Notes to Financial Statements

1. Organization. The Gabelli ETFs Trust (the Trust) was organized on July 26, 2018 as a Delaware statutory trust and Gabelli Love Our Planet & People ETF (the Fund) commenced investment operations on February 1, 2021. The Fund is a diversified open-end management investment company registered under the Investment Company Act of 1940, as amended (the 1940 Act). The Fund is an actively managed ETF, whose investment objective is to provide capital appreciation.

Gabelli Funds, LLC (the Adviser), with its principal offices located at One Corporate Center, Rye, New York 10580-1422, serves as investment adviser to the Fund. The Adviser makes investment decisions for the Fund and continuously reviews and administers the Fund's investment program and manages the operations of the Fund under the general supervision of the Fund's Board of Trustees (the Board).

2. Significant Accounting Policies. As an investment company, the Fund follows the investment company accounting and reporting guidance, which is part of U.S. generally accepted accounting principles (GAAP) that may require the use of management estimates and assumptions in the preparation of its financial statements. The Board has designated the Adviser as the valuation designee under Rule 2a-5. Actual results could differ from those estimates. The following is a summary of significant accounting policies followed by the Fund in the preparation of its financial statements.

Security Valuation. Portfolio securities listed or traded on a nationally recognized securities exchange or traded in the U.S. over-the-counter market for which market quotations are readily available are valued at the last quoted sale price or a market's official closing price as of the close of business on the day the securities are being valued. If there were no sales that day, the security is valued at the average of the closing bid and asked prices or, if there were no asked prices quoted on that day, then the security is valued at the closing bid price on that day. If no bid or asked prices are quoted on such day, the security is valued at the most recently available price or, if the Board so determines, by such other method as the Board shall determine in good faith to reflect its fair market value. Portfolio securities traded on more than one national securities exchange or market are valued according to the broadest and most representative market, as determined by the Adviser.

Securities and assets for which market quotations are not readily available are fair valued as determined by the Board. Fair valuation methodologies and procedures may include, but are not limited to: analysis and review of available financial and non-financial information about the company; comparisons with the valuation and changes in valuation of similar securities, including a comparison of foreign securities with the equivalent U.S. dollar value American Depositary Receipt securities at the close of the U.S. exchange; and evaluation of any other information that could be indicative of the value of the security.

The inputs and valuation techniques used to measure fair value of the Fund's investments are summarized into three levels as described in the hierarchy below:

- Level 1 — unadjusted quoted prices in active markets for identical securities;
- Level 2 — other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.); and
- Level 3 — significant unobservable inputs (including the Board's determinations as to the fair value of investments).

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input both individually and in the aggregate that is significant to the fair value measurement. The inputs or methodology

Gabelli Love Our Planet & People ETF

Notes to Financial Statements (Continued)

used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. The summary of the Fund's investments in securities by inputs used to value the Fund's investments as of December 31, 2024 is as follows:

INVESTMENTS IN SECURITIES: ASSETS (Market Value):	Valuation Inputs		Total Market Value at 12/31/24
	Level 1 Quoted Prices	Level 2 Significant Observable Inputs	
Common Stocks (a)	\$ 11,213,374	—	\$ 11,213,374
U.S. Government Obligations	—	\$ 710,911	\$ 710,911
TOTAL INVESTMENTS IN SECURITIES – ASSETS	\$ 11,213,374	\$ 710,911	\$ 11,924,285

(a) Please refer to the Schedule of Investments for the industry classifications of these portfolio holdings.

General. The Fund uses recognized industry pricing services – approved by the Board and unaffiliated with the Adviser to value most of its securities, and uses broker quotes provided by market makers of securities not valued by these and other recognized pricing sources. Several different pricing feeds are received to value domestic equity securities, international equity securities, preferred equity securities, and fixed income securities. The data within these feeds are ultimately sourced from major stock exchanges and trading systems where these securities trade. The prices supplied by external sources are checked by obtaining quotations or actual transaction prices from market participants. If a price obtained from the pricing source is deemed unreliable, prices will be sought from another pricing service or from a broker/dealer that trades that security or similar securities.

