

GABELLI SRI FUND, INC.
(the “Fund”)

**Supplement dated October 30, 2024, to the Fund’s
Statutory Prospectus and Statement of Additional Information**

This supplement amends certain information in the Fund’s statutory prospectus (the “Prospectus”) and Statement of Additional Information (“SAI”). Unless otherwise indicated, all other information included in the Fund’s Prospectus, or any previous supplements thereto, that is not inconsistent with the information set forth in this supplement, remains unchanged. Capitalized terms not otherwise defined in this supplement have the same meaning as in the Fund’s Prospectus, as applicable.

Liquidity Program

The Fund may participate in a liquidity management program offered by ReFlow Fund, LLC. To reflect this change, please note the following changes to the Fund’s Prospectus and SAI:

The following two paragraphs are added under the section titled “INVESTMENT OBJECTIVE, INVESTMENT STRATEGIES, AND RELATED RISKS” in the Fund’s Prospectus:

ReFlow Liquidity Program. The Fund may participate from time to time in a program offered by ReFlow Fund, LLC (“ReFlow”). Pursuant to the program and subject to certain conditions, ReFlow provides participating mutual funds with a source of cash to meet net shareholder redemptions by purchasing fund shares at net asset value in an amount up to the value of the net shares redeemed. Following purchases of fund shares, ReFlow then redeems those shares when a fund experiences net sales, at the end of a maximum holding period determined by ReFlow, or at other times at a fund’s or ReFlow’s discretion. While ReFlow holds a fund’s shares, it has the same rights and privileges with respect to those shares as any other shareholder. However, investments in the Fund by ReFlow are exempt from the Fund’s 2.00% short term trading fee policy as described in this Prospectus.

In the event the Fund uses the ReFlow program, the Fund will pay a fee to ReFlow each time ReFlow purchases Fund shares, calculated by applying to the purchase amount a fee rate determined through an automated daily auction among participating mutual funds seeking liquidity that day. The current minimum fee rate is 0.14% of the value of the Fund shares purchased by ReFlow. ReFlow’s purchases of Fund shares through the liquidity program are made on an investment-blind basis without regard to the Fund’s investment objective, policies or anticipated performance. In accordance with federal securities laws, ReFlow is prohibited from acquiring more than 3% of the outstanding voting securities of the Fund. When ReFlow redeems all or part of a position in the Fund, the Fund may pay all or a portion of such redemption in kind. The Fund expects that in-kind redemptions will comprise a significant portion of redemptions paid to ReFlow.

The following sentence is added under the section titled “REDEMPTION OF SHARES” in the Fund’s Prospectus:

The purchase and redemption of shares under the ReFlow Liquidity Program are exempt from the 2.00% short term trading fee policy as these transactions do not raise market timing or excessive trading concerns.

The following is added under the section titled “REDEMPTION OF SHARES—Redemption In Kind” in the Fund’s Prospectus:

Redemptions in kind by ReFlow are subject to the procedures described in the section titled “Investment Objective, Investment Strategies, and Related Risks—ReFlow Liquidity Program.”

In addition, the following paragraph is added to the Fund’s SAI under the section titled “INVESTMENT STRATEGIES AND RISKS”:

ReFlow Liquidity Program. The Fund may participate in the ReFlow liquidity program, which is designed to provide an alternative liquidity source for mutual funds experiencing redemptions of their shares. In order to pay cash to shareholders who redeem their shares on a given day, a mutual fund typically must hold cash in its portfolio, liquidate portfolio securities, or borrow money, all of which impose certain costs on the fund. ReFlow Fund, LLC (“ReFlow”) provides participating mutual funds with another source of cash by standing ready to purchase shares from a fund at net asset value up to the amount of the fund’s net redemptions on a given day. ReFlow then generally redeems those shares when the fund experiences net sales, at the end of a maximum holding period determined by ReFlow, or at other times at a fund’s or ReFlow’s discretion. In return for this service, the Fund will pay a fee to ReFlow at a rate determined by a daily auction with other participating mutual funds seeking liquidity that day. The current minimum fee rate is 0.14% of the value of the Fund shares purchased by ReFlow, although the Fund may submit a bid at a higher fee rate if it determines that doing so is in the best interest of Fund shareholders. While ReFlow holds the Fund’s shares, it has the same rights and privileges with respect to those shares as any other shareholder. However, investments in the Fund by ReFlow are exempt from the 2.00% short term trading fee policy as described in the Prospectus as these transactions do not raise market timing or excessive trading concerns. In accordance with federal securities laws, ReFlow is prohibited from acquiring more than 3% of the outstanding voting securities of the Fund. There is no assurance that ReFlow will have sufficient funds available to meet the Fund’s liquidity needs on a particular day. The Fund expects that in-kind redemptions will comprise a significant portion of redemptions paid to ReFlow. The Fund’s participation in the ReFlow program will be reviewed periodically by the Board.

Supplement dated October 9, 2024, to each Fund’s Statutory Prospectus

This supplement amends certain information in each Fund’s statutory prospectus (the “Prospectus”). Unless otherwise indicated, all other information included in each Fund’s Prospectus, or any previous supplements thereto, that is not inconsistent with the information set forth in this supplement, remains unchanged. Capitalized terms not otherwise defined in this supplement have the same meaning as in each Fund’s Prospectus, as applicable.

The following disclosure is hereby added to the end of Appendix A (“Sales Charge Reductions and Waivers Available through Certain Intermediaries”) of each Fund’s Prospectus:

Robert W. Baird & Co. (“Baird”):

Shareholders purchasing fund shares through a Baird platform or account are only be eligible for the following sales charge waivers (front-end sales charge waivers and CDSC waivers) and discounts, which may differ from those disclosed elsewhere in this prospectus or the SAI:

Front-End Sales Charge Waivers on Investors A-shares Available at Baird

- Shares purchased through reinvestment of capital gains distributions and dividend reinvestment when purchasing shares of the same fund.
- Shares purchased by employees and registered representatives of Baird or its affiliate and their family members as designated by Baird.
- Shares purchased using the proceeds of redemptions from a Gabelli Fund, provided (1) the repurchase occurs within 90 days following the redemption, (2) the redemption and purchase occur in the same accounts, and (3) redeemed shares were subject to a front-end or deferred sales charge (known as rights of reinstatement).
- A shareholder in the Fund’s Class C shares will have their shares converted at net asset value to Class A shares of the same fund if the shares are no longer subject to CDSC and the conversion is in line with the policies and procedures of Baird.
- Employer-sponsored retirement plans or charitable accounts in a transactional brokerage account at Baird, including 401(k) plans, 457 plans, employer-sponsored 403(b) plans, profit sharing and money purchase pension plans and defined benefit plans. For purposes of this provision, employer-sponsored retirement plans do not include SEP IRAs, Simple IRAs or SAR-SEPs.

CDSC Waivers on Class A and C shares Available at Baird

- Shares sold due to death or disability of the shareholder.
- Shares sold as part of a systematic withdrawal plan as described in the Fund's prospectus.
- Shares bought due to returns of excess contributions from an IRA Account.
- Shares sold as part of a required minimum distribution for IRA and retirement accounts due to the shareholder reaching the qualified age based on applicable Internal Revenue Service regulations as described in the Fund's prospectus.
- Shares sold to pay Baird fees but only if the transaction is initiated by Baird.
- Shares acquired through a right of reinstatement.

Front-End Sales Charge Discounts Available at Baird: Breakpoints and/or Rights of Accumulations

- Breakpoints as described in this prospectus.
- Rights of accumulations which entitles shareholders to breakpoint discounts will be automatically calculated based on the aggregated holding of Gabelli Fund assets held by accounts within the purchaser's household at Baird. Eligible Gabelli Fund assets not held at Baird may be included in the rights of accumulations calculation only if the shareholder notifies his or her financial advisor about such assets.
- Letters of Intent (LOI) allow for breakpoint discounts based on anticipated purchases of Gabelli Funds through Baird, over a 13-month period of time.

SUMMARY OF THE FUND

Investment Objective

The Gabelli SRI Fund's (formerly, Gabelli ESG Fund, Inc.) (the "Fund") investment objective is to seek capital appreciation.

Fees and Expenses of the Fund:

This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund. You may qualify for sales charge discounts if you and your family invest, or agree to invest in the future, at least \$50,000 in the Fund's Class A shares when and if initial investments into Class A shares are reopened. More information about these and other discounts is available from your financial professional and in the section entitled "Classes of Shares" on page 17 of the prospectus and in Appendix A, "Sales Charge Reductions and Waivers Available through Certain Intermediaries," attached to the Fund's prospectus.

| Total Annual Fund Operating Expenses After Fee Waiver and Expense Reimbursement | <u>0.90%</u> | <u>0.90%</u> | <u>0.90%</u> | <u>0.90%</u> |

- (1) Gabelli Funds, LLC (the "Adviser") has contractually agreed to waive its investment advisory fees and/or to reimburse expenses of the Fund to the extent necessary to maintain the Total Annual Fund Operating Expenses After Fee Waiver and Expense Reimbursement (excluding brokerage costs, acquired fund fees and expenses, interest, taxes, and extraordinary expenses) at no more than an annual rate of 0.90% for all classes of shares. Under this same arrangement, the Fund has also agreed, during the three year period following the year of any such waiver or reimbursement by the Adviser, to repay such amount, but only to the extent the Fund's adjusted Total Annual Fund Operating Expenses would not exceed an annual rate of 0.90% for the applicable class of shares, after giving effect to the repayments. This arrangement is in effect through July 29, 2025, and may be terminated only by the Board of Directors of the Fund (the "Board") before such time. Any waivers and/or reimbursements made by the Adviser are subject to recoupment from the Fund for a period not to exceed three years after the occurrence of the waiver and/or reimbursement, provided that the Fund may only make repayments to the Adviser if such repayment does not cause the Fund's expense ratio (after the repayment is taken into account) to exceed either: (1) the expense cap in place at the time such amounts were waived or reimbursed, as applicable; or (2) the Fund's current expense cap.

- (2) As of the date of this prospectus, the Fund's respective Class AAA, Class A, and Class C shares are "closed to purchases from new investors." "Closed to purchases from new investors" means: (i) with respect to Class AAA and Class A shares, no new investors may purchase shares of such classes, but existing shareholders may continue to purchase additional shares of such classes, and (ii) with respect to Class C shares, neither new investors nor existing shareholders may purchase any additional shares of such class. These changes will have no effect on existing shareholders' ability to redeem shares of the Fund as described in this prospectus. Reinvestment of dividend and capital gain distributions will continue to be permitted for holders of the Fund's Class AAA, Class A, and Class C shares.

Expense Example

This example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds.

The example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The example also assumes that your investment has a 5% return each year, and that the Fund's operating expenses remain the same (taking into account the expense limitation for one year). Although your actual costs may be higher or lower, based on these assumptions your costs would be:

| | <u>1 Year</u> | <u>3 Years</u> | <u>5 Years</u> | <u>10 Years</u> |
|------------------|---------------|----------------|----------------|-----------------|
| Class AAA Shares | \$ 92 | \$ 644 | \$1,223 | \$2,798 |
| Class A Shares | \$662 | \$1,182 | \$1,728 | \$3,212 |
| Class C Shares | \$192 | \$ 799 | \$1,529 | \$3,465 |
| Class I Shares | \$ 92 | \$ 592 | \$1,119 | \$2,565 |

You would pay the following expenses if you did not redeem your shares of the Fund:

| | <u>1 Year</u> | <u>3 Years</u> | <u>5 Years</u> | <u>10 Years</u> |
|------------------|---------------|----------------|----------------|-----------------|
| Class AAA Shares | \$ 92 | \$ 644 | \$1,223 | \$2,798 |
| Class A Shares | \$662 | \$1,182 | \$1,728 | \$3,212 |
| Class C Shares | \$ 92 | \$ 799 | \$1,529 | \$3,465 |
| Class I Shares | \$ 92 | \$ 592 | \$1,119 | \$2,565 |

Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or "turns over" its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when the Fund's shares are held in a taxable account. These costs, which are not reflected in annual fund operating expenses or in the example, affect the Fund's performance. During the most recent fiscal year, the Fund's portfolio turnover rate was 27% of the average value of its portfolio.

Principal Investment Strategies

The Fund seeks to achieve its objective by investing substantially all, and in any case, no less than 80% of its assets in common stocks and preferred stocks of companies that meet the Fund's guidelines for social responsibility at the time of investment. The Fund may also invest in foreign securities and in securities that are convertible into common stocks. The Fund focuses on investments in companies whose securities appear to be underpriced relative to their private market value ("PMV"), which is the value the Fund's investment adviser, Gabelli Funds, LLC (the "Adviser"), believes informed investors would be willing to pay for a company. There can be no assurance that the Fund will be able to achieve its investment objective.

Socially Responsible Investing. The Adviser employs a social screening overlay process on a pro-active basis at the time of investment to identify companies that meet the Fund's social guidelines. Pursuant to these guidelines, the Fund will not invest in companies that derive more than 10% of their revenues from the following areas: tobacco, cannabis, alcohol, gambling, or weapons production. The Adviser will monitor each holding of a socially responsible company on a continuous basis to ensure its compliance with the Fund's social guidelines. Securities that no longer meet these guidelines will be sold within a reasonable period of time after the Adviser makes such a determination. Securities may also be sold if the Adviser believes the securities no longer appear to be underpriced relative to their PMV.

After identifying companies that satisfy these social criteria, the Adviser then will invest in securities of companies that the Adviser believes are trading at a material discount to PMV. The Adviser will monitor each holding on a regular basis to ensure its compliance with the Fund's guidelines. Securities that no longer meet these guidelines will be sold within a reasonable period of time after the Adviser makes such a determination. Securities may also be sold if the Adviser believes the securities no longer appear to be underpriced relative to their PMV, or if there is a change to an underlying industry or company that the Adviser believes may negatively affect the value of such securities.

The Fund may also use the following investment technique:

- **Lower Grade Convertible Debt Securities.** The Fund will normally purchase only investment grade, convertible debt securities having a rating of, or equivalent to, at least "BBB" (which securities may have speculative characteristics) by Standard & Poor's ("S&P") or, if unrated, judged by the Adviser to be of comparable quality. However, on occasion when the Adviser deems appropriate, the Fund may also invest up to 25% of its assets in more speculative convertible debt securities, provided such securities have a rating of, or equivalent to, at least an S&P rating of "B."

