FORM N-CSR

CERTIFIED SHAREHOLDER REPORT OF REGISTERED MANAGEMENT INVESTMENT COMPANIES

Investment Company Act file number 811-21529

The Gabelli Global Utility & Income Trust

(Exact name of registrant as specified in charter)

One Corporate Center Rye, New York 10580-1422

(Address of principal executive offices) (Zip code)

John C. Ball Gabelli Funds, LLC One Corporate Center Rye, New York 10580-1422

(Name and address of agent for service)

Registrant's telephone number, including area code: 1-800-422-3554

Date of fiscal year end: December 31

Date of reporting period: June 30, 2025

Form N-CSR is to be used by management investment companies to file reports with the Commission not later than 10 days after the transmission to stockholders of any report that is required to be transmitted to stockholders under Rule 30e-1 under the Investment Company Act of 1940 (17 CFR 270.30e-1). The Commission may use the information provided on Form N-CSR in its regulatory, disclosure review, inspection, and policymaking roles.

A registrant is required to disclose the information specified by Form N-CSR, and the Commission will make this information public. A registrant is not required to respond to the collection of information contained in Form N-CSR unless the Form displays a currently valid Office of Management and Budget ("OMB") control number. Please direct comments concerning the accuracy of the information collection burden estimate and any suggestions for reducing the burden to Secretary, Securities and Exchange Commission, 100 F Street, NE, Washington, DC 20549-1090. The OMB has reviewed this collection of information under the clearance requirements of 44 U.S.C. § 3507.

Item 1. Reports to Stockholders.

(a) Include a copy of the report transmitted to stockholders pursuant to Rule 30e-1 under the Act (17 CFR 270.30e-1).

The Report to Shareholders is attached herewith

The Gabelli Global Utility & Income Trust Semiannual Report — June 30, 2025

(Y)our Portfolio Management Team

Pennsylvania

To Our Shareholders,

For the six months ended June 30, 2025, the net asset value (NAV) total return of The Gabelli Global Utility & Income Trust (the Fund) was 21.6%, compared with a total return of 9.4% for the Standard & Poor's (S&P) 500 Utilities Index. The total return for the Fund's publicly traded shares was 19.8%. The Fund's NAV per share was \$17.33, while the price of the publicly traded shares closed at \$17.31 on the New York Stock Exchange (NYSE). See page 4 for additional performance information.

Enclosed are the financial statements, including the schedule of investments, as of June 30, 2025.

Investment Objective and Strategy (Unaudited)

The Gabelli Global Utility & Income Trust is a diversified, closed-end management investment company. The Fund's investment objective is to seek a consistent level of after-tax total return for its investors with an emphasis on tax advantaged dividend income under current tax law. Under normal market conditions, the Fund invests at least 80% of its assets in equity securities and income producing securities of domestic and foreign companies involved in the utilities industry and other industries that are expected to pay periodic dividends.

As permitted by regulations adopted by the Securities and Exchange Commission, paper copies of the Fund's annual and semiannual shareholder reports will no longer be sent by mail, unless you specifically request paper copies of the reports. Instead, the reports will be made available on the Fund's website (www.gabelli.com), and you will be notified by mail each time a report is posted and provided with a website link to access the report. If you already elected to receive shareholder reports electronically, you will not be affected by this change and you need not take any action. To elect to receive all future reports on paper free of charge, please contact your financial intermediary, or, if you invest directly with the Fund, you may call 800-422-3554 or send an email request to info@gabelli.com.

Performance Discussion (Unaudited)

In the first half of 2025, the MSCI World Utilities Index rose 14.25%, thereby outperforming the broader market (MSCI World: +8.59%), with European utilities delivering the strongest gains in the first half of 2025 (MSCI Europe Utilities: +17.81%) after rebounding from 2024 losses. The S&P 500 Utilities Index rose 9.4% versus the S&P 500's 6.2% gain, with the modest utility outperformance due to rising electricity demand driving increased investor interest in both regulated utilities and merchant generators. While generally insulated from tariffs, utility stocks saw some volatility amid shifting inflation expectations and uncertainty around clean energy tax credits.

Defensive, rate-based utilities outperformed in Q1 during market stress, but risk appetite returned in Q2 as economic data held firm and tariff concerns eased. Our coverage of 61 U.S. regulated utilities delivered a solid 9% median total return, while the four publicly traded merchant power producers (CEG, VST, NRG, TLN) surged 54% on average. In contrast, the three large California utilities (PCG, EIX, SRE) fell 25% on average due to renewed concerns over wildfire liabilities after January's destructive fires.

In the U.S., the utility investment case is strengthening as electricity demand grows at its fastest pace since the mid-20th century, driven by Alpowered data centers, reshoring of manufacturing, and electrification of transport. Utilities are responding with record capital investment in generation and grid upgrades, often in partnership with hyperscalers like Amazon, Microsoft, and Google. Policymakers remain broadly supportive, creating a favorable backdrop for sustained rate base and earnings growth. Importantly, rising demand allows infrastructure costs to be spread over more kilowatt-hours, helping manage bill impacts. Still, execution risk remains as utilities must finance, build, and manage large-scale infrastructure efficiently. Federal policy momentum also supports the sector, with efforts to streamline nuclear permitting, expand gas-fired capacity, extend coal plant lives, and reduce regulatory bottlenecks.

In Europe, the focus remains on the long-term clean energy transformation, the need for adding scalable renewables and resilient grids to meet Europe's decarbonization targets. After losing access to cheap Russian pipeline gas, Europe remains sensitive to expensive LNG imports as natural gas still accounts for 20%-25% of Europe's power generation fuel mix. While gas and electricity prices have declined in 2023–24, prices recovered in 2025 and have stayed well above the pre-war levels. Electricity demand continues to rise more modestly than in the U.S., driven by Europe's industrial electrification and net-zero goals, but cost inflation and supply chain constraints have slowed the pace of renewable and grid investment. Offshore wind projects have faced cancellations as developers reprice risk and financing costs have increased, and grid vulnerabilities were underscored by a major blackout in Iberia in April 2025.

Lower interest rates offer an added tailwind: the 10-year U.S. Treasury yield fell to 4.23% from 4.58% at 2024 year-end, and markets expect multiple Fed cuts through 2026. Lower yields support utility valuations and reduce financing costs, while utilities' 3.5% median dividend yield and 9%–11% total return potential enhance their appeal.