Fair Valuation. Fair valued securities may be common and preferred equities, warrants, options, rights, and fixed income obligations. Where appropriate, Level 3 securities are those for which market quotations are not available, such as securities not traded for several days, or for which current bids are not available, or which are restricted as to transfer. When fair valuing a security, factors to consider are recent prices of comparable securities that are publicly traded, reliable prices of securities not publicly traded, and the use of valuation models, current analyst reports, valuing the income or cash flow of the issuer, or cost if the preceding factors do not apply. A significant change in the unobservable inputs could result in a lower or higher value in Level 3 securities. The circumstances of Level 3 securities are frequently monitored to determine if fair valuation measures continue to apply.

The Adviser reports quarterly to the Board the results of the application of fair valuation policies and procedures. These may include back testing the prices realized in subsequent trades of these fair valued securities to fair values previously recognized.

Foreign Taxes. The Fund may be subject to foreign taxes on income, gains on investments, or currency repatriation, a portion of which may be recoverable. The Fund will accrue such taxes and recoveries as applicable, based upon its current interpretation of tax rules and regulations that exist in the markets in which it invests.

Securities Transactions and Investment Income. Securities transactions are accounted for on the trade date with realized gain/(loss) on investments determined by using the identified cost method. Interest income (including amortization of premium and accretion of discount) is recorded on an accrual basis. Premiums and discounts on debt securities are amortized using the effective yield to maturity method. Dividend income is

Gabelli Love Our Planet & People ETF
Notes to Financial Statements (Continued)

recorded on the ex-dividend date, except for certain dividends from foreign securities that are recorded as soon after the ex-dividend date as the Fund becomes aware of such dividends.

Distributions to Shareholders. Distributions to shareholders are recorded on the ex-dividend date. Distributions to shareholders are based on income and capital gains as determined in accordance with federal income tax regulations, which may differ from income and capital gains as determined under GAAP. These differences are primarily due to differing treatments of income and gains on various investment securities held by a Fund and timing differences. These book/tax differences are either temporary or permanent in nature. To the extent these differences are permanent, adjustments are made to the appropriate capital accounts in the period when the differences arise. Permanent differences were primarily due the reversal of redemption-in-kind loss and adjustments on Real Estate Investment Trusts. These reclassifications have no impact on the NAV of the Fund. For the year ended December 31, 2024, reclassifications were made to increase paid-in capital by \$229,199, with an offsetting adjustment to total distributable earnings.

The tax character of distributions paid during the years ended December 31, 2024 and 2023 was as follows:

	<div>Year Ended</div> <div>December 31, 2024</div>		<div>Year Ended</div> <div>December 31, 2023</div>	
Distributions paid from:				
Ordinary income	\$	186,186	\$	227,980
Return of capital		33,295		30,080
Total distributions paid	\$	219,481	\$	258,060

Provision for Income Taxes. The Fund qualifies as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended (the Code). It is the policy of the Fund to comply with the requirements of the Code applicable to regulated investment companies and to distribute substantially all of the Fund’s net investment company taxable income and net capital gains on an annual basis. Therefore, no provision for federal income taxes is required.

At December 31, 2024, the components of accumulated earnings/losses on a tax basis were as follows:

Accumulated capital loss carryforwards	\$	(2,455,575)
Unrealized appreciation on investments		2,545,888
Total distributable earnings	\$	90,313

At December 31, 2024, the Fund had net capital loss carryforwards for federal income tax purposes which are available to reduce future required distributions of net capital gains to shareholders. The Fund is permitted

Gabelli Love Our Planet & People ETF

Notes to Financial Statements (Continued)

to carry capital losses forward for an unlimited period. Capital losses that are carried forward will retain their character as either short term or long term capital losses.