Principal Risks

You may want to invest in the Fund if:

- you are a long term investor
- you seek capital appreciation
- you want exposure to equity investments in companies that meet the Fund's socially responsible guidelines

The Fund's share price will fluctuate with changes in the market value of the Fund's portfolio securities. An investment in the Fund is not a deposit of a bank and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. When you sell Fund shares, they may be worth more or less than what you paid for them; you may lose money by investing in the Fund.

The principal risks presented by the Fund are:

- **Socially Responsible Investment Risk.** The application of the Adviser's socially responsible criteria will affect the Fund's exposure to certain issuers, industries, sectors, regions, and countries and may impact the relative financial performance of the Fund—positively or negatively—depending on whether such investments are in or out of favor.

- **Convertible Securities Risk.** Convertible securities provide higher yields than the underlying common stock, but generally offer lower yields than nonconvertible securities of similar quality. The value of convertible securities fluctuates in relation to changes in interest rates and, in addition, fluctuates in relation to the underlying common stock.
- **Infectious Illness Risk.** A widespread outbreak of an infectious illness, such as the COVID-19 pandemic, may result in travel restrictions, disruption of healthcare services, prolonged quarantines, cancellations, supply chain disruptions, business closures, lower consumer demand, layoffs, ratings downgrades, defaults and other significant economic, social and political impacts. Such events may adversely affect the Fund, its investments, and the value of your investment in the Fund. The fallout from the COVID-19 pandemic and its subsequent variants, and the long-term impact on economies, markets, industries and individual issuers, are not known.
- **Equity Risk.** Equity risk is the risk that the prices of the securities held by the Fund will change due to general market and economic conditions, perceptions regarding the industries in which the companies issuing the securities participate, and the issuer companies' particular circumstances.
- **Financial Services Risk.** The Fund may invest from time to time in securities issued by financial services companies. Financial services companies can be significantly affected by changing economic conditions, demand for consumer loans, refinancing activity and intense competition, including price competition. Profitability can be largely dependent upon the availability and cost of capital and the rate of consumer debt defaults, and can fluctuate significantly when interest rates change. Unstable and/or rising interest rates may have a disproportionate effect on companies in the financial services sector. Financial services companies are subject to extensive government regulation, which can change frequently and may adversely affect the scope of their activities, the prices they can charge and the amount of capital they must maintain, or may affect them in other ways that are unforeseeable. In the past, financial services companies in general experienced considerable financial distress, which led to implementation of government programs designed to ease that distress.
- **Preferred Stock Risk.** Preferred stocks are susceptible to general market fluctuations and to volatile increases and decreases in value as market confidence in and perceptions of their issuers change. The dividend on a preferred stock may be changed or omitted by the issuer, and participation in the growth of an issuer may be limited.
- **Foreign Securities Risk.** Investments in foreign securities involve risks relating to political, social, and economic developments abroad, as well as risks resulting from the differences between the regulations to which U.S. and foreign issuers and markets are subject. These risks include expropriation, differing accounting and disclosure standards, currency exchange risks, settlement difficulties, market illiquidity, difficulties enforcing legal rights, and greater transaction costs. These risks are more pronounced in the securities of companies located in emerging markets.
- **Inflation Risk.** Inflation risk is the risk that value of assets or income from investments will be worth less in the future as inflation decreases the value of money. As inflation increases, the real value of the Fund's shares and distributions thereon can decline. Inflation risk is linked to increases in the prices of goods and services and a decrease in the purchasing power of money. Inflation often is accompanied or followed by a recession, or period of decline in

economic activity, which may include job loss and other hardships and may cause the value of securities to go down generally. Inflation risk is greater for fixed-income instruments with longer maturities. In addition, this risk may be significantly elevated compared to normal conditions because of recent monetary policy measures and the current interest rate environment. Inflation has recently increased and it cannot be predicted whether and to what extent it may decline.

- **Interest Rate Risk, Maturity Risk, and Credit Risk.** When interest rates decline, the value of the portfolio's debt securities generally increases. Conversely, when interest rates rise, the value of the portfolio's debt securities generally declines. The magnitude of the increase or decline will often be greater for longer term debt securities than shorter term debt securities. It is also possible that the issuer of a debt security will not be able to make interest and principal payments when due.
- **Lower Grade Convertible Debt Securities Risk.** The issuers of debt obligations having speculative characteristics may experience difficulty in paying principal and interest when due in the event of a downturn in the economy or unanticipated corporate developments. The market prices of such securities may become increasingly volatile in periods of economic uncertainty. Moreover, adverse publicity or the perceptions of investors over which the Adviser has no control, whether or not based on fundamental analysis, may decrease the market price and liquidity of such investments.
- **Management Risk.** If the portfolio managers are incorrect in their assessment of the growth prospects of the securities the Fund holds, then the value of the Fund's shares may decline.
- **Market Risk.** Global economies and financial markets are increasingly interconnected, which increases the likelihood that events or issuers in one country or region will adversely impact markets or issuers in other countries or regions. Securities in the Fund's portfolio may underperform in comparison to securities in general financial markets, a particular financial market, or other asset classes due to a number of factors, including inflation (or expectations for inflation), deflation (or expectations for deflation), interest rates, global demand for particular products or resources, market instability, debt crises and downgrades, embargoes, tariffs, sanctions and other trade barriers, regulatory events, other governmental trade or market control programs and related geopolitical events. In addition, the value of the Fund's investments may be negatively affected by the occurrence of global events such as war, terrorism, environmental disasters, natural disasters or events, country instability, and infectious disease epidemics or pandemics.
- **Sector Risk.** Although the Fund does not employ a sector focus, its exposure, from time to time, to specific sectors will increase based on the Adviser's perception of available investment opportunities. If the Fund focuses on a particular sector, the Fund may face an increased risk that the value of its portfolio will decrease because of events disproportionately affecting that sector. Furthermore, investments in particular sectors may be more volatile than the broader market as a whole.
- **Geopolitical Risk.** Occurrence of global events, such as war, terrorist attacks, natural disasters, country instability, infectious disease epidemics, pandemics and other public health issues, market instability, debt crises and downgrades, embargoes, tariffs, sanctions and other trade barriers and other governmental trade or market control programs, the potential exit of a country from its respective union and related geopolitical events, may result in market volatility and may have long-lasting impacts on both the U.S. and global financial markets.

Performance

The bar chart and table that follow provide an indication of the risks of investing in the Fund by showing the Fund's performance from calendar year to calendar year. The table compares the Fund's average annual returns to those of the S&P 500® Index, a broad measure of market performance. On February 16, 2023, the Board approved a change in the Fund's name to the "Gabelli SRI Fund, Inc." along with certain changes to the Fund's principal investment strategies and techniques. Effective May 21, 2023, the Fund implemented its name change and the accompanying changes to its principal investment strategies and techniques. The Fund's performance prior to May 21, 2023, does not reflect the Fund's current investment strategies. As with all mutual funds, the Fund's past performance (before and after taxes) does not predict how the Fund will perform in the future. Updated information on the Fund's results can be obtained by visiting www.gabelli.com.

GABELLI SRI FUND, INC. (Total Returns for Class AAA Shares for the Years Ended December 31)

During the calendar years shown in the bar chart, the highest return for a quarter was 17.38% (quarter ended December 31, 2020), and the lowest return for a quarter was (22.83)% (quarter ended March 31, 2020).

| Average Annual Total Returns (for the years ended December 31, 2023, with maximum sales charge, if applicable) | | | |
|--|------------------|--------------------|-------------------|
| | Past One Year | Past Five Years | Past Ten Years |
| Gabelli SRI Fund, Inc. | | | |
| Class AAA Shares | | | |
| Return Before Taxes | 11.81% | 9.62% | 5.73% |
| Return After Taxes on Distributions | 14.57% | 6.40% | 5.00% |
| Return After Taxes on Distributions and Sale of Fund Shares | 9.87% | 6.54% | 5.02% |
| Class A Shares | | | |
| Return Before Taxes | 5.40% | 8.33% | 5.10% |
| Class C Shares | | | |
| Return Before Taxes | 10.84% | 9.49% | 5.26% |
| Class I Shares | | | |
| Return Before Taxes | 11.83% | 9.69% | 5.88% |
| S&P 500 Index (reflects no deduction for fees, expenses, or taxes) | 26.29% | 15.69% | 12.03% |

After-tax returns are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. In some instances, the “Return After Taxes on Distributions and Sale of Fund Shares” may be greater than “Return Before Taxes” because the investor is assumed to be able to use the capital loss from the sale of Fund shares to offset other taxable gains. Actual after-tax returns depend on the investor’s tax situation and may differ from those shown. After-tax returns shown are not relevant to investors who hold their Fund shares through tax deferred arrangements, such as 401(k) plans or individual retirement accounts, including “Roth” IRAs and SEP IRAs (collectively, “IRAs”). After-tax returns are shown only for Class AAA shares. After-tax returns for other classes will vary due to the differences in expenses.

Management

The Adviser. Gabelli Funds, LLC

The Portfolio Managers. Mr. Kevin V. Dreyer, a Managing Director and Co-Chief Investment Officer for the Value team of GAMCO Investors, Inc., has served as a portfolio manager of the Fund since October 2011. Mr. Christopher J. Marangi, a Managing Director and Co-Chief Investment Officer for the Value team of GAMCO Investors, Inc., has served as a portfolio manager of the Fund since October 2011. Mr. Ian Lapey joined GAMCO Investors, Inc. in October 2018 and has served as a portfolio manager of the Fund since February 2019. Ms. Melody P. Bryant joined GAMCO Investors, Inc. in September 2018 and has served as a portfolio manager of the Fund since February 2019.

Purchase and Sale of Fund Shares

Class I shares are, as of the date of this prospectus, open for purchase on an unrestricted basis with a reduced minimum purchase amount. As of the date of this prospectus, the Fund’s respective Class AAA, Class A, and Class C shares are “closed to purchases from new investors.” “Closed to purchases from new investors” means: (i) with respect to Class AAA and Class A shares, no new investors may purchase shares of such classes, but existing shareholders may continue to purchase additional shares of such classes, and (ii) with respect to Class C shares, neither new investors nor existing shareholders may purchase any additional shares of such class. These changes will have no effect on existing shareholders’ ability to redeem shares of the Fund as described in this prospectus.

The minimum initial investment for Class AAA, Class A, and Class C shares will be \$1,000 (\$250 for IRAs or Coverdell Education Savings Plans) when and if initial investments into Class AAA, Class A, and Class C shares are reopened. When and if initial investments into Class AAA, Class A, and Class C shares are reopened, there will be no minimum initial investment for Class AAA, Class A, and Class C shares in an automatic monthly investment plan.

Class I shares are available to investors with a minimum investment of \$1,000 when purchasing shares directly through G.distributors, LLC, the Fund’s distributor (“G.distributors” or the “Distributor”), or investors purchasing Class I shares through brokers or financial intermediaries that have entered into selling agreements with the Distributor specifically with respect to Class I shares, and which may have different minimum investment amounts. If you transact in Class I shares through a broker or financial intermediary, you may be required to pay a commission and/or other forms of compensation to a broker

or financial intermediary. The Distributor reserves the right to waive or change the minimum investment amounts. There is no minimum for subsequent investments.

Since the minimum initial investment amount for the Fund's Class I shares purchased directly through the Distributor is the same as that for all other classes of the Fund's shares, shareholders still eligible to purchase Class AAA and Class A shares of the Fund should instead consider purchasing Class I shares since Class I shares carry no sales load and no ongoing distribution fees. Investors and shareholders who wish to purchase shares of the Fund through a broker or financial intermediary should consult their broker or financial intermediary with respect to the purchase of shares of the Fund. Please refer to the Fund's statutory prospectus for additional information about share class conversions and exchanges among funds managed by the Adviser or its affiliates.

You can purchase or redeem shares of the Fund on any day the New York Stock Exchange ("NYSE") is open for trading (each such day, a "Business Day"). You may purchase or redeem Fund shares by written request via mail (The Gabelli Funds, P.O. Box 219204, Kansas City, MO 64121-9204), personal or overnight delivery (The Gabelli Funds, c/o SS&C Global Investor and Distribution Solutions, Inc., 430 W 7th Street, Suite 219204, Kansas City, MO 64105-1407), Internet, bank wire, or Automated Clearing House ("ACH") system. You may also purchase or redeem Fund shares by telephone at 800-GABELLI (800-422-3554) if you have an existing account with banking instructions on file.

Fund shares can also be purchased or sold through registered broker-dealers or other financial intermediaries that have entered into appropriate selling agreements with the Distributor. The broker-dealer or other financial intermediary will transmit these transaction orders to the Fund on your behalf and send you confirmation of your transactions and periodic account statements showing your investments in the Fund.

Tax Information

The Fund expects that distributions will generally be taxable as ordinary income or long term capital gains to taxable investors, unless you are investing through a tax deferred arrangement, such as a 401(k) plan or an IRA.

Payments to Broker-Dealers and Other Financial Intermediaries

If you purchase shares of the Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and its related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's website for more information.

INVESTMENT OBJECTIVE, INVESTMENT STRATEGIES, AND RELATED RISKS

The Fund's investment objective is to seek capital appreciation. This investment objective is not fundamental and may be changed without shareholder approval. Shareholders will receive written notice 60 days prior to any change in the Fund's investment objective.

Socially Responsible Investing. The Fund will invest substantially all, and in any case, no less than 80% of its assets in companies that satisfy, at the time of investment, the socially responsible guidelines employed by the Fund. Pursuant to these guidelines, the Fund will not invest in companies that derive more than 10% of their revenues from the following areas: tobacco, cannabis, alcohol, gambling, or weapons production. The Adviser will monitor each holding of a socially responsible company on a continuous basis to ensure its compliance with the Fund's social guidelines. Securities that no longer meet these guidelines will be sold within a reasonable period of time after the Adviser makes such a determination. Securities may also be sold if the Adviser believes the securities no longer appear to be underpriced relative to their PMV.

Under normal market conditions, the Fund invests its assets in stocks that are listed on a recognized securities exchange or similar market, such as the National Market System of NASD, Inc. The Adviser will invest in companies that are selling in the public market at a significant discount to the Adviser's assessment of their PMV. The Adviser considers factors such as price, earnings expectations, earnings and price histories, balance sheet characteristics, and perceived management skills. The Adviser also considers changes in economic and political outlooks as well as individual corporate developments. The Adviser will sell any Fund investments that, in the Adviser's judgment, lose their perceived value relative to other investments.