Year-to-date, some of the Fund's top performing stocks were National Fuel Gas (3.7% of total investments as of June 30, 2025), Iberdrola (1.9%; 40.9%), Deutsche Telekom (2.1%; 26.1%), and Enel (1.2%; 36.8%). Portfolio detractors included AES Corp (1.0%; -15.5%), XPLR Infrastructure (0.1%; -54.0%), and Halliburton (0.3%; -23.9%).

Thank you for your investment in The Gabelli Global Utility & Income Trust.

We appreciate your confidence and trust.

The views expressed reflect the opinions of the Fund's portfolio managers and Gabelli Funds, LLC, the Adviser, as of the date of this report and are subject to change without notice based on changes in market, economic, or other conditions. These views are not intended to be a forecast of future events and are no guarantee of future results.

Comparative Results

Average Annual Returns through June 30, 2025 (a) (Unaudited)

	Six Months	1 Year	5 Year	10 Year	15 Year	20 Year	Since Inception (5/28/04)
The Gabelli Global Utility & Income Trust (GLU)							
NAV Total Return (b)	21.57%	26.81%	9.32%	5.05%	6.82%	5.75%	6.36%
Investment Total Return (c)	19.78	34.73	10.00	7.28	7.13	6.75	6.68

- (a) Performance returns for periods of less than one year are not annualized. Returns represent past performance and do not guarantee future results. Investment returns and the principal value of an investment will fluctuate. The Fund's use of leverage may magnify the volatility of net asset value changes versus funds that do not employ leverage. When shares are sold, they may be worth more or less than their original cost. Current performance may be lower or higher than the performance data presented. Visit www.gabelli.com for performance information as of the most recent month end. The S&P 500 Utilities Index is an unmanaged indicator of electric and gas utility stock performance. The Lipper Utility Fund Average reflects the average performance of mutual funds classified in this particular category. The S&P Global 1200 Utilities Index is an unmanaged indicator of electric and gas utility stock performance. Dividends are considered reinvested. You cannot invest directly in an index.
- performance. Dividends are considered reinvested. You cannot invest directly in an index.

 (b) Total returns and average annual returns reflect changes in the NAV per share, reinvestment of distributions at NAV on the ex-dividend date, and adjustments for the rights offering and are net of expenses. Since inception return is based on an initial NAV of \$19.06.
- (c) Total returns and average annual returns reflect changes in closing market values on the NYSE American, reinvestment of distributions, and adjustments for the rights offering. Since inception return is based on an initial offering price of \$20.00.

Investors should carefully consider the investment objectives, risks, charges, and expenses of the Fund before investing.

Summary of Portfolio Holdings (Unaudited)

The following table presents portfolio holdings as a percent of total investments as of June 30, 2025:

The Gabelli Global Utility & Income Trust

Energy and Utilities: Integrated	26.5%
Telecommunication Services	9.4%
Food and Beverage	5.5%
Financial Services	5.1%

The Fund files a complete schedule of portfolio holdings with the Securities and Exchange Commission (the SEC) for the first and third quarters of each fiscal year on Form N-PORT. Shareholders may obtain this information at www.gabelli.com or by calling the Fund at 800-GABELLI (800-422-3554). The Fund's Form N-PORT is available on the SEC's website at www.sec.gov and may also be reviewed and copied at the SEC's Public Reference Room in Washington, DC. Information on the operation of the Public Reference Room may be obtained by calling 800-SEC-0330.

Proxy Voting

The Fund files Form N-PX with its complete proxy voting record for the twelve months ended June 30, no later than August 31 of each year. A description of the Fund's proxy voting policies, procedures, and how each Fund voted proxies relating to portfolio securities is available without charge, upon request, by (i) calling 800-GABELLI (800-422-3554); (ii) writing to The Gabelli Funds at One Corporate Center, Rye, NY 10580-1422; or (iii) visiting the SEC's website at www.sec.gov.

Based on net asset value per share, adjusted for reinvestment of distributions at the net asset value per share on the ex-dividend dates and adjustments for the rights offering. Total return for a period of less than one year is not annualized.

Based on market value per share at initial public offering of \$20.00 per share, adjusted for reinvestments of distributions at prices obtained under the Fund's dividend reinvestment plan and adjustments for the rights offering. Total return for a period of less than one year is not annualized.

Based on year to date book income. Amounts are subject to change and recharacterization at year end. Calculated based on average common shares outstanding on the record dates throughout the periods.

Amount represents less than \$0.005 per share.

Annualized.

The Fund received credits from a designated broker who agreed to pay certain Fund operating expenses. For all periods presented, there was no material impact on the expense ratios. The Fund incurred interest expense in all periods presented, there was no material impact on the expense ratios.

Ratio of operating expenses to average net assets including liquidation value of preferred shares for the six months ended June 30, 2025, and the years ended December 31, 2024, 2023, 2022, 2021, and 2020, would have been 1.13%, 1.07%, 0.88%, 0.83%, 0.89%, and 0.82%, respectively.

Based on weekly prices.

Asset coverage per share is calculated by combining all series of preferred shares.

Asset coverage is calculated by combining all series of preferred shares.

1. Organization. The Gabelli Global Utility & Income Trust (the Fund) was organized on March 8, 2004 as a Delaware statutory trust. Although the Fund is registered as a non-diversified fund, it has operated as a diversified fund for over three years. Therefore, the Investment Company Act of 1940, as amended (the 1940 Act) obliges the Fund to continue to operate as a diversified fund unless the Fund obtains shareholder approval to operate as a non-diversified fund. The Fund commenced investment operations on May 28, 2004.

The Fund's investment objective is to seek a consistent level of after-tax total return over the long term with an emphasis currently on qualified dividends. The Fund will attempt to achieve its investment objective by investing, under normal market conditions, at least 80% of its assets in equity securities (including preferred securities) of domestic and foreign companies involved to a substantial extent in providing products, services, or equipment for the generation or distribution of electricity, gas, or water and infrastructure operations, and in equity securities (including preferred securities) of companies in other industries, in each case in such securities that are expected to pay periodic dividends.

Gabelli Funds, LLC (the Adviser), with its principal offices located at One Corporate Center, Rye, New York 10580-1422, serves as investment adviser to the Fund. The Adviser makes investment decisions for the Fund and continuously reviews and administers the Fund's investment program and manages its operations under the general supervision of the Fund's Board of Directors (the Board).

2. Significant Accounting Policies. As an investment company, the Fund follows the investment company accounting and reporting guidance, which is part of U.S. generally accepted accounting principles (GAAP) that may require the use of management estimates and assumptions in the preparation of its financial statements. The Board has designated the Adviser as the valuation designee under Rule 2a-5. Actual results could differ from those estimates. The following is a summary of significant accounting policies followed by the Fund in the preparation of its financial statements.

