GABELLI FOCUSED GROWTH & INCOME FUND

Quarter End – September 30, 2024

PORTFOLIO UPDATE

The Gabelli Focused Growth and Income Fund (GWSIX) increased 9.4% in the 3rd quarter, significantly outperforming the S&P 500 which returned 5.5% during the same period.

While economic volatility will likely continue amidst heightened geopolitical uncertainty and election year dynamics, we believe the Fund is well positioned for the 4th quarter of 2024 and that organizations with robust and consistent cash flows should contribute to attractive risk-adjusted returns. The portfolio currently offers a gross dividend yield of approximately 7.4% and increased its monthly distribution in the fourth quarter of 2023 to \$0.07 from \$0.06.

VICI Properties Inc. (VICI), currently the largest position in the Fund, is a premier real estate investment trust (REIT) specializing in gaming, hospitality, and entertainment venues. The company has strong earnings potential through 2025 of ~4% AFFO growth coupled with an attractive dividend of \$1.73 a share (5.4% current return)-- above REIT average. We calculate a PMV of approximately \$39 per share.

Returns represent past performance and do not guarantee future results. Due to market volatility, current performance may be lower or higher than the performance data quoted. Investment return and principal value will fluctuate so, upon redemption, shares may be worth more or less than their original cost. To obtain the most recent month end performance information and a prospectus, please call 800-GABELLI or visit www.gabelli.com.

*The inception date of the Fund was December 31, 2002. The Class AAA Shares' net asset values are used to calculate performance for the periods prior to the issuance of Class A Shares and Class C Shares on December 31, 2003 and Class I Shares on January 11, 2008. The actual performance for Class A and Class C Shares would have been lower and Class I Shares higher due to the different expenses associated with those classes of shares. Performance for periods less than one year is not annualized. Class A Shares (load adjusted) includes the effect of the maximum 5.75% sales charge at the beginning of the period. Class C Shares (load adjusted) includes the effect of the applicable 1% contingent deferred sales charge for shares redeemed up to and including the last day of the twelfth month after purchase. The Adviser reimbursed certain expenses to limit the expense ratio during the period from inception. Had such limitation not been in place, returns would have been lower. The fund imposes a 2% redemption fee on shares sold or exchanged in seven days or less after the date of purchase.

The Fund is classified as a "non-diversified" mutual fund, which means that a greater proportion of its assets may be invested in the securities of a single issuer than a "diversified" mutual fund. As a non-diversified mutual fund, more of the Fund's assets may be focused in the common stocks of a small number of issuers, which may make the value of the Fund's shares more sensitive to changes in the market value of a single issuer or industry than shares of a diversified mutual fund. Not FDIC Insured. Not Bank Guaranteed. May Lose Value.

The Gabelli Mutual Funds are distributed by G.Distributors, LLC., a registered broker-dealer and member of FINRA.