The Fund's assets will be invested primarily in a broad range of readily marketable equity securities consisting of common stock, preferred stock, and securities that may be converted at a later time into common stock. Many of the common stocks the Fund will buy will not pay dividends; instead, stocks will be bought for the potential that their prices will increase, providing capital appreciation for the Fund. The value of equity securities will fluctuate due to many factors, including the past and predicted earnings of the issuer, the quality of the issuer's management, general market conditions, the forecasts for the issuer's industry, and the value of the issuer's assets. Holders of equity securities only have rights to value in the company after all debts have been paid, and they could lose their entire investment in a company that encounters financial difficulty.

The Fund may also use the following investment techniques:

- **Foreign Securities.** The Fund may invest in securities of non-U.S. issuers, including those of emerging markets.
- **Lower Grade Convertible Debt Securities.** The Fund will normally purchase only investment grade, convertible debt securities having a rating of, or equivalent to, at least "BBB" (which securities may have speculative characteristics) by S&P or, if unrated, judged by the Adviser to be of comparable quality. However, on occasion when the Adviser deems appropriate, the Fund may also invest up to 25% of its assets in more speculative convertible debt securities, provided such securities have a rating of, or equivalent to, at least an S&P rating of "B."
- **Defensive Investments.** When adverse market or economic conditions exist, the Fund may temporarily invest all or a portion of its assets in defensive instruments. Such instruments may include, without limitation, obligations of the U.S. government and its agencies or instrumentalities, or high quality short term money market instruments. Taking a temporary defensive position is inconsistent with the Fund's principal investment strategy. As a result, the Fund may not achieve its investment objective during a temporary defensive period or be able to sustain its then historical distribution levels.

The Fund may also engage in other investment practices in order to achieve its investment objective. These are discussed in the Fund's Statement of Additional Information (the "SAI"), which may be obtained by calling 800-GABELLI (800-422-3554), your financial intermediary, or free of charge through the Fund's website at www.gabelli.com.

Investing in the Fund involves the following risks:

- **Socially Responsible Investment Risk.** The application of the Adviser's socially responsible criteria will affect the Fund's exposure to certain issuers, industries, sectors, regions, and countries and may impact the relative financial performance of the Fund — positively or negatively — depending on whether such investments are in or out of favor. The Fund's investment strategy limits the types of investments the Fund can make, or may cause the Fund to forego certain investment opportunities. Consequently, the Fund may underperform the market as a whole or other funds that are not subject to the same limitations. In addition, the Fund seeks to identify companies that it believes may have a positive societal impact, but investors may differ in their views of what constitutes positive or negative societal impact. The Fund may invest in companies that do not reflect the beliefs or philosophy of any particular investor.
- **Convertible Securities Risk.** The Fund may invest in convertible securities which may include both convertible debt and convertible preferred stock. Such securities may be converted into shares of the underlying common stock at either a stated price or stated rate. Therefore, convertible securities enable the holder to benefit from increases in the market price of the underlying common stock. Convertible securities provide higher yields than the underlying common stock, but generally offer lower yields than nonconvertible securities of similar quality. The value of convertible securities fluctuates in relation to changes in interest rates and, in addition, fluctuates in relation to the underlying common stock. While no securities investment is without some risk, investments in convertible securities generally entail less risk than the issuer's common stock; however, the extent to which such risk is reduced depends in large measure upon the degree to which the convertible security sells above its value as a fixed income security. A convertible security may be subject to redemption at the option of the issuer at a price established in the convertible security's governing instrument. If a convertible security held by the Fund is called for redemption, the Fund will be required to permit the issuer to redeem the security, convert it into underlying common stock, or sell it to a third party. Investments by the Fund in convertible debt securities are not subject to any ratings restrictions, although the Adviser will consider such ratings, and any changes in such ratings, in its determination of whether the Fund should invest and/or continue to hold the securities. The credit standing of the issuer and other factors may have an effect on a convertible security's investment value. Convertible securities rank senior to common stock in a corporation's capital structure, but are usually subordinated to comparable non-convertible securities. Convertible securities are subject to interest rate risk and credit risk and are often lower quality securities.
- **Infectious Illness Risk.** A widespread outbreak of an infectious illness, such as the COVID-19 pandemic, may result in travel restrictions, disruption of healthcare services, prolonged quarantines, cancellations, supply chain disruptions, business closures, lower consumer demand, layoffs, ratings downgrades, defaults and other significant economic, social and political impacts. Markets may experience temporary closures, extreme volatility, severe losses, reduced liquidity and increased trading costs. Such events may adversely affect the Fund, its investments, and the value of your investment in the Fund. The fallout from the

COVID-19 pandemic and its subsequent variants, and the long-term impact on economies, markets, industries and individual issuers, are not known. Some sectors of the economy and individual issuers have experienced, and could continue to experience, particularly large losses as a result of new variants of COVID-19.

- **Equity Risk.** Equity risk is the risk that the prices of the securities held by the Fund will change due to general market and economic conditions, perceptions regarding the industries in which the companies issuing the securities participate, and the issuer companies' particular circumstances. These fluctuations may cause a security to be worth less than it was worth when it was purchased by the Fund. Because the value of securities, and thus shares of the Fund, could decline, you could lose money.
- **Preferred Stock Risk.** A preferred stock is a blend of the characteristics of a bond and common stock. It can offer the higher yield of a bond and has priority over common stock in equity ownership, but does not have the seniority of a bond and, unlike common stock, its participation in the issuer's growth may be limited. Preferred Stock has preference over common stock in the receipt of dividends and in any residual assets after payment to creditors should the issuer be dissolved. Although the dividend is set at a fixed annual rate, in some circumstances it can be changed or omitted by the issuer.
- **Financial Services Risk.** The Fund may from time to time invest in securities issued by financial services companies which means that the Fund will be exposed to risks associated with the financial services industry, including:
 - Financial services companies can be significantly affected by changing economic conditions, demand for consumer loans, refinancing activity and intense competition, including price competition. Profitability can be largely dependent upon the availability and cost of capital and the rate of consumer debt may adversely affect the scope of their activities, the prices they can charge and the amount of capital they must maintain, or may affect them in other ways that are unforeseeable. In the past, financial services companies in general experienced considerable financial distress, which led to the implementation of government programs designed to ease that distress. Different areas of the overall financial services sector tend to be highly correlated and particularly vulnerable to certain factors.
 - Federal or state law and regulations require banks, bank holding companies, broker-dealers and insurance companies to maintain minimum levels of capital and liquidity. Bank regulators have broad authority and can impose sanctions (including conservatorship or receivership) on non-complying banks even when these banks continue to be solvent, thereby possibly resulting in the elimination of stockholders' equity. Commercial banks (including "money center" regional and community banks), savings and loan associations and holding companies of the foregoing are especially subject to adverse effects of volatile interest rates, concentrations of loans in particular industries (such as real estate) and significant competition. The profitability of these businesses is to a significant degree dependent upon the availability and cost of capital funds. Economic conditions in the real estate market may have a particularly strong effect on certain banks and savings associations.

- **Foreign Securities Risk.** A fund that invests outside the United States carries additional risks that include:
 - **Access Risk.** The risk that some countries may restrict the Fund's access to investments or offer terms that are less advantageous than those for local investors. This could limit the attractiveness of investment opportunities available to the Fund.
 - **Currency Risk.** Fluctuations in exchange rates between the U.S. dollar and foreign currencies may negatively affect an investment. Adverse changes in exchange rates may erode or reverse any gains produced by foreign currency denominated investments and may widen any losses. The Fund may, but is not required to, seek to reduce currency risk by hedging part or all of its exposure to various foreign currencies.
 - **Emerging Markets.** Securities of companies in emerging markets or companies with significant exposure to emerging markets may be more volatile than those of companies in more developed markets. Emerging market countries generally have less developed markets and economies and, in some countries, less mature governments and governmental institutions. Foreign securities risks are more pronounced in the securities of companies located in emerging markets.
 - **Information Risk.** Key information about an issuer, security, or market may be inaccurate or unavailable.
 - **Liquidity Risk.** Foreign securities are sometimes less liquid than securities of comparably sized U.S. issuers.
 - **Political Risk.** Foreign governments may expropriate assets, impose capital or currency controls, impose punitive taxes, or nationalize a company or industry. Any of these actions could have a severe effect on securities prices and impair the Fund's ability to bring its capital or income back to the United States. Other political risks include economic policy changes, social and political instability, military action, and war.
- **Inflation Risk.** Inflation risk is the risk that the value of assets or income from investments will be less in the future as inflation decreases the value of money. As inflation increases, the real value of the Fund's shares and distributions thereon can decline. Inflation risk is linked to increases in the prices of goods and services and a decrease in the purchasing power of money. Inflation often is accompanied or followed by a recession, or period of decline in economic activity, which may include job loss and other hardships and may cause the value of securities to go down generally. Inflation risk is greater for fixed-income instruments with longer maturities. In addition, this risk may be significantly elevated compared to normal conditions because of recent monetary policy measures and the current interest rate environment. Inflation has recently increased and it cannot be predicted whether and to what extent it may decline.

Although the Federal Reserve has raised the federal funds rate, there is no guarantee that such increases will be effective at lowering inflation. Unanticipated or persistent inflation may have a material and adverse impact on the financial conditions or operating results of issuers in which the Fund may invest, which may cause the value of the Fund's investments to decline. In addition, higher interest rates that often accompany or follow periods of high inflation may

cause investors to favor asset classes other than common stocks, which may lead to broader market declines not necessarily related to the performance of any specific investments or specific issuers.

- **Interest Rate Risk, Maturity Risk, and Credit Risk.** When interest rates decline, the value of the portfolio's debt securities generally increases. Conversely, when interest rates rise, the value of the portfolio's debt securities generally declines. The magnitude of the increase or decline will often be greater for longer term debt securities than shorter term debt securities. It is also possible that the issuer of a debt security will not be able to make interest and principal payments when due. Recent rises in interest rates may increase certain risks associated with investing in the Fund, including generating the potential for longer periods of volatility and increased redemptions.
- **Lower Grade Convertible Debt Securities Risk.** The issuers of debt obligations having speculative characteristics may experience difficulty in paying principal and interest when due in the event of a downturn in the economy or unanticipated corporate developments. The market prices of such securities may become increasingly volatile in periods of economic uncertainty. Moreover, adverse publicity or the perceptions of investors over which the Adviser has no control, whether or not based on fundamental analysis, may decrease the market price and liquidity of such investments. Although the Adviser will attempt to avoid exposing the Fund to such risks, there is no assurance that it will be successful or that a liquid secondary market will continue to be available for the disposition of such securities.
- **Management Risk.** If the portfolio managers are incorrect in their assessment of the growth prospects of the securities the Fund holds, then the value of the Fund's shares may decline. In addition, the portfolio managers' strategy may produce returns that are different from other mutual funds that invest in similar securities.
- **Market Risk.** Global economies and financial markets are increasingly interconnected, which increases the likelihood that events or conditions in one country or region will adversely impact markets or issuers in other countries or regions. Securities in the Fund's portfolio may underperform in comparison to securities in general financial markets, a particular financial market, or other asset classes due to a number of factors, including inflation (or expectations for inflation), deflation (or expectations for deflation), interest rates, global demand for particular products or resources, market instability, debt crises and downgrades, embargoes, tariffs, sanctions and other trade barriers, regulatory events, other governmental trade or market control programs and related geopolitical events. In addition, the value of the Fund's investments may be negatively affected by the occurrence of global events such as war, terrorism, environmental disasters, natural disasters or events, country instability, and infectious disease epidemics or pandemics. For example, there is significant uncertainty around how the Russian invasion of Ukraine and the conflict in Israel and Gaza will evolve, as well as the potential economic impacts to the U.S. that could result from the conflicts. Other securities or markets could be similarly affected by past or future geopolitical or other events or conditions. In addition, the outbreak of COVID-19 has negatively affected economies, markets and individual companies throughout the world, including the United States. The effects of the COVID-19 pandemic, or other future epidemics or pandemics, on public health and business and market conditions, including exchange trading suspensions and closures, may continue to have a significant negative impact on the performance of the Fund's investments, increase the Fund's volatility, exacerbate pre-

existing political, social and economic risks to the Fund, and negatively impact broad segments of businesses and populations. The Fund's operations may be interrupted as a result, which may contribute to the negative impact on investment performance. In addition, governments, their regulatory agencies, or self-regulatory organizations may take actions in response to the pandemic that affect the instruments in which the Fund invests, or the issuers of such instruments, in ways that could have a significant negative impact on the Fund's investment performance. The full impact of the COVID-19 pandemic, or other future epidemics or pandemics, is currently unknown and cannot be predicted.

- **Geopolitical Risk.** Occurrence of global events such as war, terrorist attacks, natural disasters, country instability, infectious disease epidemics, pandemics and other public health issues, market instability, debt crises and downgrades, embargoes, tariffs, sanctions and other trade barriers and other governmental trade or market control programs, the potential exit of a country from its respective union and related geopolitical events, may result in market volatility and may have long-lasting impacts on both the U.S. and global financial markets. For example, Russia's military invasion of Ukraine, which began in February 2022, the resulting responses by the United States and other countries, and the potential for wider conflict have increased volatility and uncertainty in the financial markets and adversely affected regional and global economies. In addition, the conflict between Israel and Hamas and the involvement of the United States and other countries could present material uncertainty and risk with respect to the Fund and the performance of the Fund's investments or operations. These events, as well as other recent geopolitical events, such as rising tensions between the Chinese government and Taiwan and the United Kingdom's departure from the European Union (commonly referred to as "Brexit"), and related changes in foreign and domestic political and economic conditions, could adversely affect individual issuers or related groups of issuers, securities markets, interest rates, secondary trading, credit ratings, inflation, investor sentiment and other factors affecting the value of the Fund's investments.
- **Sector Risk.** Although the Fund does not employ a sector focus, the percentage of the Fund's assets invested in a particular sector can increase from time to time based on the Adviser's perception of available investment opportunities. If the Fund invests a significant portion of its assets in a particular sector, the Fund will be subject to the risk that companies in the same sector are likely to react similarly to legislative or regulatory changes, adverse market conditions, increased competition, or other factors affecting that market segment. In such cases, the Fund would be exposed to an increased risk that the value of its overall portfolio will decrease because of events that disproportionately and negatively affect that sector. In addition, investments in a particular sector may be more volatile than the broader market as a whole, and the Fund's investments in such a sector may be disproportionately susceptible to losses.
- **Portfolio Turnover Risk.** High portfolio turnover involves correspondingly greater expenses to the Fund, including brokerage commissions, or dealer mark-ups and other transaction costs on the sale of securities and reinvestments in other securities. Such sales may also result in adverse tax consequences to the Fund's shareholders. The trading costs and tax effects associated with portfolio turnover may adversely affect the Fund's performance.