Security Valuation. Portfolio securities listed or traded on a nationally recognized securities exchange or traded in the U.S. over-the-counter market for which market quotations are readily available are valued at the last quoted sale price or a market's official closing price as of the close of business on the day the securities are being valued. If there were no sales that day, the security is valued at the average of the closing bid and asked prices or, if there were no asked prices quoted on that day, then the security is valued at the closing bid price on that day. If no bid or asked prices are quoted on such day, the security is valued at the most recently available price or, if the Board so determines, by such other method as the Board shall determine in good faith to reflect its fair market value. Portfolio securities traded on more than one national securities exchange or market are valued according to the broadest and most representative market, as determined by the Adviser.

Portfolio securities primarily traded on a foreign market are generally valued at the preceding closing values of such securities on the relevant market, but may be fair valued pursuant to procedures established by the Board if market conditions change significantly after the close of the foreign market, but prior to the close of business on the day the securities are being valued. Debt obligations for which market quotations are readily available are valued at the average of the latest bid and asked prices. If there were no asked prices quoted on such day, the securities are valued using the closing bid price, unless the Board determines such amount does not reflect the security's fair value, in which case these securities will be fair valued as determined by the Board. Certain securities are valued principally using dealer quotations. Futures contracts are valued at the closing settlement price of the exchange or board of trade on which the applicable contract is traded. OTC futures and options on futures for which market quotations are readily available will be valued by quotations received from a pricing

service or, if no quotations are available from a pricing service, by quotations obtained from one or more dealers in the instrument in question by the Adviser.

Securities and assets for which market quotations are not readily available are fair valued as determined by the Board. Fair valuation methodologies and procedures may include, but are not limited to: analysis and review of available financial and non-financial information about the company; comparisons with the valuation and changes in valuation of similar securities, including a comparison of foreign securities with the equivalent U.S. dollar value American Depositary Receipt securities at the close of the U.S. exchange; and evaluation of any other information that could be indicative of the value of the security.

The inputs and valuation techniques used to measure fair value of the Fund's investments are summarized into three levels as described in the hierarchy below:

- Level 1 unadjusted quoted prices in active markets for identical securities;
- Level 2 other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.);
- Level 3 significant unobservable inputs (including the Board's determinations as to the fair value of investments).

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input both individually and in the aggregate that is significant to the fair value measurement. The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

The summary of the Fund's investments in securities by inputs used to value the Fund's investments as of June 30, 2025 is as follows:

- (a) The inputs for this security are not readily available and are derived based on the judgment of the Adviser according to procedures approved by the Board.
- (b) Please refer to the Schedule of Investments for the industry classifications of these portfolio holdings.

At June 30, 2025, the total value of Level 3 investments for the Fund was less than 1% of total net assets.

General. The Fund uses recognized industry pricing services – approved by the Board and unaffiliated with the Adviser – to value most of its securities, and uses broker quotes provided by market makers of securities not valued by these and other recognized pricing sources. Several different pricing feeds are received to value domestic equity securities, international equity securities, preferred equity securities, and fixed income securities. The data within these feeds are ultimately sourced from major stock exchanges and trading systems where these securities trade. The prices supplied by external sources are checked by obtaining quotations or actual transaction prices from market participants. If a price obtained from the pricing source is deemed unreliable, prices will be sought from another pricing service or from a broker/dealer that trades that security or similar securities.

Fair Valuation. Fair valued securities may be common or preferred equities, warrants, options, rights, or fixed income obligations. Where appropriate, Level 3 securities are those for which market quotations are not available, such as securities not traded for several days, or for which current bids are not available, or which are restricted as to transfer. When fair valuing a security, factors to consider include recent prices of comparable securities that are publicly traded, reliable prices of securities not publicly traded, the use of valuation models, current analyst reports, valuing the income or cash flow of the issuer, or cost if the preceding factors do not apply. A significant change in the unobservable inputs could result in a lower or higher value in Level 3 securities. The circumstances of Level 3 securities are frequently monitored to determine if fair valuation measures continue to apply.

The Adviser reports quarterly to the Board the results of the application of fair valuation policies and procedures. These may include backtesting the prices realized in subsequent trades of these fair valued securities to fair values previously recognized.

Derivative Financial Instruments. The Fund may engage in various portfolio investment strategies by investing in derivative financial instruments for the purposes of increasing the income of the Fund, hedging against changes in the value of its portfolio securities and in the value of securities it intends to purchase, or hedging against a specific transaction with respect to either the currency in which the transaction is denominated or another currency. Investing in certain derivative financial instruments, including participation in currencies options, futures, or swap markets, entails certain execution, liquidity, hedging, tax, and securities, interest, credit, or currency market risks. Losses may arise if the Adviser's prediction of movements in the direction of the securities, foreign currency, and interest rate markets is inaccurate. Losses may also arise if the counterparty does not perform its duties under a contract, or, in the event of default, the Fund may be delayed in or prevented from obtaining payments or other contractual remedies owed to it under derivative contracts. The creditworthiness of the counterparties is closely monitored in order to minimize these risks. Participation in derivative transactions involves investment risks, transaction costs, and potential losses to which the Fund would not be subject absent the use of these strategies. The consequences of these risks, transaction costs, and losses may have a negative impact on the Fund's ability to pay distributions.

Collateral requirements differ by type of derivative. Collateral requirements are set by the broker or exchange clearing house for exchange traded derivatives, while collateral terms are contract specific for derivatives traded

over-the-counter. Securities pledged to cover obligations of the Fund under derivative contracts are noted in the Schedule of Investments. Cash collateral, if any, pledged for the same purpose will be reported separately in the Statement of Assets and Liabilities.

The Fund's policy with respect to offsetting is that, absent an event of default by the counterparty or a termination of the agreement, the master agreement does not result in an offset of reported amounts of financial assets and financial liabilities in the Statement of Assets and Liabilities across transactions between the Fund and the applicable counterparty. Therefore the Fund reflects derivative assets and liabilities any related collateral gross on the statement of assets and liabilities. The enforceability of the right to offset may vary by jurisdiction.

The Fund's derivative contracts held at June 30, 2025, if any, are not accounted for as hedging instruments under GAAP and are disclosed in the Schedule of Investments together with the related counterparty.