Short term capital loss carryforward with no expiration	\$	506,420
Long term capital loss carryforward with no expiration.....		<u>1,949,155</u>
Total Capital Loss Carryforward.	\$	<u>2,455,575</u>

At December 31, 2024, the temporary difference between book basis and tax basis net unrealized appreciation on investments were primarily adjustments in investments which were primarily adjustments in investments in certain securities and deferral of losses from wash sales for tax purposes.

The following summarizes the tax cost on investments and the net unrealized appreciation at December 31, 2024:

	<u>Cost</u>	<u>Gross Unrealized Appreciation</u>	<u>Gross Unrealized Depreciation</u>	<u>Net Unrealized Appreciation</u>
Investments	\$ 9,378,396	\$ 2,946,265	\$ (400,377)	\$ 2,545,888

The Fund is required to evaluate tax positions taken or expected to be taken in the course of preparing the Fund's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Income tax and related interest and penalties would be recognized by the Fund as tax expense in the Statement of Operations if the tax positions were deemed not to meet the more-likely-than-not threshold. For the year ended December 31, 2024, the Fund did not incur any income tax, interest, or penalties. The Fund's federal and state tax returns will remain open and subject to examination for three years. On an ongoing basis, the Adviser will monitor the Fund's tax positions to determine if adjustments to these conclusions are necessary.

3. Investment Advisory Agreement and Other Transactions. Pursuant to an Investment Advisory Agreement with the Trust, the Adviser manages the investment of the Fund's assets. Under the Investment Advisory Agreement, the Fund will pay the Adviser a fee, computed daily and paid monthly, at the annual rate of 0.90% of the value of its average daily net assets and the Adviser is responsible for substantially all expenses of the Fund, except (i) interest and taxes; (ii) brokerage commissions and other expenses connected with the execution of portfolio transactions; (iii) distribution fees; (iv) the advisory fee payable to the Adviser; and (v) litigation expenses and any extraordinary expenses.

The Adviser has contractually agreed to waive its investment advisory fee of 0.90% on the first \$100 million in net assets (the Fee Waiver). The Fee Waiver will continue until at least April 30, 2025, and shall not apply to any brokerage costs, acquired Fund fees and expenses, interest, taxes, and extraordinary expenses that the Fund may incur. This agreement may be terminated only by, or with the consent of, the Fund's Board of Trustees.

During the year ended December 31, 2024, the Adviser waived expenses in the amount of \$106,663.

4. Portfolio Securities. Purchases and sales of securities during the year ended December 31, 2024, other than short term securities, U.S. Government obligations and in-kind transactions, aggregated \$2,310,750 and \$2,400,167, respectively.

5. Capital Share Transactions. Capital shares are issued and redeemed by the Fund only in aggregations of a specified number of shares or multiples thereof (Creation Units) at NAV, in return for securities, other instruments, and/or cash (the Basket). Except when aggregated in Creation Units, shares of the Fund are not redeemable. Transactions in capital shares for the Fund are disclosed in detail in the Statement of Changes in Net Assets. Purchasers and redeemers of Creation Units are charged a transaction fee to cover the estimated cost to the Fund of processing the purchase or redemption, including costs charged to it by the NSCC (National Securities Clearing Corporation) or DTC (Depository Trust Company), and the estimated transaction costs, e.g., brokerage commissions, bid-ask spread, and market impact trading costs, incurred in converting the Basket to or from the desired portfolio composition. The transaction fee is determined daily and will be limited to amounts approved by the Board and determined by the Adviser to be appropriate to defray the expenses that the Fund incurs in connection with the purchase or redemption. The purpose of transaction fees is to protect the Fund's existing shareholders from the dilutive costs associated with the purchase and redemption of Creation Units. The amount of transaction fees will differ depending on the estimated trading costs for portfolio positions and Basket processing costs and other considerations. Transaction fees may include fixed amounts per creation or redemption transactions, amounts varying with the number of Creation Units purchased or redeemed, and varying amounts based on the time an order is placed. The Fund may impose higher transaction fees when cash is substituted for Basket instruments. Higher transaction fees may apply to purchases and redemptions through the DTC than through the NSCC.