Portfolio Holdings. A description of the Fund's policies and procedures with respect to the disclosure of the Fund's portfolio securities is available in the Fund's SAI.

MANAGEMENT OF THE FUND

The Adviser. Gabelli Funds, LLC, with its principal offices located at One Corporate Center, Rye, New York 10580-1422, is a New York limited liability company that serves as investment adviser to the Fund. The Adviser makes investment decisions for the Fund and continuously reviews and administers the Fund's investment program and manages the Fund's operations under the general supervision of the Board. The Adviser also manages several other open-end and closed-end investment companies in the Gabelli family of funds ("Gabelli Fund Complex" or "Fund Complex"). The Adviser is a wholly owned subsidiary of GAMCO Investors, Inc. ("GAMI"), a publicly held company listed on the OTCQX.

As compensation for its services and the related expenses borne by the Adviser for the fiscal year ended March 31, 2024, the Fund paid the Adviser a fee computed daily and payable monthly equal to 1.00% of the value of the Fund's average daily net assets.

The Adviser has contractually agreed to waive its investment advisory fees and/or reimburse expenses to the extent necessary to maintain Total Annual Fund Operating Expenses (excluding brokerage costs, interest, taxes, acquired fund fees and expenses, and extraordinary expenses) at no more than 0.90% for each class of shares, respectively. Under this same arrangement, the Fund has also agreed, during the three year period following the year of any such waiver or reimbursement by the Adviser, to repay such amount, but only to the extent the Fund's adjusted Total Annual Fund Operating Expenses would not exceed an annual rate of 0.90% for each class of shares, after giving effect to the repayments. This arrangement is in effect through July 29, 2025, and may be terminated only by the Board before such time. Any waivers and/or reimbursements made by the Adviser are subject to recoupment from the Fund for a period not to exceed three years after the occurrence of the waiver and/or reimbursement, provided that the Fund may only make repayments to the Adviser if such repayment does not cause the Fund's expense ratio (after the repayment is taken into account) to exceed either: (1) the expense cap in place at the time such amounts were waived or reimbursed, as applicable; or (2) the Fund's current expense cap.

The Fund's semiannual report to shareholders for the period ended September 30, 2023, contains a discussion of the basis of the Board's determination to continue the investment advisory agreement.

The Portfolio Managers.

Mr. Kevin V. Dreyer, a Managing Director of GAMI and Co-Chief Investment Officer of GAMI's Value team, manages a portion of the Fund's assets. He joined GAMI in 2005 as a research analyst. Mr. Dreyer currently serves as a portfolio manager for the Adviser, managing several funds within the Gabelli Fund Complex and GAMCO Asset Management Inc. ("GAMCO"), on its institutional and high net worth separate accounts team.

Mr. Christopher J. Marangi, a Managing Director of GAMI and Co-Chief Investment Officer of GAMI's Value team, manages a portion of the Fund's assets. He joined the GAMI in 2003 as a research analyst. He currently serves as a portfolio manager for the Adviser, managing several funds within the Gabelli Fund Complex and GAMCO, on its institutional and high net worth separate accounts team.

Mr. Ian Lapey has been a portfolio manager with Gabelli Funds, LLC since October 1, 2018. Mr. Lapey was most recently a research analyst and partner at Moerus Capital Management LLC. Prior to joining Moerus, Mr. Lapey was a partner, research analyst, and portfolio manager at Third Avenue Management.

Ms. Melody Prenner Bryant joined GAMI in September 2018. She has almost thirty years of experience as a portfolio manager. Most recently, Ms. Prenner Bryant was a managing director and chief investment officer for Trevor, Stewart, Burton & Jacobsen Inc., a New York based registered investment adviser. She has held senior and portfolio management positions at Neuberger Berman, LLC, John A. Levin & Co., and Kempner Asset Management.

As portfolio managers, Messrs. Dreyer, Marangi, Lapey, and Ms. Prenner Bryant are primarily responsible for the day to day investment decisions for the Fund.

The SAI provides additional information about the portfolio managers' compensation, other accounts they manage, and their ownership of securities in the Fund.

INDEX DESCRIPTION

The S&P 500 Index is a widely recognized, unmanaged index of common stocks. The index figures do not reflect any deductions for fees, expenses, or taxes.

CLASSES OF SHARES

Three classes of the Fund's shares are offered in this prospectus — Class AAA shares, Class A shares, and Class I shares. Class I Shares are, as of the date of this prospectus, open for purchase on an unrestricted basis with a reduced minimum purchase amount. As of the date of this prospectus, the Fund's respective Class AAA, Class A, and Class C Shares are "closed to purchases from new investors." "Closed to purchases from new investors" means: (i) with respect to Class AAA and Class A Shares, no new investors may purchase shares of such classes, but existing shareholders may continue to purchase additional shares of such classes, and (ii) with respect to Class C Shares, neither new investors nor existing shareholders may purchase any additional shares of such class. These changes will have no effect on existing shareholders' ability to redeem shares of the Fund as described in this prospectus.

Since the minimum initial investment amount for the Fund's Class I shares purchased directly through the Distributor is the same as that for all other classes of the Fund's shares, shareholders still eligible to purchase Class AAA and Class A shares of the Fund should instead consider purchasing Class I shares since Class I shares carry no sales load and no ongoing distribution fees. The Fund is not designed for market timers; see the section entitled "Redemption of Shares." Each class of shares has different costs associated with buying, selling, and holding Fund shares. Your broker or other financial professional can assist you in selecting which class of shares best meets your needs based on such factors as the size of your investment and the length of time you intend to hold your shares.

The minimum initial investment for Class AAA and Class A shares is or will be \$1,000, when and if initial investments into Class AAA and A shares are reopened.

The Fund's Class AAA shares are offered only to (1) clients of broker-dealers or other financial intermediaries (i) that charge such clients an ongoing fee for advisory, investment, consulting, or a similar service or (ii) where the Distributor has entered into an agreement permitting the financial intermediary to offer Class AAA shares through its mutual fund supermarket network or platform, and (2) customers of the Distributor.

Class I shares of the Fund are available to investors with a minimum initial investment amount of \$1,000 and purchasing shares directly through the Distributor, or investors purchasing Class I shares through brokers or financial intermediaries that have entered into selling agreements with the Distributor specifically with respect to Class I shares. Such brokers or financial intermediaries may have different requirements as to the investment minimum. If you transact in Class I shares through a broker or financial intermediary, you may be required to pay a commission and/or other forms of compensation to the broker or financial intermediary. The minimum investment requirement is waived for employee benefit plans with assets of at least \$50 million.

The Distributor or its affiliates may, in their discretion, accept investments from purchasers that do not meet the qualification requirements. There is no minimum for subsequent investments.

The table that follows summarizes the differences among the classes of shares.

- A “front-end sales load” or sales charge is a one-time fee that may be charged at the time of purchase of shares.
- A contingent deferred sales charge (“CDSC”) is a one-time fee that may be charged at the time of redemption.
- A “Rule 12b-1 fee” is a recurring annual fee for distributing shares and servicing shareholder accounts based on the Fund’s average daily net assets attributable to the particular class of shares.

| | Class AAA Shares | Class A Shares | Class C Shares | Class I Shares |
|-----------------------------------|--|---|--|--|
| Front End Sales Load? | No. | Yes. The percentage declines as the amount invested increases. The offering price of a Class A share includes the front-end sales load. | No. | No. |
| Contingent Deferred Sales Charge? | No. | No, except for shares redeemed up to and including the last day of the eighteenth month after purchase as part of an investment greater than \$1 million if no front-end sales charge was paid at the time of purchase. | Yes, for shares redeemed up to and including the last day of the twelfth month after purchase. | No. |
| Rule 12b-1 Fee | 0.25% | 0.25% | 1.00% | None |
| Convertible to Another Class? | Yes, may be converted to Class I shares provided certain conditions are met. | Yes, may be converted to Class I shares provided certain conditions are met. | Yes, may be converted to Class I shares provided certain conditions are met. Conversion to Class A shares after approximately eight years. | No. |
| Fund Expense Levels | Lower annual expenses than Class C shares. Higher annual expenses than Class I shares. Same as Class A shares. | Lower annual expenses than Class C shares. Higher annual expenses than Class I shares. Same as Class AAA shares. | Higher annual expenses than Class AAA, Class A, and Class I shares. | Lower annual expenses than Class AAA, Class A, and Class C shares. |

The following sections and Appendix A to this prospectus include important information about sales charges and sales charge reductions and waivers available to investors in Class A shares and describe information or records you may need to provide to the Fund or your broker in order to be eligible for sales charge reductions and waivers. Intermediaries may have different policies and procedures regarding the availability of sales charge reductions and waivers, please refer to Appendix A of this prospectus, which describes all such intermediaries. Information about sales charges and sales charge reductions and waivers to the various classes of the Fund's shares are also available free of charge and in a clear and prominent format on our website at www.gabelli.com. Investors and shareholders who wish to purchase shares of a Fund through a broker or financial intermediary should consult their broker or financial intermediary with respect to the purchase of shares of a Fund.

Sales Charge — Class A Shares. Unless you are eligible for a sales charge reduction or a waiver as set forth in Appendix A to this prospectus, the sales charge is imposed on Class A shares at the time of purchase in accordance with the following schedule. It is the purchaser's responsibility to notify the Fund, the Distributor, or the purchaser's financial intermediary at the time of purchase of any relationship or other facts qualifying the purchaser for sales charge reductions or waivers.

| Amount of Investment | Sales Charge as % of the Offering Price* | Sales Charge as % of Amount Invested | Reallowance to Broker-Dealers |
|---|---|---|--|
| Less than \$50,000 | 5.75% | 6.10% | 5.00% |
| \$50,000 but under \$100,000 | 4.75% | 4.99% | 4.00% |
| \$100,000 but under \$250,000 | 3.75% | 3.90% | 3.00% |
| \$250,000 but under \$500,000 | 2.75% | 2.83% | 2.25% |
| \$500,000 but under \$1 million | 2.00% | 2.04% | 1.75% |
| \$1 million but under \$2 million | 0.00%** | 0.00% | 1.00% |
| \$2 million but under \$3 million | 0.00%** | 0.00% | 0.50% |
| \$5 million or more | 0.00%** | 0.00% | 0.25% |

* Front-end sales load. The term "offering price" includes the front-end sales load.

** Subject to a CDSC equivalent to the corresponding amount listed under the column "Reallowance to Broker-Dealers" for redemptions up to and including the last day of the eighteenth month after purchase.

No sales charge is imposed on reinvestment of dividends and distributions if you select that option in advance of the distribution.

Breakpoints or Volume Discounts

The Fund offers you the benefit of discounts on the sales charges that apply to purchases of Class A shares in certain circumstances. These discounts, which are also known as breakpoints, can reduce or, in some instances, eliminate the initial sales charges that would otherwise apply to your Class A shares investment. Mutual funds are not required to offer breakpoints and different mutual fund groups may offer different types of breakpoints.

Breakpoints or volume discounts allow larger investments in Class A shares to be charged lower sales charges. If you invest \$50,000 or more in Class A shares of the Fund, then you are eligible for a reduced sales charge. Initial sales charges are eliminated completely for purchases of \$1,000,000 or more, although a 1% CDSC may apply if shares are redeemed up to and including the last day of the eighteenth month after purchase.

Sales Charge Reductions and Waivers — Class A Shares

Reduced sales charges are available to (1) investors who are eligible to combine their purchases of Class A shares to receive volume discounts and (2) investors who sign a Letter of Intent (“Letter”) agreeing to make purchases over time. Certain types of investors, as set forth below, are eligible for sales charge waivers.

Class A shares may be available for purchase by clients of certain financial intermediaries without the application of a front-end sales load, as described in Appendix A to the prospectus.

You may qualify for a reduced sales charge, or a waiver of sales charges, on purchases of Class A shares. The requirements are described in the following paragraphs. To receive a reduction that you qualify for, you may have to provide additional information to your broker or other service agent. For more information about sales charge discounts and waivers, consult with your broker or other service provider.

Volume Discounts/Rights of Accumulation. In order to determine whether you qualify for a volume discount under the foregoing sales charge schedule, you may combine your new investment and your existing investments in Class A shares with those of your immediate family (spouse and children under age 21), your and their IRAs and other employee benefit plans and trusts and other fiduciary accounts for your and their benefit. You may also include Class A shares of any other open-end investment company managed by the Adviser or its affiliates that are held in any of the foregoing accounts. The Fund uses the current net asset value per share (“NAV”) of these holdings when combining them with your new and existing investments for purposes of determining whether you qualify for a volume discount.

Letter of Intent. If you initially invest at least \$1,000 in Class A shares of the Fund and submit a Letter to your financial intermediary or the Distributor, you may make purchases of Class A shares of the Fund during a thirteen month period at the reduced sales charge rates applicable to the aggregate amount of the intended purchases stated in the Letter. The Letter may apply to purchases made up to ninety days before the date of the Letter. If you fail to invest the total amount stated in the Letter, the Fund will retroactively collect the sales charge otherwise applicable by redeeming shares in your account at their then current NAV. For more information on the Letter, call your broker.

Required Shareholder Information and Records. In order for you to take advantage of sales charge reductions, you or your broker must notify the Fund that you qualify for a reduction. Without notification, the Fund is unable to ensure that the reduction is applied to your account. You may have to provide information or records to your broker or the Fund to verify eligibility for breakpoint privileges or other sales charge waivers. This may include information or records, including account statements, regarding shares of the Fund or shares of any other open-end investment company managed by the Adviser or its affiliates held in:

- all of your accounts at the Fund or a financial intermediary;
- any accounts of yours at another financial intermediary; and
- accounts of related parties of yours, such as members of the same family, at any financial intermediary. You should therefore keep copies of these types of records.