Swap Agreements. The Fund may enter into equity contract for difference swap transactions for the purpose of increasing the income of the Fund. The use of swaps is a highly specialized activity that involves investment techniques and risks different from those associated with ordinary portfolio security transactions. In an equity contract for difference swap, a set of future cash flows is exchanged between two counterparties. One of these cash flow streams will typically be based on a reference interest rate combined with the performance of a notional value of shares of a stock. The other will be based on the performance of the shares of a stock. Depending on the general state of short term interest rates and the returns on the Fund's portfolio securities at the time an equity contract for difference swap transaction reaches its scheduled termination date, there is a risk that the Fund will not be able to obtain a replacement transaction or that the terms of the replacement will not be as favorable as on the expiring transaction.

Unrealized gains related to swaps are reported as an asset and unrealized losses are reported as a liability in the Statement of Assets and Liabilities. The change in value of swaps, including the accrual of periodic amounts of interest to be received or paid on swaps, is reported as unrealized gain or loss in the Statement of Operations. A realized gain or loss is recorded upon receipt or payment of a periodic payment or termination of swap agreements. During the six months ended June 30, 2025, the Fund held no investments in equity contract for difference swap agreements.

Limitations on the Purchase and Sale of Futures Contracts, Certain Options, and Swaps. Subject to the guidelines of the Board, the Fund may engage in "commodity interest" transactions (generally, transactions in futures, certain options, certain currency transactions, and certain types of swaps) only for bona fide hedging or other permissible transactions in accordance with the rules and regulations of the Commodity Futures Trading Commission (CFTC). Pursuant to amendments by the CFTC to Rule 4.5 under the Commodity Exchange Act (CEA), the Adviser has filed a notice of exemption from registration as a "commodity pool operator" with respect to the Fund. The Fund and the Adviser are therefore not subject to registration or regulation as a commodity pool operator under the CEA. In addition, certain trading restrictions are now applicable to the Fund which permit the Fund to engage in commodity interest transactions that include (i) "bona fide hedging" transactions, as that term is defined and interpreted by the CFTC and its staff, without regard to the percentage of the Fund's assets committed to margin and options premiums and (ii) non-bona fide hedging transactions, provided that the Fund does not enter into such non-bona fide hedging transactions if, immediately thereafter, either (a) the sum of the amount of initial margin deposits on the Fund's existing futures positions or swaps positions and option or swaption premiums would exceed 5% of the market value of the Fund's liquidating value, after taking into account unrealized profits and unrealized losses on any such transactions, or (b) the aggregate net notional

value of the Fund's commodity interest transactions would not exceed 100% of the market value of the Fund's liquidating value, after taking into account unrealized profits and unrealized losses on any such transactions. Therefore, in order to claim the Rule 4.5 exemption, the Fund is limited in its ability to invest in commodity futures, options, and certain types of swaps (including securities futures, broad based stock index futures, and financial futures contracts). As a result, in the future the Fund will be more limited in its ability to use these instruments than in the past, and these limitations may have a negative impact on the ability of the Adviser to manage the Fund, and on the Fund's performance.

Foreign Currency Translations. The books and records of the Fund are maintained in U.S. dollars. Foreign currencies, investments, and other assets and liabilities are translated into U.S. dollars at current exchange rates. Purchases and sales of investment securities, income, and expenses are translated at the exchange rate prevailing on the respective dates of such transactions. Unrealized gains and losses that result from changes in foreign exchange rates and/or changes in market prices of securities have been included in unrealized appreciation/depreciation on investments and foreign currency translations. Net realized foreign currency gains and losses resulting from changes in exchange rates include foreign currency gains and losses between trade date and settlement date on investment securities transactions, foreign currency transactions, and the difference between the amounts of interest and dividends recorded on the books of the Fund and the amounts actually received. The portion of foreign currency gains and losses related to fluctuation in exchange rates between the initial purchase trade date and subsequent sale trade date is included in realized gain/(loss) on investments.

Foreign Securities. The Fund may directly purchase securities of foreign issuers. Investing in securities of foreign issuers involves special risks not typically associated with investing in securities of U.S. issuers. The risks include possible revaluation of currencies, the inability to repatriate funds, less complete financial information about companies, and possible future adverse political and economic developments. Moreover, securities of many foreign issuers and their markets may be less liquid and their prices more volatile than securities of comparable U.S. issuers.

Foreign Taxes. The Fund may be subject to foreign taxes on income, gains on investments, or currency repatriation, a portion of which may be recoverable. The Fund will accrue such taxes and recoveries as applicable, based upon its current interpretation of tax rules and regulations that exist in the markets in which it invests.

Restricted Securities. The Fund is not subject to an independent limitation on the amount it may invest in securities for which the markets are restricted. Restricted securities include securities whose disposition is subject to substantial legal or contractual restrictions. The sale of restricted securities often requires more time and results in higher brokerage charges or dealer discounts and other selling expenses than the sale of securities eligible for trading on national securities exchanges or in the over-the-counter markets. Restricted securities may sell at a price lower than similar securities that are not subject to restrictions on resale. Securities freely saleable among qualified institutional investors under special rules adopted by the SEC may be treated as liquid if they satisfy liquidity standards established by the Board. The continued liquidity of such securities is not as well assured as that of publicly traded securities, and accordingly the Board will monitor their liquidity. At June 30, 2025, the Fund did not hold any restricted securities.

Securities Transactions and Investment Income. Securities transactions are accounted for on the trade date with realized gain/(loss) on investments determined by using the identified cost method. Interest income (including amortization of premium and accretion of discount) is recorded on an accrual basis. Premiums and discounts on debt securities are amortized using the effective yield to maturity method or amortized to earliest

call date, if applicable. Dividend income is recorded on the ex-dividend date, except for certain dividends from foreign securities that are recorded as soon after the ex-dividend date as the Fund becomes aware of such dividends.

Distributions to Shareholders. Distributions to shareholders are recorded on the ex-dividend date. The characterization of distributions to shareholders is based on income and capital gains as determined in accordance with federal income tax regulations, which may differ from income and capital gains as determined under GAAP. These differences are primarily due to differing treatments of income and gains on various investment securities and foreign currency transactions held by the Fund, and timing differences. Distributions from net investment income for federal income tax purposes include net realized gains on foreign currency transactions. These book/tax differences are either temporary or permanent in nature. To the extent these differences are permanent, adjustments are made to the appropriate capital accounts in the period when the differences arise. These reclassifications have no impact on the NAV of the Fund.

Distributions to shareholders of the Fund's 3.800% Series A Cumulative Preferred Shares (Series A Preferred) and 5.200% Series B Cumulative Preferred Shares (Series B Preferred) are recorded on a daily basis and are determined as described in Note 6.