6. Redemptions-in-kind. When considered to be in the best interest of all shareholders, the Fund may distribute portfolio securities as payment for redemptions of Fund shares (redemptions-in-kind). Gains and losses realized on redemptions-in-kind are not recognized for tax purposes and are reclassified from undistributed realized gain (loss) to paid-in capital. During the year ended December 31, 2024, the Fund realized net gain of \$233,261 on \$799,732 of redemptions-in-kind, including cash of \$37,327.

7. Transactions with Affiliates and Other Arrangements. During the year ended December 31, 2024, the Fund paid \$125 in brokerage commissions on security trades to G.research, LLC, an affiliate of the Adviser.

The Adviser pays retainer and per meeting fees to Independent Trustees and certain Interested Trustees, plus specified amounts to the Lead Trustee and Audit Committee Chairman. Trustees are also reimbursed for out of pocket expenses incurred in attending meetings. Trustees who are directors or employees of the Adviser or an affiliated company receive no compensation or expense reimbursement from the Trust.

8. Significant Shareholder. As of December 31, 2024, the Fund's Adviser and its affiliates beneficially owned 81.7% of the voting securities of the Fund, including managed accounts for which the affiliates of the Adviser have voting control but disclaim pecuniary interest.

9. Indemnifications. The Fund enters into contracts that contain a variety of indemnifications. The Fund's maximum exposure under these arrangements is unknown. However, the Fund has not had prior claims or losses pursuant to these contracts. Management has reviewed the Fund's existing contracts and expects the risk of loss to be remote.

10. Segment Reporting. In this reporting period, the Fund adopted FASB Accounting Standards Update 2023-07, Segment Reporting (Topic 280) - Improvements to Reportable Segment Disclosures (ASU 2023-07). Adoption of the new standard impacted financial statement disclosures only and did not affect the Fund's financial position or results of operations. act as the Fund's chief operating decision maker (CODM), as defined in Topic 280, assessing performance and making decisions about resource allocation. The CODM has determined that the Fund has a single operating segment based on the fact that the CODM monitors the operating results of the Fund as a whole and the Fund's long-term strategic asset allocation is guided by the Fund's investment objective and principal investment strategies, and executed by the Fund's portfolio management team, comprised of investment professionals employed by the Adviser. The financial information provided to and reviewed by the CODM is consistent with that presented in the Fund's Schedule of Investments, Statements of Operations and Changes in Net Assets and Financial Highlights.

11. Subsequent Events. Management has evaluated the impact on the Fund of all subsequent events occurring through the date the financial statements were issued and has determined that there were no subsequent events requiring recognition or disclosure in the financial statements.

Report of Independent Registered Public Accounting Firm

To the Board of Trustees of Gabelli ETFs Trust and Shareholders of Gabelli Love Our Planet & People ETF

Opinion on the Financial Statements

We have audited the accompanying statement of assets and liabilities, including the schedule of investments, of Gabelli Love Our Planet & People ETF (one of the funds constituting Gabelli ETFs Trust, referred to hereafter as the “Fund”) as of December 31, 2024, the related statement of operations for the year ended December 31, 2024, the statement of changes in net assets for each of the two years in the period ended December 31, 2024, including the related notes, and the financial highlights for each of the three years in the period ended December 31, 2024 and for the period February 1, 2021 (commencement of operations) through December 31, 2021 (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund as of December 31, 2024, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period ended December 31, 2024 and the financial highlights for each of the three years in the period ended December 31, 2024 and for the period February 1, 2021 (commencement of operations) through December 31, 2021 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Fund’s management. Our responsibility is to express an opinion on the Fund’s financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Fund in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits of these financial statements in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. Our procedures included confirmation of securities owned as of December 31, 2024, by correspondence with the custodian and broker. We believe that our audits provide a reasonable basis for our opinion.