Investors Eligible for Sales Charge Waivers. Class A shares of the Fund may be offered without a sales charge to: (1) employees of the Distributor and its affiliates, The Bank of New York Mellon Corporation, SS&C Global Investor & Distribution Solutions, Inc. (“SS&C GIDS” or “Transfer Agent”) and Soliciting Broker-Dealers, employee benefit plans for those employees and their spouses and minor children of such employees when orders on their behalf are placed by such employees (the minimum initial investment

for such purchases is \$500); (2) the Adviser, its affiliates and their officers, directors, trustees, general partners, and employees of other investment companies managed by the Adviser, employee benefit plans for such persons and their immediate family when orders on their behalf are placed by such persons (with no required minimum initial investment)—the term “immediate family” for this purpose refers to a person’s spouse, children and grandchildren (adopted or natural), parents, grandparents, siblings, a spouse’s siblings, a sibling’s spouse, and a sibling’s children; (3) any other investment company in connection with the combination of such company with the Fund by merger, acquisition of assets, or otherwise; (4) shareholders who have redeemed shares in the Fund and who wish to reinvest in the Fund, provided the reinvestment is made within ninety days of the redemption; (5) employee benefit plans; (6) any unit investment trusts registered under the Investment Company Act of 1940, as amended (“1940 Act”), which have shares of the Fund as a principal investment; (7) investment advisory clients of GAMCO Asset Management, Inc. and their immediate families; (8) financial institutions purchasing Class A shares of the Fund for clients participating in a fee based asset allocation program or wrap fee program; and (9) investment advisers or financial planners who place trades for their own accounts or the accounts of their clients and who charge a management, consulting, or other fee for their services; and clients of such investment advisers or financial planners who place trades for their own accounts if the accounts are linked to the master account of such investment adviser or financial planner on the books and records of a broker or financial intermediary.

Additional categories of sales charge reductions and waivers are also set out in Appendix A to this prospectus.

Investors who qualify under any of the categories described above or those set out in Appendix A to this prospectus should contact their financial intermediary. Some of these investors may also qualify to invest in Class I shares.

Contingent Deferred Sales Charges

You will pay a CDSC when you redeem:

- Class A shares up to and including the last day of the eighteenth month from when they were purchased as part of an investment greater than \$1 million if no front-end sales charge was paid at the time of purchase.
- Class C shares up to and including the last day of the twelfth month from when they were purchased.

The CDSCs payable upon redemption of Class A shares in the circumstances described above are 1.00% for investments of \$1 million but less than \$2 million, 0.50% for investments of \$2 million but less than \$5 million, and 0.25% for investments of \$5 million or more. The CDSC payable upon redemption of Class C shares in the circumstances described above is 1.00%. In each case, the CDSC is based on the NAV at the time of investment or the NAV at the time of redemption, whichever is lower.

The Distributor pays sales commissions of up to 1.00% of the purchase price of Class C shares of the Fund at the time of sale to brokers and financial intermediaries that initiate and are responsible for purchases of such Class C shares of the Fund.

You will not pay a CDSC to the extent that the value of the redeemed shares represents reinvestment of distributions or capital appreciation of shares redeemed. When you redeem shares, we will assume that you are first redeeming shares representing reinvestment of distributions, then any appreciation on

shares redeemed, and then any remaining shares held by you for the longest period of time. We will calculate the holding period of shares acquired through an exchange of shares of another fund from the date you acquired the original shares of the other fund. The time you hold shares in a Gabelli money market fund, however, will not count for purposes of calculating the applicable CDSC.

We will waive the CDSC payable upon redemptions of shares for:

- redemptions and distributions from retirement plans made after the death or disability of a shareholder;
- minimum required distributions made from an IRA or other retirement plan account after you reach age 70½;
- involuntary redemptions made by the Fund;
- a distribution from a tax deferred retirement plan after your retirement; and
- returns of excess contributions to retirement plans following the shareholder's death or disability.

The CDSC may be waived if you purchase your shares through intermediaries in Appendix A to this prospectus.

Rule 12b-1 Plan. The Fund has adopted distribution plans under Rule 12b-1 for Class AAA, Class A, and Class C shares of the Fund ("Plans" or each a "Plan"). Under these Plans, the Fund may use its assets to finance activities relating to the sale of its Class AAA, Class A, and Class C shares and the provision of certain shareholder services. To the extent that any activity is one that the Fund may finance without a distribution plan, the Fund may also make payments to compensate such activities outside a Plan and not be subject to its limitations.

The Class AAA and Class A share Plans authorize payments by the Fund on an annual basis of 0.25% of its average daily net assets attributable to Class AAA and Class A shares to finance distribution or pay shareholder service fees. The Class C share Plan authorizes payments on an annual rate of 0.75% of its average daily net assets attributable to Class C shares to finance distribution of its Class C shares and 0.25% for shareholder service fees. The Fund's Class C Plan will remain in place because it serves to finance prior sales of Class C shares (prior to the Class C shares being closed to purchase) and finances the continued need to service existing Class C shareholder accounts.

Because the Rule 12b-1 fees are higher for Class C shares than for Class AAA and Class A shares, Class C shares will have higher annual expenses. Because Rule 12b-1 fees are paid out of the Fund's assets on an on-going basis, over time these fees will increase the cost of your investment and may cost you more than paying other types of sales charges. Due to the payment of Rule 12b-1 fees, long term shareholders may indirectly pay more than the equivalent of the maximum permitted front-end sales charge.

Redemption Fee. Generally, if you sell or exchange your shares within seven days or less after the purchase date, you will be charged a redemption fee of 2.00% of the total redemption amount which is payable to the Fund. See "Redemption of Shares" herein.

PURCHASE OF SHARES

The Fund's respective Class AAA, Class A, and Class C shares have been "closed to purchases from new investors." "Closed to purchases from new investors" means: (i) with respect to Class AAA and Class A shares, no new investors may purchase shares of such classes, but existing shareholders may continue

to purchase additional shares of such classes, and (ii) with respect to Class C shares, neither new investors nor existing shareholders may purchase any additional shares of such class. These changes will have no effect on existing shareholders' ability to redeem shares of the Fund as described herein.

You can purchase the Fund's shares on any Business Day.

- **By Mail or In Person.** You may open an account by mailing a completed subscription order form with a check or money order payable to "Gabelli SRI Fund" to:

- **Telephone.** You may make purchases for an existing account with banking instructions on file by telephone at 800-GABELLI (800-422-3554).

If you are making an initial purchase, you should also complete and mail a subscription order form to the address shown under "By Mail." Note that banks may charge fees for wiring funds, although the Fund's Transfer Agent, SS&C GIDS, will not charge you for receiving wire transfers.

You may purchase shares directly through registered broker-dealers or other financial intermediaries that have entered into appropriate selling agreements with the Distributor.

Your broker-dealer or other financial intermediary can obtain a subscription order form by calling 800-GABELLI (800-422-3554). The broker-dealer or other financial intermediary will transmit a purchase order and payment to SS&C GIDS on your behalf. Broker-dealers or other financial intermediaries may send you confirmations of your transactions and periodic account statements showing your investments in the Fund.

Share Price. The Fund sells its shares based on the NAV next determined after the time as of which the Fund receives your completed subscription order form but does not issue the shares to you until it receives full payment, subject to a front-end sales charge in the case of Class A shares. See "Pricing of Fund Shares" herein for a description of the calculation of the NAV.

Minimum Investments. The minimum initial investment for Class AAA, Class A, and Class C shares will be \$1,000 (\$250 for IRAs or Coverdell Education Savings Plans) when and if initial investments into Class AAA, Class A, and Class C shares are reopened. The minimum initial investment for Class I shares is \$1,000 for investors purchasing Class I shares directly through the Distributor. Investors who wish to purchase Class I shares through brokers or financial intermediaries that have entered into selling agreements with the Distributor specifically with respect to Class I shares should consult their broker or financial intermediary with respect to any minimum investment amount required for their account. The Distributor or its affiliates may, in their discretion, waive the minimum investment requirement under certain circumstances. There is no minimum for subsequent investments. Broker-dealers and financial intermediaries may have different minimum investment requirements.

General. SS&C GIDS will not issue share certificates unless you request them. The Fund reserves the right to (i) reject any purchase order if, in the opinion of the Fund's management, it is in the Fund's best interest to do so, (ii) suspend the offering of shares for any period of time, and (iii) waive the Fund's minimum purchase requirements. Except for differences attributable to these arrangements, the shares of all classes are substantially the same.

Customer Identification Program. Federal law requires the Fund to obtain, verify, and record identifying information, which may include the name, residential, or business address, date of birth (for an individual), social security or taxpayer identification number, or other identifying information, for each investor who opens or reopens an account with the Fund. Applications without the required information may be rejected or placed on hold until the Fund verifies the account holder's identity.

Third Party Arrangements. In addition to, or in lieu of, amounts received by broker-dealers or other financial intermediaries as reallowances of a portion of sales commissions, the Adviser and its affiliates may utilize a portion of their assets, which may include revenues received under the Plans, to pay all or a portion of the charges of various programs that make shares of the Fund available to their customers.

These payments, sometimes referred to as "revenue sharing," do not change the price paid by investors to purchase the Fund's shares or the amount the Fund receives as proceeds from such sales. Revenue sharing payments may be made to broker-dealers and other financial intermediaries that provide services to the Fund or to shareholders in the Fund, including (without limitation) the following programs: shareholder servicing to Fund shareholders, transaction processing, subaccounting services, marketing support, access to sales meetings, sales representatives, and management representatives of the broker-dealers or other financial intermediaries. Revenue sharing payments may also be made to broker-dealers and other financial intermediaries for inclusion of the Fund on a sales list, including a preferred or select sales list, and in other sales programs. These payments may take a variety of forms, including (without limitation) compensation for sales, "trail" fees for shareholder servicing and maintenance of shareholder accounts, and finders' fees that vary depending on the share class and the dollar amount of shares sold. Revenue sharing payments may be structured: (i) as a percentage of sales; (ii) as a percentage of net assets; and/ or (iii) as a fixed dollar amount.

The Adviser may also provide non-cash compensation to broker-dealers or other financial intermediaries in accordance with applicable rules of FINRA, such as the reimbursement of travel, lodging, and meal expenses incurred in connection with attendance at educational and due diligence meetings or seminars by qualified representatives of those firms and, in certain cases, their families; meeting fees; certain entertainment; advertising or other promotional expenses; or other permitted expenses as determined in accordance with applicable FINRA rules. In certain cases, these other payments could be significant.

Subject to tax limitations and approval by the Board, the Fund may also make payments to third parties out of its own assets (other than Rule 12b-1 payments) for a portion of the charges for those programs that generally represent savings of expense experienced by the Fund resulting from shareholders investing in the Fund through such programs rather than investing directly in the Fund.

The Adviser negotiates the level of payments described above to any particular broker-dealer or other financial intermediary. Currently, such payments (expressed as a percentage of net assets) range from 0.10% to 0.40% per year of the average daily net assets of the Fund attributable to the particular firm depending on the nature and level of services and other factors. In the case of Class I shares, the Fund may not make any payments for distribution related services.

In addition, in certain cases, broker-dealers or other financial intermediaries may have agreements pursuant to which shares of the Fund owned by their clients are held of record on the books of the Fund in omnibus accounts maintained by each intermediary, and the intermediaries provide those Fund shareholders with sub-administration and sub-transfer agency services. Pursuant to the Fund's transfer agency agreement, the Fund pays the transfer agent a fee for each shareholder account. As a result, the use of one omnibus account for multiple beneficial shareholders can create a cost savings to the Fund. The Board may, from time to time, authorize the Fund to pay a portion of the fees charged by these intermediaries if (i) a cost savings to the Fund can be demonstrated and (ii) the omnibus account of the intermediary has net assets in the Fund in excess of \$10 million. In these cases, the Board may authorize the Fund to pay a portion of the fees to the intermediary in an amount no greater than the lower of the transfer agency cost savings relating to the particular omnibus account or 0.10% of the average daily net assets of that omnibus account. These payments compensate these intermediaries for the provision of sub-administration and sub-transfer agency services associated with their clients whose shares are held of record in this manner.

Additional Purchase Information

Retirement Plans/Education Savings Plans. The Fund makes available IRAs and Coverdell Education Savings Plans for investment in Fund shares. Applications may be obtained from the Distributor by calling 800-GABELLI (800-422-3554). Self-employed investors may purchase shares of the Fund through tax deductible contributions to existing retirement plans for self-employed persons, known as "Keogh" or "H.R.-10" plans. The Fund does not currently act as a sponsor to such plans. Fund shares may also be a suitable investment for other types of qualified pension or profit sharing plans which are employer sponsored, including deferred compensation or salary reduction plans known as "401(k) Plans." For Class AAA, A, and I shares, the minimum initial investment in all such retirement and education savings plans is \$250. There is no minimum subsequent investment for retirement or education savings plans.

Automatic Investment Plan. The Fund offers an automatic monthly investment plan. For Class AAA, A, and I shares, there is no minimum initial investment for accounts establishing an automatic investment plan. Call your financial intermediary or the Distributor at 800-GABELLI (800-422-3554) for more details about the plan.

Telephone or Internet Investment Plan. You may purchase additional shares of the Fund by telephone and/or over the Internet if your bank is a member of the ACH system. You must have a completed and approved Account Options Form on file with the Transfer Agent. There is a minimum of \$100 for each telephone or Internet investment. However, you may split the \$100 minimum between two funds. To initiate an ACH purchase, call your financial intermediary or the Distributor at 800-GABELLI (800-422-3554) or 800-872-5365 or visit our website at www.gabelli.com.

Voluntary Conversion. Shareholders may be able to convert shares to Class I shares of the Fund, which have a lower expense ratio, provided certain conditions are met. For Class A and Class C shares, this conversion feature is intended for shares held through a financial intermediary offering a fee based or wrap fee program that has an agreement with the Adviser or the Distributor specific for this purpose. Shareholders who currently hold Class AAA shares and are eligible to purchase Class I shares may convert existing Class AAA shares to Class I shares of the same Fund through their financial intermediary if their financial intermediary has a specific agreement with the Distributor. In such instances, Class AAA, Class A, or Class C shares may be converted under certain circumstances. Generally, Class C shares are not eligible for conversion until the applicable CDSC period has expired. Under current interpretation of applicable federal income tax law by the Internal Revenue Service, this voluntary conversion to Class I shares generally should not be treated as a taxable event. Please contact your financial intermediary for additional information. Not all share classes are available through all financial intermediaries. Shareholders should consult with their own tax advisors for the tax impact of a conversion under their individual circumstances.