The tax character of distributions paid during the year ended December 31, 2024 was as follows:

	С	Common		Preferred	
Distributions paid from:	' <u></u>				
Ordinary income	\$	982,634	\$	1,805,978	
Return of capital		6,180,973		_	
Total distributions paid	\$	7,163,607	\$	1,805,978	

Provision for Income Taxes. The Fund intends to continue to qualify as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended (the Code). It is the policy of the Fund to comply with the requirements of the Code applicable to regulated investment companies and to distribute substantially all of its net investment company taxable income and net capital gains. Therefore, no provision for federal income taxes is required.

At December 31, 2024, the Fund had net capital loss carryforwards for federal income tax purposes which are available to reduce future required distributions of net capital gains to shareholders. The Fund is permitted to carry capital losses forward for an unlimited period.

Capital losses that are carried forward will retain their character as either short term or long term capital losses.

Short term capital loss carryforward with no expiration	\$ 11,255
Long term capital loss carryforward with no expiration	 4,390,324
Total capital loss carryforwards	\$ 4,401,579

The following summarizes the tax cost of investments and the related net unrealized appreciation at June 30, 2025:

		Gross	Gross	Net
		Unrealized	Unrealized	Unrealized
	 Cost	Appreciation	Depreciation	Appreciation
Investments	\$ 83.829.207	\$ 51.091.742	\$ (5.652.899)	\$ 45,438,843

The Fund is required to evaluate tax positions taken or expected to be taken in the course of preparing the Fund's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Income tax and related interest and penalties would be recognized by the Fund as tax expense in the Statement of Operations if the tax positions were deemed not to meet the more-likely-than-not threshold. During the six months ended June 30, 2025, the Fund did not incur any income tax, interest, or penalties. As of June 30, 2025, the Adviser has reviewed all open tax years and concluded that there was no impact to the Fund's net assets or results of operations. The Fund's federal and state tax returns for the prior three fiscal years remain open, subject to examination. On an ongoing basis, the Adviser will monitor the Fund's tax positions to determine if adjustments to this conclusion are necessary.

- 3. Investment Advisory Agreement and Other Transactions. The Fund has entered into an investment advisory agreement (the Advisory Agreement) with the Adviser which provides that the Fund will pay the Adviser a fee, computed weekly and paid monthly, currently equal on an annual basis to 0.50% of the value of the Fund's average weekly total assets including the liquidation value of preferred shares. In accordance with the Advisory Agreement, the Adviser provides a continuous investment program for the Fund's portfolio and oversees the administration of all aspects of the Fund's business and affairs.
- **4. Portfolio Securities.** Purchases and sales of securities during the six months ended June 30, 2025, other than short term securities and U.S. Government obligations, aggregated \$910,506 and \$6,992,316, respectively.
- 5. Transactions with Affiliates and Other Arrangements. During the six months ended June 30, 2025, the Fund paid \$973 in brokerage commissions on security trades to G.research, LLC, an affiliate of the Adviser.

During the six months ended June 30, 2025, the Fund received credits from a designated broker who agreed to pay certain Fund operating expenses. The amount of such expenses paid through this directed brokerage arrangement during this period was \$1,590.

During the six months ended June 30, 2025, the Gabelli Global Utility & Income Trust engaged in sales transactions with funds that have a common investment adviser. These transactions complied with Rule 17a-7 under the 1940 Act and amounted to \$414,995 in sales transactions, with a realized loss of \$213,029.

The cost of calculating the Fund's NAV per share is a Fund expense pursuant to the Advisory Agreement between the Fund and the Adviser. Under the sub-administration agreement with Bank of New York Mellon, the fees paid include the cost of calculating the Fund's NAV. The Fund reimburses the Adviser for this service. During the six months ended June 30, 2025, the Fund accrued \$22,500 in accounting fees in the Statement of Operations.

As per the approval of the Board, the Fund compensates officers of the Fund, who are employed by the Fund and are not employed by the Adviser (although the officers may receive incentive based variable compensation

from affiliates of the Adviser). During the six months ended June 30, 2025, the Fund accrued \$77,223 in payroll expenses in the Statement of Operations.

The Fund pays retainer and per meeting fees to Trustees not affiliated with the Adviser, plus specified amounts to the Lead Trustee, Audit Committee Chairman, and Nominating Committee Chairman. Trustees are also reimbursed for out of pocket expenses incurred in attending meetings. Trustees who are directors or employees of the Adviser or an affiliated company receive no compensation or expense reimbursement from the Fund.

- **6. Line of Credit.** The Fund participates in an unsecured and uncommitted line of credit of up to \$20,000,000 under which it may borrow from the bank for temporary borrowing purposes. Borrowings under this arrangement bear interest at a floating rate equal to the higher of the Overnight Federal Funds Rate or one-month Secured Overnight Financing Rate (SOFR) in effect on that day. This amount, if any, would be included in "Interest expense" in the Statement of Operations. During the six months ended June 30, 2025 there were no borrowings under the line of credit.
- 7. Capital. The Fund is authorized to issue an unlimited number of common shares of beneficial interest (par value \$0.001). The Board has authorized the repurchase of its shares on the open market when the shares are trading at a discount of 10% or more (or such other percentage as the Board may determine from time to time) from the NAV of the shares. During the six months ended June 30, 2025 and the year ended December 31, 2024, the Fund did not repurchase and retire any common shares in the open market.

On May 12, 2022, the Fund distributed one transferable right for each of the 5,377,458 common shares outstanding on that date. Four rights were required to purchase one additional common share at the subscription price of \$16 per share. On June 30, 2022, the Fund issued 591,453 common shares receiving net proceeds of \$9,148,248 after the deduction of offering expenses of \$315,000. The NAV of the Fund decreased by \$0.15 per share on the day the additional shares were issued due to the shares being issued below NAV.