Liquidity Risk Management Program (Unaudited)

In accordance with Rule 22e-4 under the 1940 Act, the Fund has established a liquidity risk management program (the LRM Program) to govern its approach to managing liquidity risk. The LRM Program is administered by the Liquidity Committee (the Committee), which is comprised of members of Gabelli Funds, LLC management. The Board has designated the Committee to administer the LRM Program.

The LRM Program's principal objectives include supporting the Fund's compliance with limits on investments in illiquid assets and mitigating the risk that the Fund will be unable to meet its redemption obligations in a timely manner. The LRM Program also includes elements that support the management and assessment of liquidity risk, including an annual assessment of factors that influence the Fund's liquidity and the monthly classification and re-classification of certain investments that reflect the Committee's assessment of their relative liquidity under current market conditions.

At a meeting of the Board held on May 15, 2024, the Board received a written report from the Committee regarding the design and operational effectiveness of the LRM Program. The Committee determined, and reported to the Board, that the LRM Program is reasonably designed to assess and manage the Fund's liquidity risk and has operated adequately and effectively since its implementation. The Committee reported that there were no liquidity events that impacted the Fund or its ability to timely meet redemptions without dilution to existing shareholders. The Committee noted that the Fund is primarily invested in highly liquid securities and, accordingly, continues to be exempt from the requirement to determine a "highly liquid investment minimum" as defined in the Rule 22e-4. Because of that continued qualification for the exemption, the Fund has not adopted a "highly liquid investment minimum" amount. The Committee further noted that while changes to the LRM Program were made during the Review Period and reported to the Board, no material changes were made to the LRM Program as a result of the Committee's annual review.

There can be no assurance that the LRM Program will achieve its objectives in the future. Please refer to the Fund's Prospectus for more information regarding its exposure to liquidity risk and other principal risks to which an investment in the Fund may be subject.

2024 TAX NOTICE TO SHAREHOLDERS (Unaudited)

During the year ended December 31, 2024, the Fund paid distributions to shareholders totaling \$0.51042, comprised of ordinary income of \$0.432989286 and return of capital of \$0.077430714 per share. For the year ended December 31, 2024, 58.03% of the ordinary income distribution qualifies for the dividends received deduction available to corporations. The Fund designates 69.8% of the ordinary income distribution as qualified dividend income pursuant to the Jobs and Growth Tax Relief Reconciliation Act of 2003.

All designations are based on financial information available as of the date of this annual report and, accordingly, are subject to change. For each item, it is the intention of the Fund to designate the maximum amount permitted under the Internal Revenue Code and the regulations thereunder.

Gabelli Funds and Your Personal Privacy

Who are we?

The Gabelli Funds are investment companies registered with the Securities and Exchange Commission under the Investment Company Act of 1940. We are managed by Gabelli Funds, LLC that is affiliated with GAMCO Investors, Inc. that is a publicly held company with subsidiaries and affiliates that provide investment advisory services for a variety of clients.

What kind of non-public information do we collect about you if you become a fund shareholder?

If you apply to open an account directly with us, you will be giving us some non-public information about yourself. The non-public information we collect about you is:

- *Information you give us on your application form.* This could include your name, address, telephone number, social security number, bank account number, and other information.
- *Information about your transactions with us, any transactions with our affiliates, and transactions with the entities we hire to provide services to you.* This would include information about the shares that you buy or redeem. If we hire someone else to provide services — like a transfer agent — we will also have information about the transactions that you conduct through them.

What information do we disclose and to whom do we disclose it?

We do not disclose any non-public personal information about our customers or former customers to anyone other than our affiliates, our service providers who need to know such information, and as otherwise permitted by law. If you want to find out what the law permits, you can read the privacy rules adopted by the Securities and Exchange Commission. They are in volume 17 of the Code of Federal Regulations, Part 248. The Commission often posts information about its regulations on its website, www.sec.gov.

What do we do to protect your personal information?

We restrict access to non-public personal information about you to the people who need to know that information in order to provide services to you or the fund and to ensure that we are complying with the laws governing the securities business. We maintain physical, electronic, and procedural safeguards to keep your personal information.