Shareholders owning Class AAA or Class A shares of the Fund should consider converting their holdings to Class I shares of the Fund given the change in eligibility requirements for investing in Class I shares. Shareholders owning Class C shares of the Fund should also consider converting their holdings to Class I shares if they otherwise meet the eligibility requirements described herein to convert their Class C shares of the Fund to a different share class. Conversions of Class C shares of the Fund to Class A shares of the Fund will no longer be permitted; rather, Class C shares of the Fund that would otherwise have been converted to Class A shares of the Fund pursuant to the policies previously described herein will instead be converted to Class I shares. Shareholders who hold shares of the Fund through a broker or financial intermediary should contact their broker or financial intermediary regarding any conversion of shares.

If shares of the Fund are converted to a different share class of the Fund, the transaction will be based on the respective NAV of each class as of the trade date of the conversion. Consequently, a shareholder may receive fewer shares or more shares than originally owned, depending on that day's NAVs. Please contact your tax adviser regarding the tax consequences of any conversion.

Conversion of Class C shares to Class A shares. Investors whose accounts are held at the Fund's transfer agent are eligible to hold Class C shares of the Fund only until the month of the 8-year anniversary of the purchase date. In the month of the 8-year anniversary of the purchase date, the Fund will convert such an investor's Class C shares into Class A shares. This conversion will not be subject to any sales charge, fee, or other charge, and will be based on the relative NAVs of the two classes in question. To the Fund's knowledge, the Internal Revenue Service ("IRS") has taken the position that such conversions are not taxable. Should the Fund become aware that such IRS position has changed, the conversion feature may be suspended. If this were to happen, you would have the option of instructing the Fund to continue to convert your Class C shares of the Fund to Class A shares of the Fund at the anniversary date described above. This conversion would also be based on the relative NAVs of the two classes in question, without the imposition of a sales charge or fee, but you might face certain tax consequences as a result. Shareholders should consult with their tax adviser regarding the federal, state and local tax consequences of such conversions.

Investors holding Class C shares of the Fund through a financial intermediary in "street name" may be subject to different eligibility requirements regarding the holding of Class C shares of the Fund. In this regard, a financial intermediary may sponsor and/or control accounts, programs, or platforms that impose a different

conversion schedule or different eligibility requirements for the conversion of Class C shares into Class A shares. In these cases, Class C shares of the Fund may be converted to Class A shares under the policies of the financial intermediary and the conversion may be structured as an exchange of Class C shares for Class A shares of the Fund. Financial intermediaries will be responsible for making such exchanges in those circumstances. Please consult with your financial intermediary if you have any questions regarding your shares' conversion from Class C shares to Class A shares. To the extent a financial intermediary's policies provide for no such conversion, or for a conversion schedule that extends beyond the month of the 8-year anniversary of the purchase date, investors holding Class C shares through such financial intermediary may be disadvantaged relative to investors holding Class C shares either at the Fund's transfer agent or through another financial intermediary. Because Class C shares pay higher ongoing asset based distribution and shareholder servicing fees than Class A shares, financial intermediaries may have a conflict of interest in establishing their relevant conversion schedules and eligibility requirements. Additional information can be found in Appendix A, "Sales Charge Reductions and Waivers Available Through Certain Intermediaries," attached to the Fund's prospectus.

Conversion Among Classes Based on Eligibility Criteria. Shareholders who hold their shares of a Fund directly at a Fund's transfer agent are only eligible to hold the class of Fund shares with the lowest Distribution and Service (Rule 12b-1) Fees for which such shareholders are otherwise eligible to purchase or hold based on the minimum investment requirements and other eligibility criteria for that class.

In determining whether a shareholder is eligible to continue to hold any particular class of Fund shares, the Adviser considers each class's minimum investment requirements and other eligibility criteria. See "Classes of Shares" herein.

The Adviser will make the foregoing eligibility determinations at least once per calendar year (the "Determination Date"). Based on this determination, if a shareholder who holds its shares directly at a Fund's transfer agent is eligible to hold a class of Fund shares with lower Distribution and Service (Rule 12b-1) Fees, any of such shareholder's shares not already held as that class will be converted to that class within approximately 30 calendar days following the Determination Date. In no event will a shareholder's shares be converted to a class of shares bearing higher Distribution and Service (Rule 12b-1) Fees, irrespective of the foregoing eligibility determinations.

For U.S. federal income tax purposes, the conversion of a shareholder's investment from one class of shares of a Fund to another class of shares of the same Fund generally should not result in the recognition of gain or loss. Thus, in general, the shareholder's tax basis in the new class of shares immediately after the conversion should equal the shareholder's tax basis in the converted shares immediately before the conversion, and the holding period of the new class of shares should include the holding period of the converted shares.

REDEMPTION OF SHARES

You can redeem shares of the Fund on any Business Day. The Fund may temporarily stop redeeming its shares beyond seven (7) days when the NYSE is closed, when trading on the NYSE is restricted (as determined by the Securities and Exchange Commission ("SEC")), or when an emergency exists (as determined by the SEC) and the Fund cannot sell its portfolio securities or accurately determine the value of its assets, or if the SEC orders the Fund to suspend redemptions.

The Fund redeems its shares based on the NAV next determined after the time as of which the Fund or, if applicable, its authorized designee, receives your redemption request in proper form, subject in some cases to a redemption fee or a CDSC, as described under “Classes of Shares—Contingent Deferred Sales Charges” or a redemption fee as described below in this section. A redemption is a taxable event to you on which you would realize gain or loss (subject to certain limitations on the deductibility of losses). In instances where a redemption fee is triggered, a CDSC may also apply, as described in greater detail in other parts of this prospectus.

You may redeem shares through a broker-dealer or other financial intermediary that has entered into a selling agreement with the Distributor. The broker-dealer or other financial intermediary will transmit a redemption order to SS&C GIDS on your behalf. The redemption request will be effected at the NAV next determined (less any applicable CDSC) after the Fund or, if applicable, its authorized designee, receives the request in proper form. If you hold share certificates, you must present the certificates endorsed for transfer.

The Fund is intended for long term investors and not for those who wish to trade frequently in Fund shares. The Fund believes that excessive short term trading of Fund shares creates risks for the Fund and its long term shareholders, including interference with efficient portfolio management, increased administrative and brokerage costs, and potential dilution in the value of Fund shares.

In addition, because the Fund may invest in foreign securities traded primarily on markets that close prior to the time the Fund determines its NAV, frequent trading by some shareholders may, in certain circumstances, dilute the value of Fund shares held by other shareholders. This may occur when an event that affects the value of the foreign securities takes place after the close of the primary foreign market, but before the time that the Fund determines its NAV. Certain investors may seek to take advantage of the fact that there will be a delay in the adjustment of the market price for a security caused by this event until the foreign market reopens (referred to as price arbitrage). If this occurs, frequent traders who attempt this type of price arbitrage may dilute the value of the Fund’s shares to the extent they receive shares or proceeds based upon NAVs that have been calculated using the closing market prices for foreign securities, if those prices have not been adjusted to reflect a change in the fair value of the foreign securities. In an effort to prevent price arbitrage, the Fund has procedures designed to adjust closing market prices of foreign securities before it calculates its NAV when it believes such an event has occurred that will have more than a minimal effect on the NAV. Prices are adjusted to reflect what the Fund believes are the fair values of these foreign securities at the time the Fund determines its NAV (called fair value pricing). Fair value pricing, however, involves judgments that are inherently subjective and inexact since it is not always possible to be sure when an event will affect a market price and to what extent. As a result, there can be no assurance that fair value pricing will always eliminate the risk of price arbitrage.

In order to discourage frequent short term trading in Fund shares, the Fund has adopted policies and procedures that impose a 2.00% redemption fee (short term trading fee) on shares that are redeemed or exchanged within seven days of a purchase. This fee is calculated based on the share’s aggregate NAV on the date of redemption and deducted from the redemption proceeds. The redemption fee is not a sales charge; it is retained by the Fund and does not benefit the Fund’s Adviser or any third party. For purposes of computing the redemption fee, shares will be redeemed in reverse order of purchase (the latest shares acquired will be treated as being redeemed first). Redemptions to which the fee applies include redemption of shares resulting from an exchange made pursuant to the Fund’s exchange privilege. The redemption

fee will not apply to redemptions of shares where (i) the shares were purchased through automatic reinvestment of dividends or other distributions, (ii) the redemption is initiated by the Fund, (iii) the shares were purchased through programs that collect the redemption fees at the program level and remit them to the Fund, or (iv) the shares were purchased through programs that the Adviser determines to have appropriate anti-short term trading policies in place or as to which the Adviser has received assurances that look-through redemption fee procedures or effective anti-short term trading policies and procedures are in place.

While the Fund has entered into information sharing agreements with financial intermediaries which contractually require such financial intermediaries to provide the Fund with information relating to their customers investing in the Fund through non-disclosed or omnibus accounts, the Fund cannot guarantee the accuracy of the information provided to it from financial intermediaries and may not always be able to track short term trading effected through these financial intermediaries. In addition, because the Fund is required to rely on information provided by the financial intermediary as to the applicable redemption fee, the Fund cannot guarantee that the financial intermediary is always imposing such fee on the underlying shareholder in accordance with the Fund's policies. Subject to the exclusions discussed above, the Fund seeks to apply these policies uniformly.

Certain financial intermediaries may have procedures which differ from those of the Fund to collect the redemption fees or that prevent or restrict frequent trading. Investors should refer to their intermediary's policies on frequent trading restrictions.

The Fund continues to reserve all rights, including the right to refuse any purchase request (including requests to purchase by exchange) from any person or group who, in the Fund's view, is likely to engage in excessive trading or if such purchase is not in the best interest of the Fund and to limit, delay, or impose other conditions on exchanges or purchases. The Fund has adopted a policy of seeking to minimize short term trading in its shares and monitors purchase and redemption activities to assist in minimizing short term trading.

If you hold shares directly through the Distributor, you may redeem shares:

- **By Letter.** You may mail a letter requesting the redemption of shares to: **The Gabelli Funds, P.O. Box 219204, Kansas City, MO 64121-9204.** Your letter should state the name of the Fund and the share class, the dollar amount or number of shares you wish to redeem, and your account number. You must sign the letter in exactly the same way the account is registered, and if there is more than one owner of shares, all owners must sign. You can obtain a medallion signature guarantee from financial institutions such as commercial banks, broker-dealers, and savings banks and credit unions. A notary public cannot provide a medallion signature guarantee.
- **By Telephone or the Internet.** Unless you have requested that telephone or Internet redemptions from your account not be permitted, you may redeem your shares in an account (excluding an IRA) directly registered with SS&C GIDS by calling either 800-GABELLI (800-422-3554) or 800-872-5365 (617-328-5000 from outside the United States) or by visiting our website at www.gabelli.com. You may not redeem Fund shares held through an IRA through the Internet. IRA holders should consult a tax adviser concerning the current tax rules applicable to IRAs. If SS&C GIDS properly acts on telephone or Internet instructions after following reasonable procedures to protect against unauthorized transactions, neither

SS&C GIDS nor the Fund will be responsible for any losses due to unauthorized telephone or Internet transactions and instead you would be responsible. You may request that proceeds from telephone or Internet redemptions be mailed to you by check (if your address has not changed in the prior thirty days), forwarded to you by bank wire, or invested in another mutual fund advised by the Adviser (see “Exchange of Shares”). Among the procedures that SS&C GIDS may use are passwords or verification of personal information. The Fund may impose limitations from time to time on telephone or Internet redemptions.

1. Telephone or Internet Redemption By Check. The Fund will make checks payable to the name in which the account is registered and will normally mail the check to the address of record within seven days.
2. Telephone or Internet Redemption By Bank Wire or ACH system. The Fund accepts telephone or Internet requests for wire or ACH system redemptions in amounts of at least \$1,000. The proceeds are normally wired on the next Business Day.

If you redeem shares through your broker or other financial intermediary, the broker or financial intermediary will transmit a redemption order to SS&C GIDS on your behalf. The redemption request will be effected at the NAV per share next determined (less any applicable CDSC and redemption fee, if applicable) after a Fund receives the request in proper form. If you hold share certificates, you must present the certificates endorsed for transfer.

Automatic Cash Withdrawal Plan. You may automatically redeem shares on a monthly, quarterly, or annual basis if you have at least \$10,000 in your account, and if your account is directly registered with SS&C GIDS. Call 800-GABELLI (800-422-3554) for more information about this plan.

Involuntary Redemption. The Fund may redeem all shares in your account (other than an IRA or Coverdell education savings account) if the value falls below \$1,000 as a result of redemptions (but not as a result of a decline in NAV). You will be notified in writing before the Fund initiates such action and you will be allowed thirty days to increase the value of your account to at least \$1,000.

Reinstatement Privilege. A shareholder in the Fund who has redeemed Class A shares may reinvest, without a sales charge, up to the full amount of such redemption at the NAV determined at the time of the reinvestment within ninety days of the original redemption. A redemption is a taxable transaction and a gain or loss may be recognized for federal income tax purposes even if the reinstatement privilege is exercised. However, any loss realized upon the redemption will not be recognized as to the number of shares acquired by reinstatement, within thirty days of redemption, in which case an adjustment will be made to the tax basis of the shares so acquired.

Redemption Proceeds. The Fund expects to meet redemption requests typically by selling portfolio assets, with holdings of cash and cash equivalents, or by drawing on its line of credit. In certain circumstances, the Fund may meet a redemption request in-kind, as described under “Redemption In Kind.” These methods of meeting redemption requests are expected to be used in both normal and stressed market conditions. A redemption request received by the Fund will be effected based on the NAV per share next determined after the time as of which the Fund or, if applicable, its authorized designee, receives the request. If you request redemption proceeds by wire, the Fund will normally wire the funds according to the wire instructions you provide, within three business days after receipt of your redemption request. If you request redemption proceeds by check, the Fund will normally mail the check to you within

seven days after receipt of your redemption request. If you purchased your Fund shares by check or through the Automatic Investment Plan you may not receive proceeds from your redemption until the check clears or ten days following the purchase, whichever is earlier. While the Fund will delay the processing of the redemption payment until the check clears, your shares will be valued at the next determined NAV after receipt of your redemption request. Typically, the Fund receives redemption requests through the National Securities Clearing Corporation (“NSCC”) system, which is utilized by financial intermediaries to submit requests on behalf of their clients or customers who hold shares of the Fund in “street name.” In such circumstances, the Fund expects redemption proceeds to be delivered via the NSCC system within three business days after receipt of a redemption request. The NSCC system is not used for shareholders whose accounts are held at the Fund’s transfer agent (as opposed to shareholders whose accounts are held in “street name” at a broker or other financial intermediary).