For the six months ended June 30, 2025 and the year ended December 31, 2024, transactions in common stock were as follows:

	Six Mont	ns En	ded				
	June 30,			Year Ended			
	2025			December 31,			
	(Unau	(Unaudited)			2024		
	Shares	Shares Amount		Shares		Amount	
Net increase in net assets from common shares issued upon reinvestment of distributions	9,380	\$	150,813	6,238	\$	97,816	

The Fund's Declaration of Trust, as amended, authorizes the issuance of an unlimited number of shares of \$0.001 par value Preferred Shares. Preferred Shares are senior to the common shares and result in the financial leveraging of the common shares. Such leveraging tends to magnify both the risks and opportunities to common shareholders. Dividends on the Series A and Series B Preferred are cumulative and the liquidation value is \$50 per share. The Fund is required by the 1940 Act and by the Fund's Statement of Preferences to meet certain asset coverage tests with respect to the Preferred Shares. If the Fund fails to meet these requirements and does not correct such failure, the Fund may be required to redeem, in part or in full, the Series A and Series B Preferred Shares at the redemption price of \$50 per share plus an amount equal to the accumulated and

unpaid dividends whether or not declared on such shares in order to meet these requirements. Additionally, failure to meet the foregoing asset coverage requirements could restrict the Fund's ability to pay dividends to common shareholders and could lead to sales of portfolio securities at inopportune times. The income received on the Fund's assets may vary in a manner unrelated to the fixed and variable rates, which could have either a beneficial or detrimental impact on net investment income and gains available to common shareholders.

As of June 30, 2025, the Fund had an effective shelf registration authorizing the issuance of \$150 million in common or preferred shares.

The Series A Preferred has an annual dividend rate of 3.80%. The Fund may redeem at any time all or any part of the Series A Preferred at the liquidation value plus accumulated and unpaid dividends. During the six months ended June 30, 2025 the Fund did not repurchase and retire any Series A Preferred, and during the year ended December 2024, the Fund repurchased and retired 2,035 of the Series A Preferred Shares in the open market at an investment of \$87,487 and at an average discount of approximately 14.04% from its liquidation preference.

On December 11, 2023, the Board approved June 26, 2024 as an additional put date for the Series B Preferred, and on March 16, 2025 the Board approved December 26, 2025, June 26, 2026, December 26, 2026, and June 26, 2027 as additional put dates for the Series B Preferred. Each Series B Preferred shareholder had the right to put their shares to the Fund in each of the 60-day periods ending December 26, 2025, June 26, 2026, December 26, 2026, and June 26, 2027, after which the Series B preferred becomes perpetual. After proper notification is given, the Series B preferred shares are callable at the liquidation value of \$50 per share plus accrued dividends.

On December 26, 2021, the Fund redeemed and retired 51,968 shares of Series B Preferred that were properly submitted for redemption during the 30-day period prior to December 26, 2021 at their liquidation value of \$50 per share plus any accumulated and unpaid dividends. On January 8, 2022, the fund repurchased 1,048 shares of Series B Preferred at their liquidation preference of \$50 per share.

On December 26, 2023, the Fund redeemed and retired 460,602 shares of Series B preferred that were properly submitted for redemption during the 60-day period ending on December 26, 2023 at their liquidation value of \$50 per share plus any accumulated or unpaid dividends.

On June 26, 2024, the Fund redeemed and retired 119,802 shares of Series B preferred that were properly submitted for redemption during the 60-day period ending on June 26, 2024 at their liquidation value of \$50 per share plus any accumulated or unpaid dividends.

On December 26, 2024, the Fund redeemed and retired 119,595 shares of Series B preferred that were properly submitted for redemption during the 60-day period ending on December 26, 2024 at their liquidation value of \$50 per share plus any accumulated or unpaid dividends.

On June 26, 2025, the Fund redeemed and retired 4,839 shares of Series B preferred that were properly submitted for redemption during the 60-day period ending on June 26, 2025 at their liquidation value of \$50 per share plus any accumulated or unpaid dividends.

The following table summarizes Cumulative Preferred Stock information:

			Number of Shares			Dividend	Accrued
			Outstanding at	Net	2025 Dividend	Rate at	Dividends at
Series	Issue Date	Authorized	6/30/2025	 Proceeds	Rate Range	6/30/2025	 6/30/2025
A 3.800%	April 11, 2013	1,200,000	18,314	\$ 70,286,465	Fixed Rate	3.800%	\$ 387
B 5.200%	December 19, 2018	1,370,433	500,175	81,988,557	Fixed Rate	5.200%	\$ 14,450

The holders of Preferred Shares generally are entitled to one vote per share held on each matter submitted to a vote of stockholders of the Fund and will vote together with holders of common stock as a single class. The holders of Preferred Shares voting together as a single class also have the right currently to elect two Trustees and, under certain circumstances, are entitled to elect a majority of the Board of Trustees. In addition, the affirmative vote of a majority of the votes entitled to be cast by holders of all outstanding shares of the preferred shares, voting as a single class, will be required to approve any plan of reorganization adversely affecting the preferred stock, and the approval of two-thirds of each class, voting separately, of the Fund's outstanding voting stock must approve the conversion of the Fund from a closed-end to an open-end investment company. The approval of a majority (as defined in the 1940 Act) of the outstanding preferred shares and a majority (as defined in the 1940 Act) of the Fund's outstanding voting securities are required to approve certain other actions, including changes in the Fund's investment objectives or fundamental investment policies.

- **8. Industry Concentration.** Because the Fund primarily invests in common stocks and other securities of foreign and domestic companies in the utility industry, its portfolio may be subject to greater risk and market fluctuations than a portfolio of securities representing a broad range of investments.
- 9. Indemnifications. The Fund enters into contracts that contain a variety of indemnifications. The Fund's maximum exposure under these arrangements is unknown. However, the Fund has not had prior claims or losses pursuant to these contracts. Management has reviewed the Fund's existing contracts and expects the risk of loss to be remote.
- 10. Segment Reporting. The Fund's Principal Executive Officer and Principal Financial Officer act as the Fund's chief operating decision maker (CODM), as defined in Topic 280, assessing performance and making decisions about resource allocation. The CODM has determined that the Fund has a single operating segment based on the fact that the CODM monitors the operating results of the Fund as a whole and the Fund's long-term strategic asset allocation is guided by the Fund's investment objective and principal investment strategies, and executed by the Fund's portfolio management team, comprised of investment professionals employed by the Adviser. The financial information provided to and reviewed by the CODM is consistent with that presented in the Fund's Schedule of Investments, Statements of Operations and Changes in Net Assets and Financial Highlights.
- 11. Subsequent Events. Management has evaluated the impact on the Fund of all subsequent events occurring through the date the financial statements were issued and has determined that there were no other subsequent events requiring recognition or disclosure in the financial statements.

Certifications

The Fund's Chief Executive Officer has certified to the New York Stock Exchange (NYSE) that, as of May 19, 2025, he was not aware of any violation by the Fund of applicable NYSE corporate governance listing standards. The Fund reports to the SEC on Form N-CSR which contains certifications by the Fund's principal executive officer and principal financial officer that relate to the Fund's disclosure in such reports and that are required by Rule 30a-2(a) under the 1940 Act.

