The top ten holdings and sectors listed are not necessarily representative of the entire portfolio and are subject to change. The most recent semiannual report, which contains a more extensive list of holdings, is available from your financial adviser or by contacting the distributor, G. distributors, LLC.

The Fund's share price will fluctuate with changes in the market value of the Fund's portfolio securities. Stocks are subject to market, economic and business risks that cause their prices to fluctuate. When you sell Fund shares, they may be worth less than what you paid for them. Consequently, you can lose money by investing in the Fund.

Investors should carefully consider the investment objectives, risks, charges, and expenses of the Fund before investing. The prospectus, which contains more complete information about these and other matters, should be read carefully before investing. To obtain a prospectus, please call 800-GABELLI or visit www.gabelli.com.

Returns represent past performance and do not guarantee future results. Due to market volatility, current performance may be lower or higher than the performance data quoted. Investment return and principal value will fluctuate so, upon redemption, shares may be worth more or less than their original cost. To obtain the most recent month end performance information and a prospectus, please call 800-GABELLI or visit www.gabelli.com.

Gabelli Funds, LLC is the investment adviser. The inception date of the Fund was April 15, 1997. The Class AAA Shares' net asset values are used to calculate performance for the periods prior to the issuance of Class A Shares and Class C Shares on November 26, 2001, and Class I Shares on January 11, 2008. Notwithstanding the limitation of expenses, the actual performance for Class C and Class A Shares would have been lower and Class I Shares higher due to the different expenses associated with those classes of shares. The Adviser reimbursed certain expenses to limit the expense ratio during the period from inception. Had such limitation not been in place, returns would have been lower. Performance for periods of less than one year is not annualized. Class A Shares (load adjusted) includes the effect of the maximum 4.00% sales charge at the beginning of the period. Class C Shares (load adjusted) includes the effect of the applicable 1% contingent deferred sales charge at the end of the one year period. The Fund imposes a 2% redemption fee on shares sold or exchanged in seven days or less after the date of purchase. The Russell 2000 Index is an unmanaged index of 2,000 small cap U.S. stocks that is generally considered to be representative of small capitalization issues in the U.S. stock market. The Russell 2000 Value Index measures the performance of the small-capitalization sector of the U.S. equity market. It is a subset of the Russell 2000 Index. These Indexes are not available for direct investment and its returns do not reflect expenses that are deducted from the Fund's returns. Small capitalization stocks are subject to significant price fluctuations and business risks. The stocks of smaller companies may trade less frequently and experience more abrupt price movements than stocks of larger companies; therefore, investing in this sector involves special challenges.

Not FDIC Insured. Not Bank Guaranteed. May Lose Value.

The Gabelli Mutual Funds are distributed by G.Distributors, LLC., a registered broker-dealer and member of FINRA.