Redemption In Kind. The Fund may pay your redemption proceeds wholly or partially in portfolio securities. Specifically, the Fund may pay your redemption proceeds in portfolio securities if you redeem more than \$250,000 over the preceding three months, and the Adviser believes that economic conditions exist which would make payments in cash detrimental to the best interests of the Fund. In such an instance, the Fund would communicate to you its intention to meet your redemption request in portfolio securities. Securities received in kind will remain subject to the risk of market fluctuations until sold; however, the Fund would distribute to you from its portfolio of investments only securities that the Adviser determines are readily marketable. The specific security or securities to be distributed will be selected at the discretion of the Board or its designee(s), subject to any applicable laws or regulations, and could be individual securities, a representative basket of securities or a pro rata slice of the Fund’s portfolio. Any additional remainder in value owed to you between such securities and Fund shares that you submitted for redemption would be paid to you in cash. Payments would be made in portfolio securities only in instances where the Fund’s Board (or its delegate) believes that it would be in the Fund’s best interest not to pay the redemption proceeds in cash. A redemption in kind would be a taxable event to you on which you would realize a capital gain or capital loss on your shares redeemed if you hold your shares as capital assets. The deductibility of capital losses is subject to certain limitations. Additionally, you may incur brokerage costs in converting any of the securities received to cash. The foregoing considerations apply in both normal and stressed market considerations. Please see “Redemption of Shares” in the SAI for additional information.

EXCHANGE OF SHARES

You can exchange shares of the Fund for shares of the same class of certain other funds managed by the Adviser or its affiliates based on their relative NAVs at the time of exchange. To obtain a list of the funds whose shares you may acquire through an exchange, call 800-GABELLI (800-422-3554), or contact your broker. Class C shares will continue to age from the date of the original purchase of such shares and will assume the CDSC rate such shares had at the time of exchange. You may also exchange your shares for shares of the same class of a money market fund managed by the Adviser or its affiliates without imposition of any CDSC at the time of exchange. Upon subsequent redemption from such money market fund or the Fund (after re-exchange into the Fund), such shares will be subject to the CDSC calculated by excluding the time such shares were held in a Gabelli money market fund. The Fund may impose limitations on, or terminate, the exchange privilege with respect to any investor at any time. You will be given notice at least sixty days prior to any material change in the exchange privilege. An exchange of shares is a taxable event to you on which you would realize capital gain or loss (subject to possible limitations of deductibility).

In effecting an exchange:

- you must meet the minimum investment requirements for the fund whose shares you wish to purchase through exchange;
- if you are exchanging into a fund with a higher sales charge, you must pay the difference at the time of the exchange;
- if you are exchanging from a fund with a redemption fee applicable to the redemption involved in your exchange, you must pay the redemption fee at the time of exchange;
- you will realize a taxable gain or loss (subject to certain loss limitation rules) because the exchange is treated as a sale for federal income tax purposes;
- you should read the prospectus of the fund whose shares you are purchasing through exchange. Call 800-GABELLI (800-422-3554), or visit our website at www.gabelli.com, to obtain the prospectus; and
- you should be aware that a financial intermediary may charge a fee for handling an exchange for you.

You may exchange your shares through the Distributor, directly through the Transfer Agent, or through your financial intermediary that has entered into the appropriate selling agreement with the Distributor.

- **Exchange by Telephone.** You may give exchange instructions by telephone by calling 800-GABELLI (800-422-3554).
- **Exchange by Mail.** You may send a written request for exchanges to: **The Gabelli Funds, P.O. Box 219204, Kansas City, MO 64121-9204.** Your letter should state your name, your account number, the dollar amount or number of shares you wish to exchange, the name and class of the fund(s) whose shares you wish to exchange, and the name of the fund(s) whose shares you wish to acquire.
- **Exchange through the Internet.** You may also give exchange instructions via the Internet at www.gabelli.com. The Fund may impose limitations from time to time on Internet exchanges.

Your financial intermediary may charge you a processing fee for assisting you in purchasing or redeeming shares of the Fund. This charge is set by your financial intermediary and does not benefit the Fund, the Distributor, or the Adviser in any way. It is in addition to the sales charges and other costs, if any, described in this Prospectus and must be disclosed to you by your broker-dealer or other financial intermediary.

The exchange privilege described in this section remains in place and subject to the policies described herein for Class I shares of the Fund and for share classes “closed to purchases from new investors.” The principal effects of this will be:

- Shareholders owning Class I shares of the Fund will only be able to exchange their shares for Class I shares of another fund managed by the Adviser or its affiliates if they meet the minimum investment requirements for Class I shares of that other fund;
- Exchanges for Class AAA or Class A shares of the Fund are only be permitted for existing holders of Class AAA or Class A shares, as applicable, of the Fund into which such shareholder seeks to exchange; and

- Class C shares of the Fund are no longer available as an exchange option for holders of Class C shares of other funds managed by the Adviser or its affiliates.

PRICING OF FUND SHARES

The Fund's NAV is calculated separately for each class of shares on each Business Day. The NYSE is open Monday through Friday, but currently is scheduled to be closed on New Year's Day, Martin Luther King, Jr. Day, Presidents' Day, Good Friday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day and on the preceding Friday or subsequent Monday when a holiday falls on a Saturday or Sunday, respectively.

The NAV is determined as of the close of regular trading on the NYSE, normally 4:00 p.m., Eastern Time. The NAV of each class is computed by dividing the value of the Fund's net assets, *i.e.*, the value of its securities and other assets less its liabilities including expenses payable or accrued but excluding capital stock and surplus attributable to the applicable class of shares by the total number of shares of such class outstanding at the time the determination is made. The price of Fund shares for the purpose of purchase and redemption orders will be based upon the calculation of the NAV of each class next made after the time as of which the purchase or redemption order is received in proper form. Because the Fund may invest in foreign securities that are primarily listed on foreign exchanges that trade on weekends or other days when the Fund does not price its shares, the NAV of the Fund's shares may change on days when shareholders will not be able to purchase or redeem the Fund's shares.

Equity securities listed or traded on a nationally recognized securities exchange or traded in the U.S. over-the-counter market where trades are reported contemporaneously and for which market quotations are readily available are valued at the last quoted sale or a market's official closing price at the close of the exchange's or other market's regular trading hours, as of or prior to the time and day as of which such value is being determined. Portfolio securities traded on more than one national securities exchange or market are valued according to the broadest and most representative market as determined by the Adviser. If there has been no sale on the day the valuation is made, the securities are valued at the mean of the closing bid and ask prices on the principal market for such security on such day. If no ask prices are quoted on such day, then the security is valued at the closing bid price on the principal market for such security on such day. If no bid or ask prices are quoted on such day, the Fund's accounting agent will notify the Adviser and the security will be valued based on written or standing instructions from the Adviser.

Equity securities that are primarily traded on foreign markets, except for those that trade primarily in Latin America or South America, are generally valued at the preceding closing values of such securities on their respective exchanges. Equity securities which are primarily traded in Latin American or South American markets are valued each day approximately at the time of the close of regular trading on the NYSE as though such time were the close of trading on such Latin American or South American market and such Latin American or South American market were a U.S. market. When the NYSE is open, but the foreign market on which an equity security primarily trades is closed, such as for a foreign national holiday, the security will generally be valued at the last available closing value (subject to the fair value procedures adopted pursuant to Rule 2a-5 under the 1940 Act) using the prevailing exchange rate as described below. If some event occurs affecting or likely to affect the price of an equity security or group of equity securities to a significant extent including but not limited to material market movement, changes in market conditions after a foreign market closes, but prior to 4:00 p.m. Eastern Time, or a company development, such as a material business development, dividend declaration, stock split, or rights offering,

and if adequate and timely information relating to the event is not available or is not taken into account by the pricing service, the Adviser should review the pricing furnished by the pricing service to determine whether it is appropriate in the circumstances. In such case, the Adviser will obtain market quotations from another source or will make a fair value determination of such securities using other appropriate value measurements. If the primary market for such an equity security suspends or limits trading or price movements, whether for the market as a whole or the particular security, and trading also occurs on a secondary market which has not suspended or limited trading or price movement, valuation will be based on information from the secondary market provided by the Adviser. If all markets on which such an equity security have suspended trading, the Adviser will fair value such security as provided above. Information that becomes known after the close of the NYSE, normally 4:00 p.m. Eastern time, on any business day may be assessed in determining NAV per share after the time of receipt of the information, but will not be used to retroactively adjust the price of the security determined earlier or on a prior day.

Initial public offering securities are initially valued at cost. Upon commencement of trading, these securities are valued like any other equity security.

Debt obligations (including convertible debt) for which market quotations are readily available are valued at the average of the latest bid and ask prices. If there were no ask prices quoted on such day, the security is valued using the closing bid price. Such debt obligations are valued through prices provided by a pricing service overseen by the Adviser.

Assets and liabilities denominated in foreign currencies will be translated into U.S. dollars at the prevailing exchange rates as provided by an appropriate pricing service. Forward currency exchange contracts will be valued using interpolated forward exchange rates. Prevailing foreign exchange rates and forward currency foreign exchange rates may generally be obtained on a consistent basis at approximately 11:00 a.m. Eastern time, which approximates the close of the London Exchange. As available and as provided by an appropriate pricing service, translation of foreign security and currency market values will also occur with the use of foreign exchange rates obtained at the close of the NYSE, normally 4:00 p.m. Eastern time.

Certain securities are valued principally using dealer quotations. Futures contracts are valued at the closing settlement price of the exchange or board of trade on which the applicable contract is traded. OTC futures and options on futures for which market quotations are readily available will be valued by quotations received from a pricing service or, if no quotations are available from a pricing service, by quotations obtained from one or more dealers in the instrument in question by the Adviser.

Occasionally, reliable market quotations are not readily available (such as for certain restricted or unlisted securities and private placements) for securities and other assets may not be reliably priced (such as in the case of trade suspensions or halts, price movement limits set by certain foreign markets, and thinly traded or illiquid securities), or there may be events affecting the value of foreign securities or other securities held by the Fund that occur when regular trading on foreign or other exchanges are closed, but before trading on the NYSE is closed. Securities and other assets for which market quotations are not readily available are fair valued as determined by the Adviser, as the "valuation designee," as such term is defined in Rule 2a-5(e)(4) of the 1940 Act, pursuant to fair value procedures adopted pursuant to Rule 2a-5 under the 1940 Act. The Board oversees the Adviser in its role as the valuation designee in accordance with the requirements of Rule 2a-5 under the 1940 Act. Fair valuation methodologies and procedures may include, but are not limited to: analysis and review of available financial and non-financial

information about the company; comparisons with the valuation and changes in valuation of similar securities, including a comparison of foreign securities with the equivalent U.S. dollar value American depositary receipt securities at the close of the U.S. exchange; and evaluation of any other information that could be indicative of the value of the security.

Attempts to determine the fair value of securities introduce an element of subjectivity to the pricing of securities. As a result, the price of a security determined through fair valuation techniques may differ from the price quoted or published by other sources and may not accurately reflect the market value of the security when trading resumes.

DIVIDENDS AND DISTRIBUTIONS

The Fund intends to pay dividends and capital gain distributions, if any, on an annual basis. You may have dividends and/or capital gain distributions that are declared by the Fund reinvested automatically at NAV in additional shares of the Fund. You will make an election to receive dividends and distributions in cash or Fund shares at the time you first purchase your shares. You may change this election by notifying the Fund or your financial intermediary in writing at any time prior to the record date for a particular dividend or distribution. There are no sales or other charges by the Fund in connection with the reinvestment of dividends and capital gain distributions. Shares purchased through dividend reinvestment will receive a price without a sales charge based on the NAV on the reinvestment date, which is typically the date dividends are paid to shareholders. Dividends are taxable to you whether received in cash or additional shares. A dividend or capital gain distribution paid on shares purchased shortly before the record date for that dividend or distribution was declared will be subject to income tax even though economically it represents a partial return of capital. There is no fixed dividend rate, and there can be no assurance that the Fund will realize any capital gains or other income with which to pay dividends and distributions. Dividends and distributions may be different for different classes of shares of the Fund.

Reinvestment of dividend and capital gain distributions will continue to be permitted for holders of the Fund's Class AAA, Class A, and Class C shares.

TAX INFORMATION

The Fund expects that distributions will consist primarily of investment company taxable income and net capital gains. Dividends out of investment company taxable income (including distributions of net short term capital gains, *i.e.*, gains from the sale of securities held by the Fund for one year or less) are taxable to you as ordinary income if you are a U.S. shareholder, except that certain qualified dividends are currently eligible for a reduced rate (to the extent derived from the Fund's qualified dividend income and if certain holding period requirements are met). Properly reported distributions of net capital gain, *i.e.*, net long term capital gains minus net short term capital loss ("Capital Gains Distributions") are taxable to you at long term capital gain rates no matter how long you have owned your shares. The Fund's distributions, whether you receive them in cash or reinvest them in additional Fund shares, generally will be subject to federal and, if applicable, state, and local taxes. A redemption of Fund shares or an exchange of the Fund's shares for shares of another fund will be treated for tax purposes as a sale of the Fund's shares, and any gain you realize on such a transaction generally will be taxable. Foreign shareholders may be subject to a federal withholding tax on dividends from the Fund at the rate of 30% (or a lower rate reduced by an applicable income tax treaty).

A distribution declared by the Fund in October, November, or December and paid during January of the following year to shareholders of record on a specified date in that month will be treated as paid in December for tax purposes.

Under federal law, the Fund must withhold, as backup withholding, a percentage (currently 24%) of your taxable distributions and redemption proceeds if you do not provide your correct social security or taxpayer identification number and certify that you are not subject to backup withholding, or if the Internal Revenue Service instructs the Fund to do so.