Shareholder Meeting - May 12, 2025 - Final Results

The Fund's Annual Meeting of Shareholders was held on May 12, 2025. At that meeting, common and preferred shareholders, voting together as a single class, re-elected Vincent D. Enright and Michael J. Melarkey as Trustees of the Fund, with a total 5,184,136 votes and 5,181,476 votes cast in favor of these Trustees, and a total of 72,761 votes and 75,421 votes withheld for these Trustees, respectively, and elected Eileen Cheigh Nakamura as a Trustee of the Fund, with 5,169,995 votes cast for this Trustee and 86,902 votes withheld for this Trustee.

Calgary Avansino, James P. Conn, Leslie F. Foley, Nicolas W. Platt, Salvatore M. Salibello, and Salvatore J. Zizza continue to serve in their capacities as Trustees of the Fund.

We thank you for your participation and appreciate your continued support.

Portfolio Management Team Biographies

Mario J. Gabelli, CFA, is Chairman, Chief Executive Officer, and Chief Investment Officer - Value Portfolios of GAMCO Investors, Inc. that he founded in 1977, and Chief Investment Officer - Value Portfolios of Gabelli Funds, LLC and GAMCO Asset Management, Inc. He is also Executive Chairman of Associated Capital Group, Inc. Mr. Gabelli is a summa cum laude graduate of Fordham University and holds an MBA degree from Columbia Business School and Honorary Doctorates from Fordham University and Roger Williams University.

Timothy M. Winter, CFA, joined Gabelli in 2009 and covers the utility industry. He has over 25 years of experience as an equity research analyst covering the industry. Currently, he continues to specialize in the utility industry and also serves as a portfolio manager of Gabelli Funds, LLC. Mr. Winter received his BA in Economics from Rollins College and an MBA degree in Finance from the University of Notre Dame.

Hendi Susanto joined Gabelli in 2007 as the lead technology research analyst. He spent his early career in supply chain management consulting and operations in the technology industry. He currently is a portfolio manager of Gabelli Funds, LLC and a Vice President of Associated Capital Group, Inc. Mr. Susanto received a BS degree summa cum laude from the University of Minnesota, an MS from Massachusetts Institute of Technology, and an MBA degree from the Wharton School of Business.

The Net Asset Value per share appears in the Publicly Traded Funds column, under the heading "Specialized Equity Funds," in Monday's The Wall Street Journal. It is also listed in Barron's Mutual Funds/Closed End Funds section under the heading "Specialized Equity Funds."

The Net Asset Value per share may be obtained each day by calling (914) 921-5070 or visiting www.gabelli.com.

The NASDAQ symbol for the Net Asset Value is "XGLUX."

Notice is hereby given in accordance with Section 23(c) of the Investment Company Act of 1940, as amended, that the Fund may from time to time purchase its common shares in the open market when the Fund's shares are trading at a discount of 10% or more from the net asset value of the shares. The Fund may also, from time to time, purchase its preferred shares in the open market when the preferred shares are trading at a discount to the liquidation value.

Item 11. Statement Regarding Basis for Approval of Investment Advisory Contract.

At its meeting on February 13, 2025, the Board of Trustees (Board) of the Fund approved the continuation of the investment advisory agreement with the Adviser for the Fund on the basis of the recommendation by the trustees who are not interested persons of the Fund (the Independent Board Members). The following paragraphs summarize the material information and factors considered by the Independent Board Members as well as their conclusions relative to such factors.

Nature, Extent and Quality of Services. The Independent Board Members considered information regarding the portfolio managers, the depth of the analyst pool available to the Adviser and the portfolio managers, the scope of supervisory, administrative, shareholder and other services supervised or provided by the Adviser and the absence of significant service problems reported to the Board. The Independent Board Members noted the experience, length of service and reputation of the portfolio managers.

Investment Performance. The Independent Board Members reviewed the performance of the Fund for the one-, three-, five-, and ten-year periods ended December 31, 2024 against a peer group of ten other utility and infrastructure funds selected by the Adviser (the "Adviser Peer Group"). The Independent Board Members noted that the Fund's performance was in the third quartile for the one-year period, and the fourth quartile three-, five- and ten-year periods for the Adviser Peer Group. The Independent Board Members also noted, based on the Fund's unique strategy, the difficulties associated with identifying peer group funds for comparison purposes. In this regard the Independent Board Members considered the Fund's comparative performance, on both an NAV and market price basis, against its benchmarks as set forth in the Fund's 2024 annual report and discussed earlier in the Meeting, and considered the long-term performance of the Fund relative to the S&P 500 Utilities Index, Lipper Utility Fund Average and S&P Global 1200 Utilities Index. The Board noted that the Finally, the Independent Board Members discussed specific factors related to the Fund's investment performance, including the economic factors that have impacted Fund performance, and noted that they had engaged in an extensive discussion with the Adviser on the Fund's investment portfolio and the Fund's absolute returns, as well as the Adviser's outlook on the utilities industry, and its plans and strategies to improve performance.

Profitability. The Independent Board Members reviewed summary data regarding the profitability of the Fund to the Adviser both with an administrative overhead charge and without such charge. The Board also reviewed materials showing that a portion of the Fund's portfolio transactions was executed by the Adviser's affiliated broker, resulting in incremental profits to the broker.

Economies of Scale. The Independent Board Members considered the major elements of the Adviser's cost structure and the relationship of those elements to potential economies of scale. The Independent Board Members noted that the Fund was a closed-end fund and unlikely to realize any economies of scale potentially available through growth in the absence of additional offerings.

Sharing of Economies of Scale. The Independent Board Members noted that the investment advisory fee schedule for the Fund does not take into account any potential economies of scale that may develop.

Service and Cost Comparisons. The Independent Board Members compared the expense ratios of the investment advisory fee, other expenses, and total expenses of the Fund to similar expense ratios of the Adviser Peer Group and noted that the advisory fee includes substantially all administrative services of the Fund as well as investment advisory services of the Adviser. The Independent Board Members noted that the Fund's effective management fee was lower than the Adviser Peer Group average. The Independent Board Members noted that the Fund had the lowest effective management fee rate among the closed-end funds in the Adviser Peer Group. The Independent Board Members all noted that the Fund's total expense ratio was above average for the Adviser Peer Group, but that the Fund's size was below average within the Adviser Peer Group. The Independent Board Members were presented with information comparing the advisory fee to the fee for other types of accounts managed by the Adviser. The Independent Board Members noted that within each group, the Fund's investment management fee was below average.

