompanying proxy will vote thereon in accordance with their judgment.

SHAREHOLDER NOMINATIONS AND PROPOSALS

All proposals by shareholders of the Fund that are intended to be presented pursuant to Rule 14a-8 under the 1934 Act (“Rule 14a-8”) at the Fund’s next Annual Meeting of Shareholders to be held in 2018 (the “2018 Annual Meeting”) must be received by the Fund for consideration for inclusion in the Fund’s 2018 proxy statement and 2018 proxy relating to that meeting no later than December 6, 2017. Rule 14a-8 specifies a number of procedural and eligibility requirements to be satisfied by a shareholder submitting a proposal for inclusion in the Fund’s proxy materials pursuant to Rule 14a-8. Any shareholder contemplating submissions of such a proposal is referred to Rule 14a-8.

The Fund’s By-Laws require shareholders that wish to nominate Trustees or make proposals to be voted on at an Annual Meeting of the Fund’s Shareholders (and which are not proposed to be included in the Fund’s proxy materials pursuant to Rule 14a-8) to provide timely notice of the nomination or proposal in writing. To be considered timely for the 2018 Annual Meeting, the shareholder notice (and information summarized below and described fully in the Fund’s By-Laws) must be sent to the Fund’s Secretary, c/o Gabelli Funds, LLC, One Corporate Center, Rye, NY 10580-1422, and must be received by the Secretary no earlier than December 16, 2017 and no later than January 15, 2018; provided, however, that if the 2018 Annual Meeting is to be held on a date that is earlier than April 20, 2018 or later than June 9, 2018, such notice must be so received not later than the close of business on the 10th day following the date on which notice of the date of the annual meeting was mailed or public disclosure of the date of such annual meeting was made, whichever occurred first. In no event shall the adjournment or postponement of an annual meeting, or the public announcement of such an adjournment or postponement, commence a new time period (or extend any time period) for the giving of a shareholder’s notice as described above.

In order for a shareholder of record to propose a nominee for Trustee, such shareholder must furnish written notice setting forth specified information about the nominee and associates of the nominee, the shareholder(s) of record (and if different, each beneficial owner on whose behalf the nomination is being made) and associates of the shareholder(s), as well as an executed certificate by the nominee relating to the nominee’s disclosure of any agreement, arrangement or understanding with any person or entity other than the Fund in connection with service as a Trustee of the Fund, the nominee’s consent to serve as a Trustee if elected and the nominee’s satisfaction of the Trustee qualifications set forth in the Fund’s governing documents. If requested by the Nominating Committee, the proposing shareholder will need to also submit a completed and signed trustee’s questionnaire, including a supplement, relating to the nominee’s satisfaction of the qualifications requirements set forth in the governing documents.

The foregoing description of the procedures for a shareholder of the Fund properly to make a nomination for election to the Board or to propose other business for the Fund is only a summary and is not complete. Copies of the Fund’s governing documents, including the provisions that concern the requirements for shareholder nominations and proposals, are available on the EDGAR Database on the SEC’s website at www.sec.gov. The Fund will also furnish, without charge, a copy of its governing documents to a shareholder upon request, which may be requested by writing to the Fund’s Secretary, c/o Gabelli Funds, LLC, One Corporate Center, Rye, NY 10580-1422. Any shareholder of the Fund considering making a nomination or other proposal should carefully review and comply with those provisions of the Fund’s governing documents.

IT IS IMPORTANT THAT PROXIES BE RETURNED PROMPTLY.

SHAREHOLDERS MAY PROVIDE THEIR VOTE BY TELEPHONE OR THE INTERNET BY FOLLOWING THE INSTRUCTIONS ACCOMPANYING THE PROXY CARD OR VOTING INSTRUCTION FORM.