If you sell your Fund shares, it is considered a taxable event for you. Depending on the purchase price and the sale price of the shares you sell, you may have a gain or a loss on the transaction. You are responsible for any tax liabilities generated by your transaction.

This summary of tax consequences is intended for general information only and is subject to change by legislative, judicial, or administrative action, and any such change may be retroactive. A more complete discussion of the tax rules applicable to you and the Fund can be found in the SAI that is incorporated by reference into this prospectus. You should consult a tax adviser concerning the tax consequences of your investment in the Fund.

MAILINGS AND E-DELIVERY TO SHAREHOLDERS

In our continuing efforts to reduce duplicative mail and Fund expenses, we currently send a single copy of prospectuses and shareholder reports to your household even if more than one member in your household owns the same fund or funds described in the prospectus or report. Additional copies of our prospectuses and reports may be obtained by calling 800-GABELLI (800-422-3554). If you do not want us to continue to consolidate your fund mailings and would prefer to receive separate mailings at any time in the future, please call us at the telephone number above and we shall resume separate mailings, in accordance with your instructions, within thirty days of your request. The Fund offers electronic delivery of Fund documents. Direct shareholders of the Fund can elect to receive the Fund's annual, semiannual, and quarterly reports, as well as manager commentaries and prospectuses via e-delivery. For more information or to sign up for e-delivery, please visit the Fund's website at www.gabelli.com. Shareholders who purchase shares of the Fund through a financial intermediary should contact their financial intermediary to sign up for e-delivery of Fund documents, if available.

As permitted by regulations adopted by the SEC, paper copies of the Fund's annual and semiannual shareholder reports will no longer be sent by mail, unless you specifically request paper copies of the reports. Instead, the reports will be made available on the Fund's website (<https://gabelli.com/>), and you will be notified by mail each time a report is posted and provided with a website link to access the report. If you already elected to receive shareholder reports electronically, you will not be affected by this change and you need not take any action. To elect to receive all future reports on paper free of charge, please contact your financial intermediary, or, if you invest directly with the Fund, you may call 800-422-3554 or send an email request to info@gabelli.com. Your election to receive reports on paper will apply to all funds held in your account if you invest through your financial intermediary or all funds held within the fund complex if you invest directly with the Fund.

FINANCIAL HIGHLIGHTS

The Financial Highlights table is intended to help you understand the financial performance of the Fund for the past five fiscal years of the Fund's shares. The total returns in the table represent the percentage amount that an investor would have earned or lost on an investment in the designated class of shares (assuming reinvestment of all distributions). The information has been audited by PricewaterhouseCoopers LLP, the Fund's independent registered public accounting firm, whose report, along with the Fund's financial statements and related notes, is included in the Fund's annual report, which is available upon request.

† Total return represents aggregate total return of a hypothetical investment at the beginning of the year and sold at the end of the year including reinvestment of distributions and does not reflect the applicable sales charges.

(a) Per share amounts have been calculated using the average shares outstanding method.

(b) The Fund received credits from a designated broker who agreed to pay certain Fund operating expenses. For all periods presented, there was no impact on the expense ratios.

(c) Includes income resulting from special dividends. Without these dividends, the per share income amounts would have been \$0.13 (Class AAA and Class A), \$0.05 (Class C), and \$0.16 (Class I), respectively, and the net investment income ratio would have been 0.94% (Class AAA), 0.92% (Class A), 0.42% (Class C), and 1.12% (Class I), respectively.

(d) Amount represents less than \$0.005 per share.

APPENDIX A

The Fund's respective Class AAA, Class A, and Class C shares are "closed to purchases from new investors." "Closed to purchases from new investors" means: (i) with respect to Class AAA and Class A shares, no new investors may purchase shares of such classes, but existing shareholders may continue to purchase additional shares of such classes, and (ii) with respect to Class C shares, neither new investors nor existing shareholders may purchase any additional shares of such class. These changes will have no effect on existing shareholders' ability to redeem shares of the Fund as described herein.

Sales Charge Reductions and Waivers Available Through Certain Intermediaries

Specific intermediaries may have different policies and procedures regarding the availability of front-end sales load waivers or CDSC waivers, which are discussed below. In all instances, it is the purchaser's responsibility to notify the Fund or the purchaser's financial intermediary at the time of purchase of any relationship or other facts qualifying the purchaser for sales charge reductions or waivers. **Not all intermediaries will offer the same reductions and waivers to persons purchasing shares of the Fund.** In order to receive these reductions or waivers, shareholders will have to purchase Fund shares through an intermediary offering such reductions or waivers or directly from the Fund if the Fund offers such reductions or waivers. Please see the section entitled "Classes of Shares" for more information on sales charge reductions and waivers available for different classes of shares that are available for purchase directly from the Fund. The specific sales charge waivers and/or discounts for the intermediaries below are implemented and solely administered by the particular intermediary. Please contact that intermediary to ensure that you understand the steps that you must take to qualify for available waivers and discounts.

The information in this Appendix A is part of, and incorporated into, the Fund's prospectus.

Ameriprise Financial

Class A Shares Front-End Sales Charge Waivers Available at Ameriprise Financial:

The following information applies to Class A shares purchases if you have an account with or otherwise purchase Fund shares through Ameriprise Financial:

Shareholders purchasing Fund shares through an Ameriprise Financial brokerage account are eligible for the following front-end sales charge waivers, which may differ from those disclosed elsewhere in this Fund's prospectus or SAI:

- Employer-sponsored retirement plans (e.g., 401(k) plans, 457 plans, employer-sponsored 403(b) plans, profit sharing and money purchase pension plans and defined benefit plans). For purposes of this provision, employer-sponsored retirement plans do not include SEP IRAs, Simple IRAs or SAR-SEPs.
- Shares purchased through reinvestment of capital gains distributions and dividend reinvestment when purchasing shares of the same Fund (but not any other fund within the same fund family).
- Shares exchanged from Class C shares of the same fund in the month of or following the 7-year anniversary of the purchase date. To the extent that this prospectus elsewhere provides for a waiver with respect to exchanges of Class C shares or conversion of Class C shares following a shorter holding period, that waiver will apply.

- Employees and registered representatives of Ameriprise Financial or its affiliates and their immediate family members.
- Shares purchased by or through qualified accounts (including IRAs, Coverdell Education Savings Accounts, 401(k)s, 403(b) TSCAs subject to ERISA and defined benefit plans) that are held by a covered family member, defined as an Ameriprise financial advisor and/or the advisor's spouse, advisor's lineal ascendant (mother, father, grandmother, grandfather, great grandmother, great grandfather), advisor's lineal descendant (son, step-son, daughter, step-daughter, grandson, granddaughter, great grandson, great granddaughter) or any spouse of a covered family member who is a lineal descendant.
- Shares purchased from the proceeds of redemptions within the same fund family, provided (1) the repurchase occurs within 90 days following the redemption, (2) the redemption and purchase occur in the same account, and (3) redeemed shares were subject to a front-end or deferred sales load (*i.e.*, Rights of Reinstatement).

Merrill Lynch, Pierce, Fenner & Smith Incorporated (“Merrill Lynch”)

Purchases or sales of front-end (*i.e.* Class A) or level-load (*i.e.*, Class C) mutual fund shares through a Merrill platform or account will be eligible only for the following sales load waivers (front-end, contingent deferred, or back-end waivers) and discounts, which differ from those disclosed elsewhere in this Fund's prospectus. Purchasers will have to buy mutual fund shares directly from the mutual fund company or through another intermediary to be eligible for waivers or discounts not listed below.

It is the client's responsibility to notify Merrill at the time of purchase or sale of any relationship or other facts that qualify the transaction for a waiver or discount. A Merrill representative may ask for reasonable documentation of such facts and Merrill may condition the granting of a waiver or discount on the timely receipt of such documentation.

Additional information on waivers and discounts is available in the Merrill Sales Load Waiver and Discounts Supplement (the “Merrill SLWD Supplement”) and in the Mutual Fund Investing at Merrill pamphlet at ml.com/funds. Clients are encouraged to review these documents and speak with their financial advisor to determine whether a transaction is eligible for a waiver or discount.

| Front-end Load Waivers Available at Merrill |
|---|
| Shares of mutual funds available for purchase by employer-sponsored retirement, deferred compensation, and employee benefit plans (including health savings accounts) and trusts used to fund those plans provided the shares are not held in a commission-based brokerage account and shares are held for the benefit of the plan. | Front-end or level-load shares held in commission-based, non-taxable retirement brokerage accounts (e.g. traditional, Roth, rollover, SEP IRAs, Simple IRAs, SAR-SEPs or Keogh plans) that are transferred to fee-based accounts or platforms and exchanged for a lower cost share class of the same mutual fund |
| Front-end Load Discounts Available at Merrill: Breakpoints, Rights of Accumulation & Letters of Intent |
| Breakpoint discounts, as described in this prospectus, where the sales load is at or below the maximum sales load that Merrill permits to be assessed to a front-end load purchase, as described in the Merrill SLWD Supplement |
| Rights of Accumulation (ROA), as described in the Merrill SLWD Supplement, which entitle clients to breakpoint discounts based on the aggregated holdings of mutual fund family assets held in accounts in their Merrill Household |
| Letters of Intent (LOI), which allow for breakpoint discounts on eligible new purchases based on anticipated future eligible purchases within a fund family at Merrill, in accounts within your Merrill Household, as further described in the Merrill SLWD Supplement |

Morgan Stanley Wealth Management

Shareholders purchasing Fund shares through a Morgan Stanley Wealth Management transactional brokerage account will be eligible only for the following front-end sales charge waivers with respect to Class A shares, which may differ from and may be more limited than those disclosed elsewhere in this Fund's prospectus or SAI.

- Employer-sponsored retirement plans (e.g., 401(k) plans, 457 plans, employer-sponsored 403(b) plans, profit sharing and money purchase pension plans and defined benefit plans). For purposes of this provision, employer-sponsored retirement plans do not include SEP IRAs, Simple IRAs, SAR-SEPs, or Keogh plans.
- Morgan Stanley employee and employee-related accounts according to Morgan Stanley's account linking rules.
- Shares purchased through reinvestment of dividends and capital gains distributions when purchasing shares of the same fund.
- Shares purchased through a Morgan Stanley self-directed brokerage account.
- Class C (i.e., level-load) shares that are no longer subject to a contingent deferred sales charge and are converted to Class A shares of the same fund pursuant to Morgan Stanley Wealth Management's share class conversion program.
- Shares purchased from the proceeds of redemptions within the same fund family, provided (i) the repurchase occurs within 90 days following the redemption, (ii) the redemption and purchase occur in the same account, and (iii) redeemed shares were subject to a front-end or deferred sales charge.

Raymond James & Associates, Inc., Raymond James Financial Services, Inc. and each entity's affiliates ("Raymond James")

Shareholders purchasing fund shares through a Raymond James platform or account, or through an introducing broker-dealer or independent registered investment adviser for which Raymond James provides trade execution, clearance, and/or custody services, will be eligible only for the following load waivers (front-end sales charge waivers and contingent deferred, or back-end, sales charge waivers) and discounts, which may differ from those disclosed elsewhere in this fund's prospectus or SAI.

Front-end sales load waivers on Class A shares available at Raymond James

- Shares purchased in an investment advisory program.
- Shares purchased within the same fund family through a systematic reinvestment of capital gains and dividend distributions.
- Employees and registered representatives of Raymond James or its affiliates and their family members as designated by Raymond James.
- Shares purchased from the proceeds of redemptions within the same fund family, provided (1) the repurchase occurs within 90 days following the redemption, (2) the redemption and purchase occur in the same account, and (3) redeemed shares were subject to a front-end or deferred sales load (known as Rights of Reinstatement).
- A shareholder in the Fund's Class C shares will have their shares converted at net asset value to Class A shares (or the appropriate share class) of the Fund if the shares are no longer subject to a CDSC and the conversion is in line with the policies and procedures of Raymond James.

CDSC Waivers on Classes A and C shares available at Raymond James

- Death or disability of the shareholder.
- Shares sold as part of a systematic withdrawal plan as described in the fund's prospectus.
- Return of excess contributions from an IRA Account.
- Shares sold as part of a required minimum distribution for IRA and retirement accounts due to the shareholder reaching age 70½ as described in the fund's prospectus.
- Shares sold to pay Raymond James fees but only if the transaction is initiated by Raymond James.
- Shares acquired through a right of reinstatement.

Front-end load discounts available at Raymond James: breakpoints, rights of accumulation, and/or letters of intent

- Breakpoints as described in this prospectus.
- Rights of accumulation which entitle shareholders to breakpoint discounts will be automatically calculated based on the aggregated holding of fund family assets held by accounts within the purchaser's household at Raymond James. Eligible fund family assets not held at Raymond James may be included in the calculation of rights of accumulation calculation only if the shareholder notifies his or her financial advisor about such assets.
- Letters of intent which allow for breakpoint discounts based on anticipated purchases within a fund family, over a 13-month time period. Eligible fund family assets not held at Raymond James may be included in the calculation of letters of intent only if the shareholder notifies his or her financial advisor about such assets.

Oppenheimer & Co. Inc. (“OPCO”)

Shareholders purchasing Fund shares through OPCO platform or account are eligible only for the following load waivers (front-end sales charge waivers and contingent deferred, or back-end, sales charge waivers) and discounts, which may differ from those disclosed elsewhere in this Fund’s prospectus or SAI.

Front-end Sales Load Waivers on Class A Shares available at OPCO

- Employer-sponsored retirement, deferred compensation and employee benefit plans (including health savings accounts) and trusts used to fund those plans, provided that the shares are not held in a commission-based brokerage account and shares are held for the benefit of the plan.
- Shares purchased by or through a 529 Plan.
- Shares purchased through a OPCO affiliated investment advisory program.
- Shares purchased through reinvestment of capital gains distributions and dividend reinvestment when purchasing shares of the same fund (but not any other fund within the fund family).
- Shares purchased from the proceeds of redemptions within the same fund family, provided (1) the repurchase occurs within 90 days following the redemption, (2) the redemption and purchase occur in the same amount, and (3) redeemed shares were subject to a front-end or deferred sales load (known as Rights of Restatement).
- A shareholder in the Fund’s Class C shares will have their shares converted at net asset value to Class A shares (or the appropriate share class) of the Fund if the shares are no longer subject to a CDSC and the conversion is in line with the policies and procedures of OPCO.
- Employees and registered representatives of OPCO or its affiliates and their family members.