Conclusions. The Independent Board Members concluded that the Fund enjoyed highly experienced portfolio advisory services, good ancillary services and an acceptable performance record within its relatively conservative stance. The Independent Board Members also concluded that the Fund's expense ratios were acceptable in light of the Fund's size, and that, in part due to the Fund's structure as a closed-end fund, economies of scale were not a significant factor in their thinking. The Independent Board Members did not view the potential profitability of ancillary services as material to their decision. On the basis of the foregoing and without assigning particular weight to any single conclusion, the Independent Board Members determined to recommend continuation of the Advisory Agreement to the full Board.

Based on a consideration of all these factors in their totality, the Board Members, including all of the Independent Board Members, determined that the Fund's advisory fee was appropriate in light of the quality of services provided and in light of the other factors described above that the Board deemed relevant. Accordingly, the Board Members determined to approve the continuation of the Fund's Advisory Agreement. The Board Members based their decision on evaluations of all these factors as a whole and did not consider any one factor as all-important or controlling.

Item 12. Disclosure of Proxy Voting Policies and Procedures for Closed-End Management Investment Companies.

Not applicable.

Item 13. Portfolio Managers of Closed-End Management Investment Companies.

There has been no change, as of the date of this filing, in any of the portfolio managers identified in response to paragraph (a)(1) of this Item in the registrant's most recently filed annual report on Form N-CSR.

Item 14. Purchases of Equity Securities by Closed-End Management Investment Company and Affiliated Purchasers.

(a) Provide the information specified in the table with respect to any purchase made by or on behalf of the registrant or any "affiliated purchaser" as defined in Rule 10b-18(a)(3) under the Exchange Act (17CFR 240-10b-18(a)(3)), of shares or other units of any class of the registrant's equity securities that is registered by the registrant pursuant to Section 12 of the Exchange Act (15 U.S.C. 781).

Footnote columns (c) and (d) of the table, by disclosing the following information in the aggregate for all plans or programs publicly announced:

- a. The date each plan or program was announced The notice of the potential repurchase of common and preferred shares occurs semiannually in the Fund's shareholder reports in accordance with Section 23(c) of the Investment Company Act of 1940, as amended.
- b. The dollar amount (or share or unit amount) approved Any or all common shares outstanding may be repurchased when the Fund's common shares are trading at a discount of 10% or more from the net asset value of the shares. Any or all preferred shares outstanding may be repurchased when the Fund's preferred shares are trading at a discount to the liquidation value.
- c. The expiration date (if any) of each plan or program The Fund's repurchase plans are ongoing.
- d. Each plan or program that has expired during the period covered by the table The Fund's repurchase plans are ongoing.
- e. Each plan or program the registrant has determined to terminate prior to expiration, or under which the registrant does not intend to make further purchases. The Fund's repurchase plans are ongoing.

Item 15. Submission of Matters to a Vote of Security Holders.

There have been no material changes to the procedures by which the shareholders may recommend nominees to the registrant's board of directors, where those changes were implemented after the registrant last provided disclosure in response to the requirements of Item 407(c)(2)(iv) of Regulation S-K (17 CFR 229.407) (as required by Item 22(b)(15) of Schedule 14A (17 CFR 240.14a-101)), or this Item.

Item 16. Controls and Procedures.

- (a) The registrant's principal executive and principal financial officers, or persons performing similar functions, have concluded that the registrant's disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940, as amended (the "1940 Act") (17 CFR 270.30a-3(c))) are effective, as of a date within 90 days of the filing date of the report that includes the disclosure required by this paragraph, based on their evaluation of these controls and procedures required by Rule 30a-3(b) under the 1940 Act (17 CFR 270.30a-3(b)) and Rules 13a-15(b) or 15d-15(b) under the Securities Exchange Act of 1934, as amended (17 CFR 240.13a-15(b) or 240.15d-15(b)).
- (b) There were no changes in the registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the 1940 Act (17 CFR 270.30a-3(d))) that occurred during the period covered by this report that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting.

Item 17. Disclosure of Securities Lending Activities for Closed-End Management Investment Companies.

- (a) If the registrant is a closed-end management investment company, provide the following dollar amounts of income and fees/compensation related to the securities lending activities of the registrant during its most recent fiscal year:
 - (1) Gross income from securities lending activities; \$0
 - (2) All fees and/or compensation for each of the following securities lending activities and related services: any share of revenue generated by the securities lending program paid to the securities lending agent(s) ("revenue split"); fees paid for cash collateral management services (including fees deducted from a pooled cash collateral reinvestment vehicle) that are not included in the revenue split; administrative fees that are not included in the revenue split; rebates paid to borrowers; and any other fees relating to the securities lending program that are not included in the revenue split, including a description of those other fees; \$0
 - (3) The aggregate fees/compensation disclosed pursuant to paragraph (2); \$0 and
 - (4) Net income from securities lending activities (i.e., the dollar amount in paragraph (1) minus the dollar amount in paragraph (3)). \$0
- (b) If the registrant is a closed-end management investment company, describe the services provided to the registrant by the securities lending agent in the registrant's most recent fiscal year. N/A

Item 18. Recovery of Erroneously Awarded Compensation.

Not Applicable.

Item 19. Exhibits.

(a)(1)	Not applicable.
(a)(2)	Not applicable.
(a)(3)	Certifications pursuant to Rule 30a-2(a) under the 1940 Act and Section 302 of the Sarbanes-Oxley Act of 2002 are attached hereto.
(a)(4)	There were no written solicitations to purchase securities under Rule 23c-1 under the Act sent or given during the period covered by the report by or on behalf of the Registrant to 10 or more persons.
(a)(5)	There was no change in the Registrant's independent public accountant during the period covered by the report.
(b)	Certifications pursuant to Rule 30a-2(b) under the 1940 Act and Section 906 of the Sarbanes-Oxley Act of 2002 are attached hereto.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934 and the Investment Company Act of 1940, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.

Certification Pursuant to Rule 30a-2(a) under the 1940 Act and Section 302 of the Sarbanes-Oxley Act

I, John C. Ball, certify that:

- 1. I have reviewed this report on Form N-CSR of The Gabelli Global Utility & Income Trust;
- 2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
- 3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations, changes in net assets, and cash flows (if the financial statements are required to include a statement of cash flows) of the registrant as of, and for, the periods presented in this report;
- 4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940) and internal control over financial reporting (as defined in Rule 30a-3(d) under the Investment Company Act of 1940) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of a date within 90 days prior to the filing date of this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the period covered by this report that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
- 5. The registrant's other certifying officer(s) and I have disclosed to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize, and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
